## Developing Shared Values and Guiding Principles

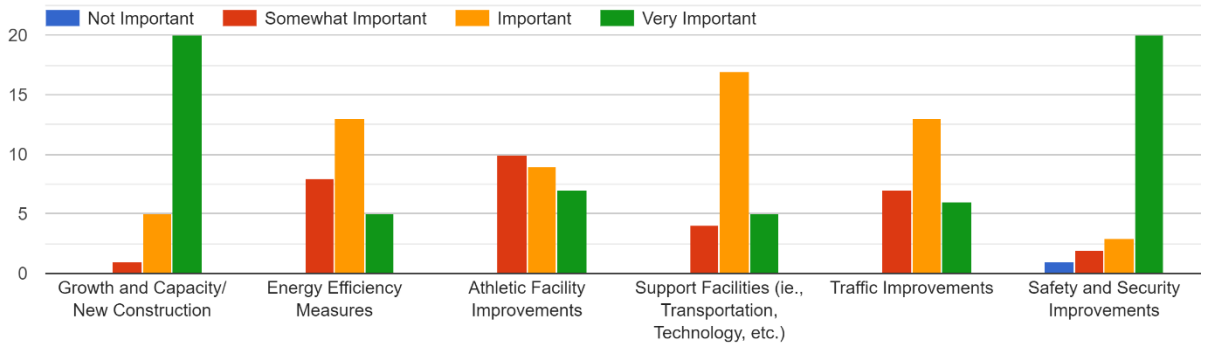

### *Consider and discuss items 1 - 4:*

**1. CFAC member's three words describing a successful outcome**

- All Students Thriving
- Aquatics
- Ask Hard Questions
- Beautiful
- Best For Kids
- Building
- Community
- Compassionate
- Connected
- Effective (X2)
- Efficiency (X2)
- Efficient
- Facilities
- Functional (2)
- Future (X2)
- Growth (X2)
- Housing
- Investment
- Joy
- Known
- Knowledge (X2)
- Learning
- Realistic
- Responsive (X2)
- Safe (X2)
- Safe Learning Environment
- Safety
- Service
- Strong
- Supported
- Sustainability
- Value (x2)
- Valued
- Water Safety
- Well-Reasoned Plan

**2. CFAC member's initial survey responses (26 responses)**

When considering facility planning for the Sumner-Bonney Lake School District, how important are the following:

**3. Share responses to emailed questions**

A. What are the most important values your fellow community members would want you to apply during your work as a committee member?

a. _____

b. _____

c. _____

B. What facility needs and/or what suggestions did you hear about the district's facilities?

C. What did you hear is the highest priority to address in the new capital facilities plan?

**4. Sample Values From A Different Facilities Task Force**

The Task Force agreed on the following shared values:

- Support families and the community without putting undue burden on them
- Be effective, efficient and good long-term stewards of money, space and resources to achieve the best educational outcomes for students
- Provide equity, i.e., appropriate facilities, for all students across the district
- Provide a safe school environment
- Provide flexible facilities that support innovation

***Given all this input, as a small group, do the following:***

**A. Decide on the top five values to include in your guiding principles.**

1. _____

2.

3.

4.

5.

**B. If time allows, begin to draft values statements**
