

# Holden School District

---

AT RISK REPORT – JUNE  
2023

# Board Policy IGBD

Original Adoption- 7/19/1999 Last Revised- 5/14/2018

---

\* In accordance with law, the principal or designee will identify all current ninth-grade students and all students who transfer to the district after ninth grade who are at risk of not being ready for college-level work or entry-level career positions. The identification will be made based on the following information, in addition to other information the principal considers relevant:

- The student's performance on the Missouri Assessment Program (MAP) test in eighth grade in English language arts and mathematics. The district may also consider the results of other assessments in English language arts and mathematics. If the student transferred from another state or country, the district will consider the student's performance on comparable assessments taken in the other state or country.
- The number of district students taking remedial courses at the college level as reported by the Department of Higher Education and Workforce Development.
- The student's attendance rate.
- The number of credits the student has earned toward graduation at the end of the first semester of high school and at the end of the student's first year of high school.
- Student behavior and discipline.

Once a student is identified as at risk, the district will provide appropriate academic and career counseling to attempt to provide the student with opportunities to graduate on time and college- or career-ready.

## **Other Programs**

The superintendent or designee is authorized to create and implement other programs designed to assist students of any grade level who appear to be at risk of dropping out of school or failing to graduate from high school college- or career-ready.

# Is there a procedure for identifying at-risk students?

---

Students are identified primarily by looking at benchmark assessments, classroom assessments, discipline, and attendance

Counselors at each building meet with students who are identified as at-risk to determine how the district can meet the needs of each student

Teachers can also identify students and then work with counselors and building principals to create plans that ensure students are moving toward success

# At-risk numbers

---

- \* During the 2022-2023 school year, the elementary school identified 19% as at-risk
- \* During the 2022-2023 school year, the middle school identified 22% as at-risk
- \* During the 2022-2023 school year, the high school identified 16% as at-risk

# What programs are available for serving at-risk students?

---

- \* Each building has a tiered system of intervention that provides instruction on academic skill deficits
- \* Students in grades 6-12 who are missing credits are offered credit/academic recovery opportunities
- \* Tutoring is available for eligible students
- \* Students who needed additional support with college readiness are provided transportation for college visits as well as assistance with the FASFA

# What programs are available for serving at-risk students?

---

- \* Counseling teams (2 counselors at each building) are available for students as needed for emotional supports and academic planning
- \* The district partners with Country Crossroads to provide mental health support for students during the school day
- \* The district offers free mental health counseling to eligible students
- \* Students in grades 6-12 participate in Signs of Suicide training
- \* Students in grades 6-12 participate in child abuse prevention programs

# What programs are available for serving at-risk students?

---

- \* Small groups are offered in each building
- \* Advisory groups at the middle school provided new activities to promote connectivity and belongingness
- \* Volunteer opportunities are provided for at-risk students to help with tasks such watering plants, emptying recycling, filling snack bags, helping organize supplies, and similar activities
- \* Career Day is provided to students in every building
- \* District social worker acts as liaison to connect families with resources

# What programs are available for serving at-risk students?

---

- \* The Eagle Pantries and Eagle Shop help provide additional support within the schools for food and clothing
- \* Bright Futures has site councils at each building to help identify needs; the hub is maintained to meet basic clothing and hygiene needs for our students
- \* Elementary students who qualify for free or reduced lunch are provided food to be taken home each Friday through the Harvesters BackSnack program
- \* Middle and high school students are offered weekly take-home food bags on Fridays through the Snacks To Go program

# What programs are available for serving at-risk students?

---

- \* All students received access to a free afternoon snack each day during the 2022-2023 school year
- \* Eligible students/families from our community are adopted for the holidays/referred to similar community programs
- \* Bright Futures coordinator is “on call” after hours and on breaks to help meet the needs of students and their families
- \* Winter coat distribution is held in the fall, and gloves/hats are available at each building office
- \* Bright Futures grocery bags are offered several times each year
- \* A family resource fair is held in August at the Back to School Night
- \* Basic school supplies were provided to students in grades PK-8 this year

# Data

---

- \* 16 students participated in our school-based therapy program through Country Crossroads, and there were 229 total sessions
- \* 14 middle school students required follow up after Signs of Suicide training
- \* 17 high school students required follow up after Signs of Suicide training
- \* 3 middle school students required follow up after the child abuse prevention education
- \* 4 high school students required follow-up after the child abuse prevention education

# Data

---

- \* 5 middle school students participated in academic recovery
- \* At the high school, there were 94 course enrollments in credit recovery
- \* 51 families were assisted through our holiday Adopt-a Family program or were referred for a similar community program
- \* 402 Snacks-To-Go bags were distributed this year (an approx 3% increase)
- \* Over 1,350 Back Snacks were been distributed this year (an approx. 25% increase)
- \* 80 Bright Futures Food Bags have been distributed this year (an approx. 25% increase)

# Additional information

---

\* During the 2022-2023 school year, the district provided services to approximately

- 7 ELL students
- 99 students identified as homeless
- 0 children of migrant workers
- 12 children in foster care
