

SAFETY REPORT

May 9, 2022

1. We will be providing a facility for local Troop A Highway Patrol Active Shooter Training. This onsite training will be provided to approximately 120 Highway Patrol Officers over several training days throughout the summer months.

2. Stacy Menhusen from SWC of Kansas City (Formerly *All Systems*) will be here to discuss upcoming potential bond projects related to safety and control systems.
 - Security Camera System
 - Door Access System
 - Vaping Detection System
 - Integration of all security, communication, and control systems – systems mentioned above, fire and burglar detection systems, HVAC controls, lighting controls, phone systems, intercom systems.
