

SAFETY REPORT

May 10, 2021

1. A safety audit will be completed throughout the district prior to the next school year. This will be partially funded by a grant through MSBA's Center for Education Safety. Strategos International will be performing the audit. Some of the items reviewed include:
 - Perimeter and interior access control
 - Mail, packages and delivery systems
 - Traffic and barrier planning
 - Parking
 - CCTV surveillance
 - Intrusion detection (after hours or real-time notification)
 - Public address/intercom system review
 - Response capabilities (Security and Employees)
2. We will be hosting A.L.I.C.E. (Alert, Lockdown, Inform, Counter, Evacuate) training this summer. A.L.I.C.E. is our unauthorized entry (intruder) protocols. The training is sponsored by All Systems, the company which installed our new intercom and bell systems. Because we are hosting the training, we will have two free enrollments for our staff.
3. Safety updates funded by our bond issue will be reviewed.
4. Future safety planning will include updates to our surveillance camera systems and door access improvements.
