Dear Parent/Guardian,

The Keefe Regional Technical High School is the recipient of Title 1 funding from the United States Department of Education.

Upon request, the school will provide information relative to the teaching credentials of any professional staff member. **This process is in compliance with the Parents Right-to-Know component of the federal legislation**

This process is confined to the following categories:

1. *Whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas for which the teacher provides instruction.*
2. *Whether the teacher is teaching under emergency or other provisional status through which state qualifications or licensing have been waived.*
3. *The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher including the field of discipline of the certification or degree.*

School-Parent Compact

The United States Department of Education fully realizes that a child's education is a shared responsibility of the school and home. In compliance with that section of the law we have developed a school-parent compact that categorizes the responsibilities of both parties.

Sincerely,

Shannon Snow
Principal
