Understanding BOCES

Boards of Cooperative Educational Services (BOCES) were created statewide to support and supplement local school districts. Each BOCES offers services that a single district could not provide as efficiently and economically on its own. Component school districts pay only for the services they elect to purchase, as well as a proportionate share of their BOCES Administrative Budget.

BOCES Governance

Eastern Suffolk BOCES is governed by a 15-member board elected by the boards of education of our component school districts. Board members serve for three-year terms which are staggered so that five seats open each year. An ESBOCES board member must reside within the boundaries of a component school district, need not be a member of a school board, and may not be an employee of a component school district.

The board is the official policy-making body of ESBOCES.

ESBOCES board members, like all school board members in New York State, serve on a volunteer basis and receive no pay for their services.

BOCES Funding

School districts that elect to utilize Eastern Suffolk BOCES programs or services are charged for those services. Each of the 51 component school districts pays an administrative charge to fund a share of the ESBOCES administrative costs.

Although ESBOCES does not receive State Aid, school districts that use ESBOCES services may receive aid for those services. BOCES Aid paid to component school districts typically generates a reimbursement rate of between 18% to 66% of the costs of ESBOCES services and programs used by the individual school districts. The costs of some ESBOCES services, such as special education and transportation, are partially reimbursed to individual school districts based on other specific aid formulas.
