The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Sinsheimer Elementary School

School Description and Mission Statement

Sinsheimer Elementary School is located on the beautiful Central Coast of California. Situated within the city limits of San Luis Obispo, our school is in a residential neighborhood adjacent to a park. Sinsheimer enjoys a history of excellence in education and was honored as a California Distinguished School in 2006 and 2012. This is the result of clear and focused goals that create and maintain a supportive learning environment. All students are provided the opportunity to grow and achieve academically, socially, and emotionally.

Our Mission Statement is:

"Our Sinsheimer community is committed to providing a caring, connected environment where all students are empowered to develop independence and compassion through learning that inspires."

Our motto is: "Bee Awesome, Bee Kind, Bee YOU!"

We foster high personal standards, accountability, and a climate that values independence. The staff, parents, and students share a common vision that academic success is based on strong parental involvement.

Opportunities for Parental Involvement

Parental involvement is a key element in the success of Sinsheimer Elementary School. We have an engaged school community where parents walk their children to school and turn out in large numbers for events. Parent volunteers are utilized in the classroom, library, and playground settings. A strong PTA enriches and enhances the school program by providing funding for assemblies, field trips, cultural arts programs, supplemental materials, and equipment for classrooms. Social activities, such as the carnival, walk-a-thon, auction, and movie nights are designed to enhance community participation in our school. Parent education is conducted through offerings by the school principal, staff, community members, and the school newsletter. The focus of parental involvement and education is to foster healthy children who will grow up to be successful, competent, and caring adults. For further information regarding opportunities for parental involvement, please contact Jessica Miller, Principal, at 805-596-4088.

II. School Climate

School Safety Plan

Planning for safety is a major concern for all schools. Sinsheimer prides itself in maintaining a safe school community that promotes high standards for behavior, as well as the social and emotional health of our students and families. Because safety is both an internal as well as external concern, our school's safety plan encompasses emergency procedures such as a nuclear plan, procedures for earthquake, fire preparedness, and intruders on campus. Included are all emergency phone numbers and phone trees. Maps such as gas and water shut-offs, exit routes, and safe routes to school are located in the document. In addition, crisis management and district policies and procedures are included along with crime reports and healthy school's information. Annually, all parents receive a handbook which explains the school rules and expectations for student conduct. Sinsheimer teachers have an emergency manual explaining safety procedures that is updated each year. The safety plan is a comprehensive document that covers major safety issues and concerns specific to Sinsheimer School. It is reviewed each year and approved by the School Site Council. The School Safety Plan was last updated and reviewed with staff in the fall of 2022.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <https://www.slcsd.org/departments/bgt/facility-planning>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Year and month of the most recent FIT report: 11/2/22

The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

California Assessment of Student Performance and Progress Results for All Students (School Year 21-22)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2020-21	2021-22	2020-21	2021-22	2020-21	2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	67	N/A	64	N/A	47
Mathematics (grades 3-8 and 11)	N/A	67	N/A	56	N/A	33

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Assessment Results – English Language Arts (ELA)

Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 21-22)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	224	220	98	67.27
Male	115	112	97	63.40
Female	109	108	99	71.30
Asian	12	12	100	75
Hispanic or Latino	39	39	100	53.85
White	151	148	98	71.62
Two or More Races	13	13	100	61.54
Socioeconomically Disadvantaged	71	69	97	47.83
English Learners	10	10	100	--
Students with Disabilities	36	33	92	45.45

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Assessment Results – Mathematics
