

Grade 5 Intro to Band - Unit 3 - Performing as an Ensemble

Unit Focus

In Unit 3, students are engaged in learning concert repertoire that further develops their technical skills, note reading, and rhythm counting. Our young musicians begin playing together as an ensemble, with varied parts playing together. Through this group experience, they learn conductor cues, rehearsal strategies, and how to develop balance and blend as a member of an ensemble. An important benchmark is observed at the end of the unit when students are challenged to apply what they have learned in a formal concert setting
