

Course Title: American History 10

Topic/Concept: Chapter 14 “The Western Crossroads”

Time Allotment: 10 days

Unit Sequence: 1

Major Concepts to be learned:

1. Reservation System for the Native Americans Land Acts (Homesteaders)
2. Cattle Industry of the Great Plains
3. Mining Boom of the Far West
4. Farming the Great Plains

Expected Skills to be demonstrated:

1. Analyze why the United States government adopted the reservation system and the consequences it had on the American Indians.
2. Analyze why many farmers moved to the West in the late 1800s and the problems they experienced.
3. List the factors that led to the cattle boom during the 1870s and 1880s.
4. Locate and analyze the mining booms and the effect it had on US expansion.
5. Describe farming on the Great Plains and how the settlers had to adapt to the environment.

PA Standards/Anchors:

Eligible Content:

8.1.9 A, B, C, D 8.3.9 A, B, C	<ul style="list-style-type: none">• Native Americans were treated unfairly by the United States government. Land was taken away for the Native Americans to live on reservations and the government tried to “Americanize” them.• As land was taken away from Native Americans, U.S. settlers began moving on to the land• One industry that profited on the Great Plains was the Cattle industry.• Americans also moved to the Far West as gold and Silver was discovered. One of the hardest ways to make a living was Farming on the Great Plains.• Settlers had to adapt to their environment through many ways.

Course Title: American History 10

Topic/Concept: Chapter 15 "The Transformation of America"

Time Allotment: 11 days

Unit Sequence: 2

Major Concepts to be learned:

1. Second Industrial Revolution
2. New technology and energy resources
3. Big business methods
4. New immigration
5. Urban life
6. Reform efforts

Expected Skills to be demonstrated:

1. Identify the roles that steel, railroads, and new innovations in communication played in the 2nd Industrial Revolution.
2. Analyze the impact of new energy resources had on American society.
3. Explain how businesses increased their profits in the late 19th century.
4. Describe how immigration changed in the late 1800s.
5. Analyze how American cities changed in the late 1800s.
6. Identify the aims of the settlement houses and the Social Gospel Movement had on urban reform efforts.

PA Standards/Anchors:

Eligible Content:

8.1.9 8.2.9 8.3.9	<ul style="list-style-type: none">• In the late 1800s, the United States experienced a surge of industrial growth spurred by the demand for steel.• Many new technological breakthroughs occurred during the 2nd Industrial Revolution. In addition, new sources of energy emerged to lead the United States into the 20th century.• A "New Industrial Order" was established as a result of the 2nd Industrial Revolution. Men like Andrew Carnegie and John Rockefeller emerged to control big businesses and wealth.• During the same period, millions of immigrants, fleeing poverty or persecution at home, sought a better life in America.• Because of Industrialization and immigration, American cities grew into large metropolitan areas.• Jane Addams began a reform movement to end many of the problems associated with the cities.

Course Title: American History 10

Topic/Concept: Chapter 16 "Politics and Protest"

Time Allotment: 10 days

Unit Sequence: 3

Major Concepts to be learned:

1. Political Corruption
2. Civil Service Act
3. Labor Union Movement
4. Labor Disputes
5. Populist Movement

Expected Skills to be demonstrated:

1. Analyze how political machines ran cities and government using bribes and other means to gain power.
2. Describe what was accomplished through the Pendleton Civil Service Act.
3. Identify factors which led to early labor unions and accomplishments.
4. Explain how the government responded to labor disputes in the 1890s.
5. Explain what the Grange movement and the Populist Party hoped to achieve.

PA Standards/Anchors:

Eligible Content:

8.1.12 A, B, C, D 8.3.9 C 8.3.12 A	<ul style="list-style-type: none">• During the later part of the 1800s, cities and government were run by political machines (bosses). These people used bribes and corruption to run the cities. In addition, there were also many scandals and bad business in the government.• Many critics of the corruption called for reform measures. In the 1883, President Arthur signed into law the Pendleton Civil Service Act which called for merit to gain jobs.• As conditions worsened in the factories owned by big business leaders, workers began to demand changes. They knew they could not do it alone, so national unions were formed like the Knights of Labor and the American Federation of Labor unions.• As union's gained membership, many labor disputes occurred between the unions and factory owners. Some important ones were the Haymarket Riots, Homestead Strike, and the Pullman Strike.• Farmers also began to organize themselves with the National Grange and through politics by forming the Populist Party.
