

ABOUT EDWARD PORTER FELT

Edward Porter Felt, born November 9, 1959, was a native of Clinton, NY, attended Clinton Central Schools and graduated with the Class of 1977. Mr. Felt attended Colgate University and earned a Master's degree from Cornell University. He lived in New Jersey and was a Computer Engineer and Technology Director at BEA Systems.

On September 11, 2001, Mr. Felt was a passenger on United Flight 93 enroute from Newark, NJ to San Francisco on an impromptu business trip. United Flight 93 was one of four aircraft hijacked by terrorists on that fateful day. Flight 93 was hijacked somewhere over Ohio and appeared to be diverted to attack another target in Washington DC.

The passengers of Flight 93, after learning of the attacks in New York City and Washington DC, banded together and decided to try to overwhelm the hijackers. The heroic actions taken by those passengers, including Edward Porter Felt, prevented a second attack on Washington DC and ended with the aircraft crashing into a peaceful farm field near Shanksville, Pennsylvania killing all aboard.

THE EDWARD PORTER FELT FLIGHT 93 SEPTEMBER 11, 2001 MEMORIAL PROJECT

The mission of this project is to establish and maintain a memorial to honor Edward Porter Felt, a Clinton, NY native, a hero of United Flight 93, and an American Patriot.

WHAT WE ARE PROPOSING

We wish to establish a permanent memorial to Edward Porter Felt on the grounds of Clinton Central School near the Memorial Brick Garden. The memorial will consist of an engraved Dakota Mahogany Granite bench and an informational pedestal. The fund will also be used to maintain the memorial and possibly establish an annual scholarship in the name of Mr. Felt to be awarded to a Clinton Central School student. We would like this to be a broad community effort including businesses, service organizations, students at Clinton Central School, and private citizens. Our goal is to dedicate this memorial on September 11, 2020.
