2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

District Vision:

It is the vision for each student to become a life-long learner and productive citizen, leading a fulfilled life. Included in the vision of the Charter is the drive to enable students to become educated citizens who will be literate, have problem-solving skills, be self-motivated, able to utilize technology, and become socially responsible. Our mission is simple, "We will find a way for ALL students to learn!"

Central Valley Home School (formerly known as, Kingsburg Community Charter Extension) was established to partner with parents who choose to homeschool their children. We believe that education must be REAL to be maximized. REAL means relevant, enriching, and accountable for learning to take place. CVHS' provides credentialed teachers to partner with our parents in the homeschool journey. Master teachers provide assistance in curriculum selection, pacing, research topics, and courses of study, as well as encouragement. We want to give our parents as much support as possible so they can spend their time investing in the education of their children. When a child enrolls with CVHS, their entire family joins us and becomes part of ours.

When you visit our school, you will see that everything about our school has been designed with the intention to allow parents to fully participate in the successful education of their children. We take our task seriously and strive to make education both enriching and engaging.

Lisa Regier, Principal, Central Valley Home School

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Kingsburg Elementary Charter School District holds a Public Hearing quarterly and determines that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual Standards-aligned curriculum, textbooks, and/or instructional materials, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the school are aligned with the California State Content Standards and Frameworks.

Students visit a library on campus that houses thousands of books to further enrich their academic experience. Students at CVHS are also provided a Chromebook in an effort to increase our tech-to-student ratio to 1:1.

Computer skills and concepts integrated throughout the standard curriculum prepare students for technological growth and opportunities. In addition, we offer online learning opportunities for our students using companies such as Edgenuity, Google, Raz Kids, Reading A-Z, IXL, and other educational programs.

School Facility Conditions and Planned Improvements

Central Valley Home School was originally constructed in 1994. The Central Valley Home School campus is currently comprised of two classrooms, a library, a staff PLC workroom, and teacher work cubicles.

Cleaning Process: The principal works with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District Office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner.

A work order process is used to ensure efficient service and the highest priority are given to emergency repairs.

The District participates in the State School Deferred Maintenance Program, which provides State-matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	36	N/A	49	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Central Valley Home School. Upon enrolling the student the parent agrees to meet with a credentialed teacher a minimum of every 20 school days. In addition to this meeting, we also check in daily as a way to keep the communication flowing. These meetings are held to discuss student progress, review work samples, and serve as an opportunity for the parent to gain any support regarding academics they need. Parents not only serve as their student's primary educators but also volunteer in fundraisers and teach enrichment classes. We also have parent representatives on our School Site Council as well.

Parents who wish to participate in Central Valley Home School's leadership teams, school committees, and school activities, or become a volunteer may contact Principal Lisa Regier at the main office at (559) 897-6740.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	1.31	2.45
Expulsions	0.00	0.09	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Central Valley Home School provides a safe, clean, and welcoming environment for students, staff, and volunteers. The safety of students and staff is a primary concern of Central Valley Home School. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. At the beginning of the year, the District Leadership team meets to review safety issues. Key elements of the safety plan include identifying the level of threat, protective options, staff initial action/ response, incident coordinator, and identification of an incident management team.

Students are supervised throughout the day by parents and teachers. Visitors are required to sign in at the office and receive identification badges that must be displayed at all times. Kingsburg Elementary Charter School District encourages volunteers in the classroom, field trips, and special projects. All school volunteers in direct contact with students are required to complete a District application form, provide evidence of clear tuberculosis (TB) screening, and receive Megan’s Law check. The District clears all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and submit them for fingerprinting.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty and site council in September 2022.

Professional Development

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. Professional Development the past year has focused on our district writing development. Experts from Tulare County Office of Education have been contracted to provide technical assistance to staff to help enrich our writing program. In addition, we continue to implement guided reading across the curriculum and in every classroom as well as administering the Developmental Reading Assessment (DRA) and utilizing those results to guide instruction. Teachers have attended full-day and half-day training specifically focused on the implementation of guided reading to help our students build those pivotal foundational skills as part of a balanced literacy program. Administrators and members of the academic leadership team participate in ongoing walk-throughs with representatives from the Tulare County Office of Education related to guided reading. In addition to workshops and walkthroughs related to writing, the staff is working in vertical teams to really understand the "oxygen" of writing the student will need as they prepare to enter the next grade level.

CVHS teachers are given time to collaborate weekly during their Professional Learning Community (PLC) time. Topics of collaboration may vary but consist of common core state standards-based curriculum, instruction, assessment, analysis of data, and the cycle of inquiry. KESD certificated staff recently participated in an illuminate professional development. Illuminate is the system we use to house and disaggregate all of our assessment data.

Additionally, for the past four summers, our district has offered up to two weeks of time in summer dedicated to our staff to plan, pace, and align our programs. CVHS used the summer leading up to the 21-22 school year to really revamp our Math, writing, and ela programs offered. We were fortunate that the district provided the coaching assistance of Fresno County Superintendent of Schools Director of STEM and he helped us design and define a Multi-tiered System of Support for Mathematics instruction. In addition, CVHS staff worked to create live pacing guides.

Teachers are given a variety of professional growth opportunities in the curriculum, teaching strategies, and methodologies. Topics include Professional Learning Communities, common assessments, SIOP strategies, and test disaggregation. New teachers are provided a full day of SIOP training and all staff was provided 1 hour of Imagine Learning training to support our English Learner students. In 2021/2022, CVHS teachers were provided professional development in writing support through our district coaches. They have had Eric Crantz teach problem-solving and Lisa Clark teaching EL strategies and assessment skills.

Kingsburg Elementary Charter School District's Beginning Teacher Support and Assessment (BTSA) program provides new teachers (those with less than three years of full-time teaching experience) and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. In addition, the District also provides time and resources for collaboration, planning, and professional development for all staff.
