2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

While honoring Kaizen, "What can I do better today, than yesterday" and adhering to our District's vision of "Champions Made Here," the mission of Rafer Johnson Junior High School is to collectively teach, demonstrate, acknowledge, and provide opportunities for our core values of patience, integrity, justice, humanity, and courage to be displayed on campus and in the community by all stakeholders to create exceptional students who are curious, eager learners, responsible citizens, and to strive to be "The Best They Can Be."

SCHOOL BELIEFS

RJJH will establish high academic, personal, and behavioral expectations for ALL students. Our goal is to establish an environment of respect, and a reputation for extra-curricular, athletic, and academic excellence as a result of reinforcing strong work ethics coupled with self-awareness, self-discipline, and self-respect.

The Staff of Rafer Johnson Junior High is committed to lifelong learning and are committed to nurturing high self-esteem and respect for others. We believe that everyone can learn, become better thinkers and independent learners. An integral part of our learning process will have our school community learning how to ask questions, solve problems and make thoughtful decisions. We are committed to setting the precedence for teaching and learning. We encourage the qualities of honesty, respect, responsibility, and empowering students to acquire habits of effectiveness and distinction that will guide them in their future.

The goal of Rafer Johnson Junior High is to prepare our students for high school and beyond by providing a safe environment that nurtures their intellectual, physical, social and moral capacities as individuals so they can contribute to their community.

On behalf of the entire faculty and staff at Rafer Johnson, we want to welcome you to a new school year. You are an important part of the success of the Rafer team. We hope that your two years at RJJH will be challenging, rewarding and engaging.

School Facility Conditions and Planned Improvements

Rafer Johnson Junior High School was established in 1993 and is comprised of 24 classrooms, two service rooms for additional classroom space and All 4 Youth Counseling, a multipurpose room/cafeteria/gym, library/media center with a computer lab, one staff room, one workroom, and outdoor area, which includes an all weather track, a baseball diamond, two softball fields, three basketball courts, and 4 tennis courts that can also be used for pickleball. This summer, a shade structure for an outdoor education setting will be installed over the quad.

Cleaning Process: Administration works daily with the custodial staff of three to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District Office for review. In accordance with best practices, our classrooms are fogged daily with a probiotic spray.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority given to emergency repairs.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	49	N/A	49	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and the community are considered an integral component of the education program at Rafer Johnson Junior High School. Parents participate on the School Site Council (SSC), English Learner Advisory Committee (ELAC), Olympian Parent Club, and Music Boosters. The Olympian Parent Club has been very active this year and is supportive of staff and students. Rafer Johnson Junior High School receives assistance from several local sponsors during events such as our Club Days and the 8th grade promotion celebration.

Parents wanting to participate on Rafer Johnson Junior High School's leadership teams, school committees, school activities, or would like to become a volunteer, may contact the Principal, Melody Lee at (559) 897-1091. Volunteers must fill out a district volunteer application located on our district website at <http://www.kesd.org/domain/43>. This application along with current TB clearance is needed to begin the process of being cleared as a site volunteer. Any volunteer that plans to be on campus for more than 10 days per month must also have a fingerprint clearance on file with the district office.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	3.16	1.31	2.45
Expulsions	0.21	0.09	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Rafer Johnson Junior High School provides a safe and clean environment for students, staff, and volunteers. Student safety is a primary concern of Rafer Johnson Junior High School. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. At the beginning of the year, the District Safety Committee meets to review safety issues. Key elements of the safety plan include, identifying the level of threat, protective options, staff initial action/response, incident coordinator, and incident management team. Different safety drills are held throughout the year in accordance with junior high school regulations.

Certificated teachers or classified aides supervise students throughout the day. There is a designated area for student drop-off and pick-up in front of the school. All visitors are expected to check in at the office and will wear a visitor's badge while on campus. Kingsburg Elementary Charter School District encourages volunteers in the classroom, on field trips, and with special projects. All school volunteers in direct contact with students are required to complete a District application form, provide evidence of a clear tuberculosis (TB) screening, provide proof of vaccination status or test negative for COVID-19 weekly, and receive a Megan's Law check. The District clears all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and be fingerprinted.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty and school site council on October 20, 2022.

Professional Development

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The District offers staff development days annually during which teachers are given a variety of professional growth opportunities. This year's focus is on SIOP, technology, writing across the curriculum, History, Next Generation Science Standards, Mathematics, and English.

Every Wednesday is set aside as a professional development and PLC time. In this time teachers meet in their PLC's and discuss data, techniques, and curriculum. Teachers work together with their department to create pacing guides, common formative assessments, and develop strategies for strategic instruction and reteaching.

Kingsburg Elementary Charter School District's Beginning Teacher Support and Assessment (BTSA) program provides new teachers (those with less than three years of full-time teaching experience) and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. In addition, the District also provides time and resources for collaboration, planning, and professional development for all staff.

2022-2023

Departmentalized PD is provided to Rafer's Math, Science, History, ELA, and ELD teachers.

Ongoing Designated ELD PD is being provided to Rafer's two designated ELD teachers.
