

Grade 7/8 Band Ensemble - Unit 1 - Musical Literacy

Unit Focus

Welcome to 7/8 Band! Being a part of an ensemble teaches responsibility and teamwork. Band also provides a nurturing environment which can help students build confidence — an important trait that is useful throughout life. In the first 7/8 band unit, students will continue to develop their musicianship through playing their instrument, and applying the elements of staff and rhythmic notation that were taught in Grade 6. Through a progressive curriculum, our Polson musicians will learn and apply more complex concepts to those learned in the foundational curriculum.

Stage 1: Desired Results - Key Understandings

Standard(s)	Transfer	
 National Core Arts Standards General Music: 7 When analyzing selected music, read and identify by name or function standard symbols for rhythm, pitch articulation, dynamics, tempo, and form. 	Students will be able to independently use their learning to T1 Develop and refine techniques and skills through purposeful practice and application to become more fluent T2 Make appropriate choices as a responsible, respectful participant within a communal artistic experience Meaning	
(MU:Pr4.2.7.b)Music Traditional and Emerging Ensembles: Novice	Understanding(s)	Essential Question(s)
Demonstrate, using music reading skills where appropriate, how knowledge of formal aspects in musical works inform prepared or improvised performances. (MU:Pr4.2.E.5a) • Demonstrate attention to technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music. (MU:Pr6.1.E.5a) • Demonstrate an awareness of the context of the music	Students will understand that U1 reading and interpreting rhythm and music notation are foundational skills for playing an instrument successfully. U2 the beat is the pulse of the music, and the subdivision of a beat is variable depending on the note/rest value. U3 artists improve the quality of a performance through a cycle of deliberate practice and examination of results.	Students will keep considering Q1 How does knowing more about the topic change or deepen my understanding? Q2 What (skill/technique) am I focusing on? How do I get better at this? How do I know I'm making progress? Q3 What am I seeing/feeling in this piece? What inferences can I make? Q4 What am I learning by engaging in critique?
through prepared and improvised performances. (MU:Pr6.1.E.5b)	Acquisition of Knowledge and Skill	
Madison Public Schools Profile of a Graduate	Knowledge	Skill(s)
 Inquiry: Posing, pursuing, and refining significant questions to deepen understanding about a topic or issue. (POG.1.1) Analyzing: Examining information/data/evidence from multiple sources to identify possible underlying assumptions, patterns, and relationships in order to make inferences. (POG. 1.2) 	Students will know K1 expanded rhythmic notation and subdivision, in both simple and compound meters. K2 that a major scale is a pattern of half steps and whole steps. K3 that accidentals change the fundamental pitch.	Students will be skilled at S1 counting and clapping subdivisions of the beat with correct syllables. S2 constructing major and minor scales, with the correct half and whole step patterns. S3 interpreting and synthesizing the information displayed in a key signature.

Stage 1: Desired Results - Key Understandings			
	 K4 a key signature summarizes the tonal center of a piece of music. K5 Vocabulary: major scale, minor scale, relative minor, enharmonic, whole step, half step, multi-measure rests, accidental, sharp, flat, natural, sixteenth notes & rests, dotted half notes/rests, dotted quarter notes/rests, dotted 8th/16th notes/rests. 	S4 following a structure for practicing efficiently.
