Grade 9/10 Chorus - Unit 2 - Enhancing Choral Sound

Unit Focus

In Unit 2, students explore ways that sight singing, basic theory, dynamics, balance, blend and vocal technique can enhance the ensemble sound. Chorus members will continue to develop proper vocal technique and strengthen their voice daily through a repetition of warm-ups and daily exercises. Through small, mixed-group performances, vocalists will demonstrate their understanding of these ensemble concepts and skills.

Madison Public Schools Profile of a Graduate

- Design: Engaging in a process to refine a product for an intended audience and purpose. (POG.2.2)

Transfer

Students will be able to independently use their learning to...

T1 Develop and refine techniques and skills through purposeful practice and application to become more fluent

T2 Create works of art to personally engage in the artistic process and/or communicate meaning

Meaning

Understanding(s)

Students will understand that...

U1 sight singing skills translate into better score reading

U2 knowing basic theory (note names/rhythms/ dynamics) translates into better score reading

U3 singing with proper vocal technique enhances individual and group sound.

U4 Proper vocal technique includes posture, vowel formation, resonance, and breath control.

U5 using aural skills to balance and blend within each section and overall ensemble enhances choral sound

Essential Question(s)

Students will keep considering...

Q1 What does quality look/feel/sound like? How do I fine tune my work for and with an audience?

Q2 What (skill/technique) am I focusing on? How do I get better at this? How do I know I'm making progress?

Acquisition of Knowledge and Skill

Knowledge

Students will know...

K1 the following basic music theory concepts: note names on the treble and bass clefs; rhythms using dotted half, dotted quarter, quarter, and eighth notes; ties; dynamics.

Skill(s)

Students will be skilled at...
