ST. BERNARD'S

Dear Parents:

As we continue making plans for the new academic year, this letter contains important transportation information for your family. To provide the best quality service, and to keep the costs as low as possible, GSB is contracting with several different bus companies. For daily routes, Kensington Bus Company and Belair Transport will provide the service. For late bus routes, Mendham Township will operate those routes.

Another new feature is the opportunity for families to select from the following transportation options:

- Option 1 Daily route one way \$4,000.00
- Option 2 Daily route both ways \$6,000.00
- Option 3 Daily route with late bus options full year \$6,500.00
- Option 4 Late bus only full year \$2,700.00
- Option 5 Daily one way & late bus full year \$6,750.00
- Option 6 Late bus per trimester \$1,000.00

First, please review the routes carefully and select the option(s) needed. Next, complete the attached contract by Monday, July 31, 2023 (**now extended to August 15, 2023**), which will remain in effect for the entire school year. Students will only be picked up and dropped off at the selected stop. For safety reasons, no unauthorized persons may board or ride buses, and the bus will not make any unauthorized stops. It is also highly recommended that students arrive at the bus stop 5-10 minutes early.

Billing will be through the school's business office beginning in September. Once your contract is received, an emailed confirmation letter, including what to expect and FAQs on transportation, will be sent to you.

As always, if you have questions or need more information, please contact me.

Sincerely,

Beth Hansen

GSB Transportation Coordinator
