

Save the Children After-School Program

We're off to a great year so far, and it looks like the students are ready for a fabulous school year! We are so excited that Botts Elementary has received funding from Save the Children again this year to provide after school literacy and physical activity to a select group of children. This program began in the Spring, 2007 and will again allow us to focus on and improve the reading skills of many of our students. The program seeks to instill a love of reading in all children by making reading fun!

We are gearing up for our after school program, which begins on Tuesday, September 6<sup>th</sup>, and would like to invite your child to participate. We have many fun and exciting reading enrichment activities planned, as well as physical fitness fun with Ms. Roby. The program will focus solely on reading and physical exercise, unfortunately, there will not be enough time to provide help with student's homework. Snack and bus transportation will be provided each day and will meet after school Monday-Thursday from 3:00-5:00. We will not have after school on Fridays.

We are so happy that your child has been chosen to participate in this exciting program. If you would like for your child to have this opportunity, please complete the attached form and return it by Monday, August 29<sup>th</sup>. I will be serving as the Save the Children Literacy Coordinator and would be happy to answer any questions you may have about our wonderful program! Please call me anytime at 768-8052.

Sincerely,  
Angie Brewer

---

I give permission for my child \_\_\_\_\_ to participate in the Monday - Thursday after school program.

For transportation purposes, please circle the area in which you live:  
Pomeroyton   Denniston   Wellington (Dan Ridge)   Mariba (Kendrick/Tarr Ridge)
