2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Schafer Park's mission is simple, "We Educate Students for Success." We strive to ensure that all our students develop academic proficiency and confidence ensuring opportunities and success in college and in a global economy. We are dedicated to improving student performance by adapting our current teaching practices to deliver a curriculum that is culturally responsive and meets the needs of our students as we prepare them with twenty-first-century skills. This requires a collaborative effort from the administration, teachers, parents, and the community who will make decisions that continue to support transformation of the existing infrastructure. We continue to hold ourselves accountable and monitor our progress towards meeting our goals and exceeding expectations.

We are a community committed to the success of every student. Our school vision is the embodiment of those ideals. Our vision is, "Schafer Park: A community of learners, engaged, empowered, motivated, and always moving forward."

In working towards implementing HUSD's Strategic Plan at Schafer Park we are in at varying stages of development:

Deeper Learning: Schafer Park teachers participate in professional development that focuses on student engagement, culturally responsive teaching, and equity.

Relationship-Centered Schools: Through our COST team students' social emotional needs are being met. We currently have two counselors on site that provide individual and group counseling. As a site we continue to explore Socio-Emotional Learning strategies.

Service Excellence: As a community entity our goal is to provide the best customer service possible and build an environment where all feel welcomed.

Operational Sustainability: At Schafer Park our goal is to have a clean and welcoming campus where all students are proud to be. Another goal is for Panthers to use technology on a daily basis.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	35	N/A	36	N/A	47
Mathematics (grades 3-8 and 11)	N/A	22	N/A	19	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

At Schafer Park Elementary we have many opportunities for parental involvement. First, we have our Parent Center which is a place for parents to network, learn about nutrition, attend important workshops, attend meetings, and exercise. Our Schafer Park PTA puts on cultural and educational events, but most importantly fund raises to supplement our school program with field trips, assemblies, transportation, online programs, and educational events. Our School Site Council (SSC) is a group of parents, teachers, staff, and the principal who review budgets and school wide programs, as well as approve the School Plan for Student Achievement to ensure student academic success. The English Learner Advisory Committee (ELAC) is a group of parents whose children are primarily English Language Learners (ELL), but not exclusive to that group. ELAC meets to review information and programs for ELL students and makes recommendations to the SSC in regards to their needs.

Another opportunity for involvement is the Site Based Decision Making (SBDM) group. This group meets to discuss site issues that have school wide impact, such as day to day operations. The African American Student Achievement Initiative (AASAI) group works on networking, putting on family events, and bringing in guest speakers, all in effort to strengthen our African American school community. Our Community Involvement Committee also puts on events such as Family Math Night, Talent Show, Musicals, and Science Fair. Every month we have Coffee with the Principal where the principal discusses school wide issues with parents. There's also time given to parents to bring up any issues they may have. Finally, parents are welcomed to volunteer in class, attend field trips or work in the classroom, but must first complete the district volunteer process.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.72	3.48	2.45
Expulsions	0.00	0.05	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. Our most recent plan will be approved by our School Site Council at our February 6 meeting. The school's disaster preparedness plan includes steps to ensure student and staff safety during a disaster. Fire, disaster, shelter in place, and lock down drills are conducted on a regular basis.

Safety is a high priority because it is necessary to ensure a successful and healthy educational environment. Students are supervised throughout the day by teachers, administrators, and yard duty supervisors. There is a designated area for student drop off and pick up. Visitors need to check in the front office and receive a badge.

Due to COVID-19, teachers and staff who come onto campus must complete a self assessment and sign in. Currently, we do not allow visitors on to campus.

Fire, disaster, and lockdown drills are conducted on a regular basis throughout the school year so that all staff and students are familiar with what steps to take in an event of an emergency. The school is using an online application called Share911 to communicate with staff during emergencies. This online safety app is also used to coordinate safety/disaster drills.

Our school has an active School Safety Committee that includes administrators, teachers, maintenance, school supervisors, and other staff members. The committee works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. During the 2021-22 school year, this has included all of the necessary safety, health and sanitizing protocols to ensure that staff and students remain as safe as possible during the COVID-19.

HUSD developed district wide safety plans with schools also having plans specific to their site. The "Ready to Return" In-Person Learning Safety Plan was created in April 2021 that addressed questions/guidelines regarding face masks, daily health screenings using the Frontline Health Portal, social distancing, and cleaning procedures. Notifications of the plans were sent out to all staff and families. It was posted on the district/school websites for the entire HUSD community to access.

2021-22 Types of Services Funded

At Schafer Park we provide several supports and assists to students and their families. A large percentage of our categorical funds go towards personnel whose specific roles are to work with students. We have a reading intervention specialist and a bilingual/biliterate paraeducator who provide intervention for our 1st and 2nd graders, as well as our newcomers in English and Spanish. We fund parent volunteers by paying for their fingerprinting fees. We use some funds to pay for the Accelerated Reader program which provides us information such as a student's reading level. We also set aside funds for after school intervention, books/magazines, and instructional materials.

Using our discretionary funds we provide other online learning programs such as Nearpod, Dreambox, and Starfall. Most of these funds go towards school supplies and copy paper.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

For the past three years Schafer Park has focused on Cycles of Inquiry in Math and Reading Comprehension.

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offered over three staff development days in 2022-23 school year. The curricular focus of the current school year is Mathematics.

This school year HUSD has provided all employees training in Anti-Bias/Anti-Racist and equity. We are now working on further implementation of our AB/AR training through teacher created lessons.

At Schafer Park teachers focus on strengthening our professional learning community by completing 1 cycle of inquiry during the year. Teachers have release time to focus on other school initiatives such as our developing Dual Language Immersion program and implementing our new math curriculum.

Our PBIS staff leads are working on further developing our Tier 2 and 3 responses.

For the past 2 years we have implemented Math Workshop school-wide. We've used release days, professional development days, minimum days and PLC meeting time to focus implementation and growth.

This table displays the number of school days dedicated to staff development and continuous improvement.
