## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

The mission of Cesar Chavez Middle School is to create and maintain an environment that ensures the technological knowledge and communication skills necessary for the 21st century. Students' knowledge and academic achievement will be demonstrated and assessed using a variety of educational strategies. We will produce critical thinkers that engage in inquiry, and whose curiosity allows them to make real-world connections with the learning in the classroom to become lifelong learners. Teachers will collaborate to create learning communities that are engaging, reflective, culturally and socially responsive teaching and are aligned to state and national standards. Students will both graduate and go on to a career they are passionate about or to an institution of higher learning. We commit to a comprehensive system of support to assure this outcome.

## About this School

### 2021-22 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 7	254
Grade 8	260
<b>Total Enrollment</b>	<b>514</b>

## 2021-22 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	50.6
Male	49.4
American Indian or Alaska Native	0.2
Asian	6.2
Black or African American	3.5
Filipino	4.3
Hispanic or Latino	77.0

Migrant	3.9
Socioeconomically Disadvantaged	72.8
Students with Disabilities	10.7

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	24	N/A	36	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	8	N/A	19	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Cesar Chavez Middle School convenes annual and monthly meetings to inform parents of the programs available for parents and students. Cesar Chavez Middle School greatly benefits from its supportive parents who participate on the School Site Council (SSC), Site Based Decision Making Team (SBDM), and English Learner Advisory Council (ELAC).

Cesar Chavez Middle School has an active Parent Center that is dedicated to providing parent education classes, advocacy, and information for our parents about our school and our district. In our parent center, we provide our parents with information about how to prepare our children for high school, updates on classroom instruction.

For additional information on parent engagement/involvement opportunities, please contact Maria Reyes, Family Engagement Specialists at (510) 723-3110 ex. 41400 or at [mariareyes@husd.k12.ca.us](mailto:mariareyes@husd.k12.ca.us).

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	12.88	3.48	2.45
Expulsions	0.17	0.05	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for insuring student and staff safety during a disaster. Fire, disaster, and lockdown drills are conducted on a regular basis throughout the school year.

Students are supervised throughout the day by teachers, administrators, and yard duty supervisors. There is a designated area for student drop off and pick up. Visitors are required to check in the front office and receive a badge. Our Safety Committee has proposed and been given the authority to purchase emergency supplies for every student and staff member on campus for up to three days.

Safety is a high priority because it is necessary to ensure a successful and healthy educational environment.

Fire, disaster, and lockdown drills are conducted on a regular basis throughout the school year so that all staff and students are familiar with what steps to take in an event of an emergency. The school is using an online application called Share911 to communicate with staff during emergencies. This online safety app is also used to coordinate safety/disaster drills.

Our school has an active School Safety Committee that includes administrators, teachers, maintenance, school supervisors, and other staff members. The committee works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. During the 2020-21 school year, this has included all of the necessary safety, health and sanitizing protocols to ensure that staff and visitors to campus remain as safe as possible throughout the school year. .

On January 17th 2023 Cesar Chavez administration received Incident Command Systems Training, which helped us to review a vast range of emergency protocols for our Cesar Chavez Middle School site. Our command center protocols were an intricate part of the training for administrative staff and main office personnel. HUSD developed district wide safety plans with schools also having plans specific to their site. At our HUSD safety meetings discussions on emergency supplies and on site containers which have been placed on our Cesar Chavez campus, allows us to have needed space to retrieve emergency equipment and supplies moving forward. Our Cesar Chavez Middle School Safety Plan was created in September 2022, this plan also addressed questions/guidelines regarding active shooter drills and student release to parents after an emergency lockdown. Community communication of the plans were sent out to all staff and families. It will also be posted on the district/school websites for for all stakeholders to have access to.

## 2021-22 Types of Services Funded

The Local Control Formula Funds are used to ensure all students graduate college and/or career ready. Our district ensures that all students have access to and success in a broad curriculum. In addition, that students master Common Core State Standards. We do this by expanding College and Career support programs, expand Career Pathways as well as implementing reading intervention systems. In addition, we have updated and expanded the district's technological infrastructure and obtained more computer software and personnel to maintain it. Currently Cesar Chavez Middle School has a wide range of wrap around services that include but are not limited by the following: homework club, for tutoring intervention. Paraprofessional (Classified), extra hours. Technology supplies for both students and teachers. A Math online subscription (LPSG Rollover funded). Technology support preparation for teachers to include an IT staff member that maintains our school web page. Two reading intervention specialists .2 prep for certificated staff members. A variety of text book materials for AVID, African American Literature and Puente classes. Funding for professional development for certificated staff and funds for our communication and services that are provided for parent and family engagement.

Types of services that will need to be funded, include our growing World House program.

## Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offered up to 10 staff development days in 2022-23, and up to 10 instructional development days in moving forward. The curricular focus of the current school year is Making Thinking Visible across contents, adapting curricular content/scope and sequence to the loss of instructional time in the previous school year and diagnosing student readiness for new content and necessities of reteaching. Through continued support of establishing relationships with students and families in a distant learning environment, ensuring a baseline of technical competence for instructors and teaching in digital spaces, and developing and disseminating cognitively powerful lessons or curricular units that work in the online learning environment. In addition to three full days, Hayward Unified School District is also coordinating minimum days to provide ongoing professional development to move our district towards Anti-bias/Anti-racist (ABAR) beliefs and practices as a continued effort to create culturally and linguistically responsive learning environments that foster deeper learning opportunities and equitable school communities. These efforts support the recently adopted Anti-Bias/Anti-Racism and Equity policy (BP 0415 & 0415.1).

Through our Instructional Leadership Team (ILT) and ABAR district led committee and facilitators, teachers are supported in their growth and development through ongoing professional development, educator support network, and opportunities to extend their learning beyond our scope through external consultants that are diving deeper into the work, while promoting courageous conversations within the Hayward Unified School district.
