29 responses

Technology in the classroom

extra curriculans keeping kids connected to school....

The use of Remind to communicate with parents.

Providing every student with a chromebook or iPad and a hot spot. Better Internet service would have been more beneficial.

The flexibility for students/parents to decide when to return to face to face instruction.

The flexibility for students/parents to decide when to return face to face. LPISD also had the technology needed for this type of instruction that was needed this year.

Teachers always being there for the students.

Daily communication with students/parents, consistency in distribution and pickup of assignments, high expectations of academic performance and attendance~ virtual or in-person
