Overview of Reimagine Grant

Grant Writers:

Monique Roberts, *CPSB World Languages and EL Consultant*

Laurie Cunningham, *Elementary EL Coach and Two-Way Immersion Facilitator*

School Theme:

Language, Academics, and Culture

Grant Overview: The Louisiana Department of Education (LDOE) has offered a funding opportunity for school systems who are interested in bold, systemic change to improve access to high-quality schools for students and families. If awarded, LDOE will offer funding and technical assistance that both builds a cohort of schools that can serve as statewide exemplars and builds school system and educator capacity for sustained school and system improvement.

Funding:

| School System | School Action | Phase 1 Funding Planning | Phase 2 Funding Implementation |
|---------------|---|--------------------------|--------------------------------|
| Calcasieu | School Innovation: Through the opening of a multilingual magnet academy, the existing immersion and English language programs will expand availability and allow access to a more diverse cross section of the district's population. This academy will provide not only a high-quality educational opportunity for all students but will also allow priority to English learners and underserved students. | \$300,000.00 | \$870,000.00 |

Timeline: Award notifications will begin the week of February 21, 2022. BESE Board will approve grant allocations March 9, 2022.

Overview of School Proposal

Purpose of Proposed School:

We seek to open a multilingual magnet school with the purpose of expanding and strengthening its existing immersion and English language programs. Rather than having small bilingual programs with limited capacity in five monolingual schools, the creation of a multilingual magnet school would expand availability and allow access to a more diverse cross section of our district population. A school in which every student is learning an additional language will not only elevate the English learners, but also promote empathy and tolerance as students become authentic language models for one another. This proposed school will provide not only a high-quality educational opportunity for all students in the district but will allow priority to English learners and students living in a rapidly growing area of our district with little access to high performing schools.

A team consisting of a fully dedicated grant project coordinator, various levels of district and school leadership, and community members will work to bring this beneficial and innovative initiative to fruition.

Our district has monitored years of assessment data from our small French and Spanish Immersion programs and recent progress from our flourishing English Learner (EL) proficiency initiatives. This data analysis and a visible need for a quality, equitable, and accessible school choice option in a particular area of our district has led to the conception of this proposal.

With the goal of removing barriers and creating a more inclusive learning experience for all children, this school will provide highly qualified local and international teachers that will deliver instruction using rigorous Tier 1 curriculum with specific concentration in language acquisition.

In response to the growing number of ELs with Spanish as their native language, an expansion to our Two-Way Immersion program will offer a proven, effective model for developing language proficiency and mastery of academic content. Both native English and Spanish speakers will develop high levels of listening, speaking, reading, and writing skills. Neither group will have to forego development in the native language as second language proficiency is acquired.

To retain highly effective staff, this school will focus on providing targeted PD to meet the needs of language learners. Creating professional learning communities of teachers with common goals allows for job-embedded collaboration and strategic professional development.

To promote kindergarten readiness, this site will offer immersion and dual language PreK for all students. This early foundation will set our students on a path to a multitude of benefits including better academic and social performance, lower retention rates, and higher graduation rates.

Overview of School Proposal

Supporting Research:

According to research from the LA Guide for effective DLI programming, dual language programs that are sustained for at least six years achieve profound and lasting impacts on student academic achievement, regardless of background or cognitive and linguistic abilities. According to data, these students outperform their non dual language peers.

Benefits of language immersion, according to The Foundations of Bilingual Education and Bilingualism:

Academic: Students outperform their non-immersion peers on math and reading standardized tests starting in the 3rd grade.

Language and literacy: Immersion has no negative effects on English proficiency, and students develop native-like proficiency in the second language.

Cognitive skills: Students develop greater cognitive flexibility, increased attention control, better memory, superior problem-solving skills, and enhanced understanding of their primary language.

Socio-cultural: Students develop positive multiethnic and multicultural attitudes, are better prepared for the global community, and possess 21st century skills.

Economic: Students with competence in more than one language and culture will be better qualified and competitive for high-level, high-paying 21st century jobs.

Baker, Colin, 1949-. (2011). Foundations of bilingual education and bilingualism. Bristol, UK ; Tonawanda, NY :Multilingual Matters,

Sustainability:

Several options for funding can sustain this initiative when grant funding is no longer available.

- Generally funded staff, consolidated to one site, to maximize human resources
- Title III, Title I, and Title IV
- Applications for further grant opportunities, specific to magnet schools, will be submitted
- An MOU with the non-profit, Louisiana Consortium of Immersion Schools, and The English Transformation Center at ULL have and will continue to support our dual language immersion education
- International Associate Teachers (IATs) will continue to be recruited by LDOE. The district will receive \$20,000 from 8(g) Grants program funding towards each IAT's salary. These teacher positions require a minimum of 50% native English speaking students in their classroom.

Overview of School Model

Mission: Our mission is to facilitate high student academic achievement, promote language development, and instill cross-cultural competence among our students so they will succeed in the global economy.

Framework:

Learning Pathways:

| Dual Language Two-Way Immersion Spanish | World Language Immersion French | General Education with Sheltered Instruction for English Learners |
|--|--|---|
| Both native English speakers and native Spanish speakers learn grade-level content in Spanish and English. | Students are primarily English speakers and learn grade-level content in French and English. | Both English learners and native English speakers learn grade-level content with a focus on specialized techniques to accommodate the linguistic needs of English learners. |

Other Potential School Offerings:

- Pre-Kindergarten
- After-School Care
- Music
- Art
- PE
- Spanish as a second language
- French as a second language

Overview of School Model (continued)

Teacher Selection Criteria:

The multilingual magnet school will recruit highly effective teachers both locally and internationally.

- Teachers certified within the United States will be required to possess a teaching certificate as well as an English as a Second Language endorsement (see LDOE guidance below as an example) in order to meet the unique linguistic needs of our students.

- All faculty and staff will be required to complete professional development courses that focus on but not limited to the following:
 - Cultural Responsiveness
 - Language and literacy development strategies
 - Stages of language acquisition
 - Curriculum specific guidance

School Environment

The proposed school will foster an environment that leads to student success and therefore should adhere to the following expectations:

- School signs in all target languages throughout the school. This includes, but is not limited to: marquee, all bulletin board headings, hallways, and student work in target languages when appropriate

Overview of School Model (continued)

Family Commitment:

To ensure achievement and success, it is necessary for families to commit to the chosen program through 5th grade. Active parent support is extremely important for the long-term success of the students. Parents will be required to sign a commitment agreement.

How can parents actively support the multilingual magnet school?

- Understand it is a long-term commitment; through 5th grade
- Develop an understanding of educational framework and encourage the use of the target language and native language outside of school
- Show an interest in and value other cultures and languages
- Enjoy the challenges and celebrate the results

How can parents help their child at home?

- Reinforce learning at home
- Read 20-30 minutes a night in home language or partner language.
- Discuss daily what students are learning in the classroom
- Keep active with school sponsored family events
- Provide student with space, time and support to complete homework

Curriculum and Assessment:

- A variety of state-approved Tier 1 curriculum resources will be reviewed by a team of experts. The curriculum chosen will meet rigorous grade-appropriate criteria. In addition, it will also meet the authentic and unique progression of instruction for the target language.
- Assessment will align to state and district guidelines but will also include language specific assessments in order to evaluate program effectiveness.

Enrollment Criteria for Students:

All requests for placement in one of the learning pathways will be handled at the school site. In order to provide the best possible programs for all students, the following criteria will be considered for best placement of students. Students outside of attendance zone will be ranked on an eligibility list based on, but not limited to the following criteria:

- English Learner Status
- Heritage language
- Proximity to school
- Parent is a CPSB employee
- Siblings at school or in immersion
- Family history of immersion
- Family Interview: long term commitment
- Signed participation contract-attendance and commitment of continuation in pathway
- Family provided transportation

Overview of School Model (continued)

School Enrollment Waitlist:

If there are more qualified applicants than spaces available at the school, a random, unbiased selection process will be conducted.

Wait List Procedures

- If a kindergarten student moves out during the school year, names will be taken in order from the appropriate wait list (French Imm., TWI, Sheltered/Gen.Ed).
- If a first grade student moves out during the first semester of first grade, names will be taken in order from the appropriate wait list (French Imm., TWI, Sheltered/Gen.Ed).
- If a first grade student moves out after the first semester of first grade, names will only be taken in order from the EL waiting list. Any student admitted into an immersion program at this time, must show adequate target language fluency and have participated in a bilingual classroom.
- In grades 2 through 5, students may only be admitted to the program if there is space in the desired program at the students' grade level.
AND the student meets the following criteria:
 - The student has been identified as an EL (*TWI or Sheltered/GenEd only*)
 - The student shows adequate target language fluency (*Immersion only*)

If the waiting list has been exhausted, space can be filled by a new student who is:

1. Current student from another district in a similar program
 2. Any student who transfers in and has grade-appropriate literacy skills in the target language.
 3. 1st Grade Non-EL students who transfer in the first semester may be added to waiting list
- * Special Ed students of either language will be considered on a student by student basis.

Transportation Considerations:

- Current Fairview bus routes could be utilized
- Current Fairview ESL bus routes could be utilized
- Pick-up/Drop-off locations could be added.
- A 30-minute staggered start and end time could allow for greater bus driver availability
- Before and after school care could minimize the number of students requiring a bus

Proposed District Changes

In order to strengthen our existing EL and immersion program at Fairview and attract a broader cross-section of our district, rebranding is recommended. Through consultations with various stakeholders in our district (i.e. school staff, district staff, parents, and community members), several potential program names were submitted, and one will be chosen. It is important that a smooth transition process be in place for all affected students, teachers, and families. A potential phase-in plan is shown below.

Proposed District Changes

In order to strengthen our district's existing immersion programs, a multilingual magnet school will house all these programs. This will allow all elementary immersion teachers and students in Calcasieu Parish access to the high-quality resources, strategies, and benefits that this school will offer.

Although this will require changes for some schools, a phase-in/out plan will allow for a more seamless transition.

Explain:

Bullwin Enterprises, LLC is the owner of the newly constructed manufacturing building. It will rent the building to Bullwin Industrial Services, LLC, which is a manufacturing company as explained in the Company Details above. The building is 21,600 square feet, which increased the amount of work space for Industrial from their current location. Industrial did purchase used equipment, which did not qualify for exemption, but helped create the new job. They purchased 3 welding machines, 2 Lathes, & a Wash Station for cylinders. Both companies are owned 50/50 by Kody Winch and Brad Buller

The recommendation of the Local Governmental Entities shall then be submitted to the Board for consideration and/or action. This provision shall be applicable for each Project Year in which the Company fails to satisfy the requirements of this paragraph as provided herein irrespective of any prior decision of the Board to continue the Exemption Contract under the terms provided.

Alternatively, the Local Governmental Entities and the Company may forego the recommendation to the Board required by this section if the Local Governmental Entities agree that the Company shall pay and the Company actually makes a Default Payment to each of the Local Governmental Entities in an amount agreeable to both the Local Governmental Entities and the Company, in which case the terms of the Exemption Contract shall remain the same.

Section 6.03 Force Majeure

(A) Upon occurrence of an event of Force Majeure, the affected Party shall have the right, but not the obligation, to declare a Force Majeure period, by giving written notice of such event and declaration to the other Parties within 30 days of such occurrence. Time being of the essence, the affected Party shall make every reasonable effort to give such notice as soon as possible, but in any event notice must be given within 30 days of the occurrence.

In any event, no Force Majeure period arising from a single event of Force Majeure shall be deemed to exist for longer than 2 years from the date of such notice, and the aggregate Force Majeure period during the term of this Agreement shall not exceed two years.

(C) The affected Party must proceed with due diligence to effect repairs or undertake efforts to remedy or mitigate the effects of a Force Majeure event, and within 60 days of the occurrence of the event of Force Majeure shall provide the other Parties a report showing the efforts made and to be made to remedy or mitigate the effects as well as a timetable to return to full performance.

Section 6.04 No Other Damages.

CALCASIEU PARISH SCHOOL BOARD**

It is hereby agreed by and between the CALCASIEU PARISH SCHOOL BOARD, a political subdivision of the State of Louisiana, located in Calcasieu Parish, Louisiana (hereafter called the “Board”), and Shannon P. LaFargue, Ph.D. (hereafter called “Superintendent”) that the Board in accordance with its actions found in the minutes of its meeting held on the ____ day of _____, 2022, does hereby appoint and employ said Shannon P. LaFargue, Ph.D. as the Superintendent of Schools for the Calcasieu Parish School Board for the period commencing the 1st day of July, 2022, and ending at midnight on the 31st day of December, 2024, and Shannon P. LaFargue, Ph.D. does hereby accept said appointment.

WHEREAS, the Board and the Superintendent desire to comply with the requirements of La. R.S. 17:54 and 17:81, and

WHEREAS, the Board and the Superintendent believe that a written employment contract will better define and guide their relationship and serve as a basis for effective communication between them as they perform their governing and administrative functions in the operation of the school system.

NOW THEREFORE, the Board and the Superintendent, for the reasons herein specified, agree as follows:

I.

TERM, RENEWAL AND EVALUATION

In consideration of the promises herein contained the Board does hereby employ the Superintendent and the Superintendent does hereby accept employment as the Superintendent of Schools for the Calcasieu Parish School Board for a period commencing on the 1st day of July,

Prior to July 1, 2024, the Board shall notify the Superintendent of termination of employment under this Contract, or in lieu thereof the Board and the Superintendent may negotiate and enter into a contract for subsequent employment.

The Superintendent may choose not to enter into a subsequent contract and may terminate his employment.

The Board shall negotiate in good faith and offer the Superintendent a new contract at the expiration of this Contract unless a majority of the entire Board membership votes prior to July 1, 2024, against offering a new contract.

The Superintendent shall have the right to terminate this Contract without penalty upon giving the Board, through its President, written notice that the Superintendent is terminating his employment as Superintendent of Schools for the Calcasieu Parish School Board not less than one hundred eighty (180) days in advance of the effective date of said termination.

II.

PERFORMANCE OBJECTIVES

Louisiana law (La. R.S. 17:54) states that the written contract between the Superintendent and the School Board shall contain specific performance objectives, and for a local public school system which received any variation of a school performance letter grade of C, D, or F such contract shall establish performance targets. The Calcasieu Parish School system has received a school performance letter grade of “B,” and performance targets are not required.

The Board recognizes that La. R.S. 17:81 requires that when choosing a local superintendent the Board shall select a leader who shall prioritize student achievement and act in

the best interest of all students enrolled in this school system. However, the Board and the Superintendent acknowledge that education of students involves many other elements of school system governance, including but not limited to transportation, facility operation and maintenance, finance, risk management and safety, food services, student health, and personnel. The Superintendent provides oversight for these other elements as well as for management of school system academics. The objectives listed below address the responsibilities of the Superintendent in these and other areas:

III.

COMPENSATION

The Board agrees to pay the Superintendent a base salary at the annual rate of \$200,000.00, payable in monthly installments of one-twelfth (1/12) of the annual rate.

The Board shall increase the salary of the Superintendent whenever there is an increase in the pay of Calcasieu Parish School Board teachers, generally, as reflected in the Teachers' Salary Schedule. The increase in the Superintendent's salary shall be at the rate of 1.9 (index) of the increase in Step 76 of the Teachers' Salary Schedule. The Superintendent shall also receive the same general salary supplements received by Calcasieu Parish teachers.

The Board may, in its sole discretion, further increase the salary of the Superintendent based upon the Superintendent's job performance. This increase may, but need not necessarily, be based upon the Board's evaluation of the Superintendent's performance in relation to the objectives set forth in Paragraph II above. This increase must be approved by a majority of the entire Board membership.

IV.

VACATION AND OTHER BENEFITS

The Superintendent shall be entitled to annual leave, sick, and emergency leave in accordance with Board policy generally applicable to professional members of the central administrative staff.

The allowance is intended to reimburse the Superintendent for expenses of maintaining an automobile, together with expenses incidental to its use, including but not limited to insurance, fuel, servicing, and repairs. The Board shall provide, to the extent allowed by law, insurance coverage during the term of this Contract including motor vehicle liability coverage, protecting and insuring the Superintendent in his individual and official capacity from liability for actions arising from conduct falling within the course and scope of his employment as the Superintendent of Schools for the Calcasieu Parish School Board, excluding criminal litigation. The Board may satisfy this insurance coverage requirement by providing coverage under the Board's risk management program which includes a self-insured retention and excess liability coverage.

V.

DISABILITY

Should the Superintendent be unable to perform any or all of his duties by reason of illness, accident, or other cause beyond his control, and said disability or inability to perform such duties begin or exist at a time when the Superintendent has neither unused annual leave nor unused sick leave, the Board may, in its sole discretion, make the following adjustments to the salary of the Superintendent. For the first month of disability, the Superintendent shall receive his entire monthly salary; for the second month of disability, the Superintendent shall receive two-thirds (2/3) of his regular salary; and for the third month of disability, the Superintendent shall receive one-third (1/3) of his regular salary. However, should the Superintendent be disabled from performing his duties as Superintendent following the third month after the commencement of his disability, and should the Superintendent have no accrued sick and/or annual leave, the Board may, in its sole discretion, terminate all subsequent pay under this Contract to the Superintendent for as

long as such disability exists. If such disability continues for more than six (6) months and irrespective of whether or not the Superintendent has any unused annual or sick leave, or, if such disability is permanent, irreparable, or of such a nature as to make performance of the Superintendent's duties impossible, the Board, in its sole discretion, may terminate this Contract immediately. In such an event, the respective duties, rights, and obligations of both the Superintendent and the Board shall terminate.

VI.

PROFESSIONAL LIABILITY

The Board shall provide, to the extent allowed by law, insurance coverage during the term of this Contract protecting and insuring the Superintendent in his individual and official capacity from liability for actions arising from conduct falling within the course and scope of his employment as the Superintendent of Schools for the Calcasieu Parish School Board, excluding criminal litigation. The Board may satisfy this insurance coverage requirement by providing coverage under the Board's risk management program which includes a self-insured retention and excess liability coverage.

VII.

MEDICAL EXAMINATION

At the request of the Board the Superintendent agrees to have a comprehensive medical examination. The Board shall reimburse the cost of this medical examination. Any report of the medical examination shall be given directly and exclusively by the examining physician to the Superintendent. However, the Board shall be advised in writing by the physician of the continued fitness of the Superintendent to perform his duties.

VIII.

DUTIES OF THE SUPERINTENDENT

The Superintendent shall perform such duties in and for the Calcasieu Parish School Board as are prescribed by the laws of the State of Louisiana and by the policies, rules, and regulations made thereunder by the Louisiana Board of Elementary and Secondary Education, the State Department of Education, and the Calcasieu Parish School Board. All policies and regulations concerning the Superintendent and his duties now found in the policy manual of the Calcasieu Parish School Board, and those which may be included by amendment and addition thereto, are incorporated in this Contract as if copied in full, and the Superintendent agrees to accept and follow those policies and regulations unless they are inconsistent with State law.

The Board shall determine the number of schools to be opened, the location of school houses, the number of teachers and other school personnel to be employed, and shall establish salary schedules in accordance with the provisions of Act 1 of 2012 as amended. The Board serves in a policymaking capacity that is in the best interests of all students enrolled in schools under the Board's jurisdiction, and shall in establishing Board policies, prioritize student achievement, financial efficiency, and workforce development.

The Superintendent is the Chief Executive Officer, Treasurer, and Ex-Officio Secretary of the Board. Except to the extent otherwise provided by law, the Superintendent shall be responsible for directing and assigning teachers of the schools under his jurisdiction, organizing, reorganizing and arranging the administrative and supervisory staff, selecting, managing, employing, and terminating or recommending the termination of, in accordance with law, the employment of personnel and fixing their salaries. The Board in accordance with the provisions of Act 1 of the 2012 session of the Louisiana legislature, as amended, and subject to the requirements, conditions and limitations contained therein, delegates to the Superintendent authority for the hiring and

placement of all school personnel. It shall be the responsibility of the Superintendent to ensure that all persons have proper certification, as applicable, and are qualified for the positions for which they are hired. The Superintendent shall from time to time suggest regulations, rules, and procedures deemed necessary or appropriate for the well ordering of the schools within the system, and in general perform all duties incident to the office of Superintendent of Schools for the Calcasieu Parish School Board and such other duties as may be prescribed by the Board from time to time. The Board, individually and collectively, shall promptly refer all criticisms, complaints and suggestions called to its attention to the Superintendent for study and recommendation.

The Superintendent, in accordance with State law, agrees to devote his entire skill, labor and attention to the office of Superintendent of Schools for the Calcasieu Parish School Board, provided, however, that the Superintendent upon securing prior approval of the Board, may undertake speaking or other engagements, writing, lecturing, or consulting work which do not interfere with the performance of his duties and obligations hereunder, provided that the same are either educationally related or determined to foster a beneficial relationship with the public or the professional community, and are undertaken pursuant to this Contract or regulations and policies of the Calcasieu Parish School Board. Honorariums, if any, received by the Superintendent in connection with the above-described activities shall not affect the amount of compensation to be received by him under this Contract. In no case will the Board be responsible for any expenses attendant to the performance of the aforesaid outside activities.

IX.

REMOVAL OF THE SUPERINTENDENT

In accordance with State law throughout the term of this Contract the Superintendent shall be subject to removal if found incompetent, unworthy, or inefficient, in accordance with La. R.S.

17:54. The Superintendent shall further be subject to removal for his failure to fulfill the terms and the performance objectives of this Contract, or to comply with School Board policy. Prior to his dismissal, the Superintendent shall be provided with written charges against him, notice of hearing, and a full and fair hearing before the Board. The Superintendent may be accompanied by his legal counsel at this hearing. The Superintendent shall be entitled to call and cross-examine witnesses, and further, to a free transcript of the proceedings. However, any cost of legal counsel and related expenses, regardless of the outcome of the hearing, shall be the responsibility of the Superintendent. Removal of the Superintendent pursuant to the foregoing requires the vote of at least two-thirds (2/3) of the membership of the entire Board.

X.

PUBLIC RELATIONS

The Board recognizes that the Superintendent, to be effective, must enjoy a working relationship with the community. To develop the same requires a commitment to the expenditure of energy, time, and funds. Fostering beneficial business relationships with the public and with the professional community is a genuine interest of the Board, and the Board deems the same to be necessary for effective management of the school system. To that end, the Board encourages the Superintendent to develop and maintain relationships with appropriate civic and social organizations.

XI.

SAVINGS CLAUSE

If any provision or item of this Contract is held invalid or found to be in violation of State and/or Federal constitutional or statutory law, or regulations adopted pursuant to such authority, such invalidity shall not affect the other provisions, items or applications of this Contract which can be given effect without the invalid provision, item or application, and to this end the provisions

of this Contract are declared severable. The parties hereto affirm that they have read and are familiar with the terms of this employment Contract and have signed the same, in duplicate original before the undersigned competent witnesses and the undersigned Notary Public on the date indicated below.

Calcasieu Parish School Board
Procedure for the Selection of Pupil Progression Plan Committee Members

The Calcasieu Parish School Board follows guidance provided in Bulletin 1566 when selecting educators and parents to serve on committees designed to make yearly revisions to the district's Pupil Progression Plan. Listed below are the specific procedures used by the district to select representatives for each committee along with each committee's function.

Committee of Educators:

The Committee of Educators is comprised of representatives of Elementary and Secondary Education, Special Education, Career Technical Education, Title I, teachers, principals, and other individuals deemed appropriate by the Superintendent. Every effort is made to ensure the membership of this committee is a representative sample of educators and one that reflects membership from each geographic area of the district. Members of the Committee of Educators are submitted for approval to the Superintendent of CPSB.

The members of the Committee of Educators are tasked with reviewing yearly changes to the law and BESE policy and then recommending revisions to the Pupil Progression Plan that will ensure compliance. They present the recommended revisions to a Committee of Parents who then provides input and feedback. The Committee of Educators then meets once more to make additional revisions based on parental input and agrees on a final draft to be presented to the Board for approval.

Committee of Parents:

Parent representatives are solicited and chosen based on recommendations from individuals in a leadership position at the building level (e.g., administrators, counselors, etc.) and from departments (e.g., World Languages, Advanced Studies, Special Education). Every effort is made to ensure the membership of this committee represents each geographic area of the district.

Members of the Committee of Parents provide valuable feedback to the Committee of Educators, from a parent's perspective, as to how the proposed Pupil Progression Plan revisions will affect students. After parents listen to presentations from each department, they make suggested changes and come to a consensus on approval of the proposed revisions.

Office of Head Start | 330 C St., SW, 4th Floor, Washington DC 20201 | eclkc.ohs.acf.hhs.gov

April 20, 2022

Grant No. 06CH011689

Dear Head Start Grant Recipient:

The Consolidated Appropriations Act, 2022, contains an increase for Head Start of approximately \$289 million over the Fiscal Year (FY) 2021 level. This includes a cost-of-living adjustment (COLA) of \$234 million and a \$52 million Quality Improvement investment. The COLA supports a 2.28 percent adjustment above FY 2021 funding levels to increase the pay scales of Head Start and Early Head Start staff, including vacant positions, fringe benefits, and to offset higher operating costs. Quality Improvement funds are allocated proportionately based on federal funded enrollment levels, with additional adjustments given to smaller grant recipients to allow for a meaningful investment, as permitted by the Act.

The following table reflects the COLA and Quality Improvement increases available for FY 2022.

| Funding Type | Head Start |
|----------------------------------|-------------------|
| Cost-of-Living Adjustment (COLA) | \$95,212 |
| Quality Improvement (QI) | \$23,420 |
| Total Funding | \$118,632 |

Please note, these permanent increases are effective at the start of the FY 2022 budget period and are retroactive if this period has already commenced. Allocations are subject to adjustment if changes are made to annual funding/enrollment levels. Applicable to recipients operating both a Head Start and Early Head Start program, allocations for each funding type by program must be budgeted accordingly in application submissions.

Application Submission Requirements

The supplemental application is due **June 1, 2022** and must be submitted in the [Head Start Enterprise System \(HSES\)](#). To apply, please select the **Financials** tab, **Grant Application** tab, **Fiscal Year 2022**, and add the **'Supplement – COLA and Quality Improvement'** amendment type. No other application type for these funds will be accepted. For additional information on the allowable uses of COLA and Quality Improvement funding, refer to Program Instruction ACF-PI-HS-22-02.

Content of 'Supplement – COLA and Quality Improvement' Application

Applications must include separate project narratives and detailed budget justifications for each funding type, COLA and Quality Improvement, and by program, Head Start and/or Early Head Start. Each narrative must use 12-point font, and not exceed 10 pages. All narratives, budget justifications, and other supporting documentation must be uploaded into respective folders within the **Documents** tab of the application.

For COLA, the following must be demonstrated:

- A permanent increase of no less than the required 2.28 percent adjustment to the pay scale for each Head Start/Early Head Start position, including current employees and unfilled vacancies subject to the provisions of Sections 653 and 640(j) of the Head Start Act;

- A rationale and supporting documentation detailing agency policies and procedures if a position is receiving less than the required COLA percentage or differential COLA increases;
- The provision of a no less than 2.28 percent increase to all delegate agencies and partners or justification if less than the required percentage or differential increases are provided to delegate agencies and partners;
- Written confirmation that increases will be applied retroactively to the start of the FY 2022 budget period with a description of how funds will be distributed to affected employees, if applicable;
- The planned uses for any portion of the COLA funds to offset higher operating costs, once the 2.28 percent increase is provided to all staff, delegates and partners.

For Quality Improvement, the following must be demonstrated:

- Investments are consistent with Sec. 640(a)(5) of the Act (except programs are not bound by the requirements that at least 50 percent of the funds be used for staff compensation or that no more than 10 percent of funds be used on transportation. For more information on allowable activities as outlined in the Act, please see Attachment A);
- Investments made in Quality Improvement should be ongoing; description and written confirmation that funds will be used for ongoing purposes consistent with Section 640(a)(5) of the Act;
- If funds are used for staff wages, written confirmation that increases will be applied retroactively to the start of the FY 2022 budget period with a description of how funds will be distributed to all affected employees.
- If funds are used for one-time activities in the FY 2022 budget period, describe plans for how the funds will be allocated in the subsequent budget period.

Recipients are strongly encouraged to commit to sustained quality improvement investments, such as further increasing wages of Head Start/Early Head Start educational staff. However, grant recipients have the flexibility to use these funds to support the greatest local needs, consistent with Section 640(a)(5) of the Act.

Application's Budget Tab Requirements

The data entered on the Budget tab within the application populates the SF-424A. Grantees are required to include funds for both COLA and Quality Improvement, and within the appropriate program, Head Start or Early Head Start.

Non-Federal Match

The budget and detailed budget justification must include each source of non-federal match, including estimated amount per source and the valuation methodology. Flexibilities continue for waiver requests of the non-federal match requirement through the public health emergency due to the COVID-19 pandemic. If a non-federal match waiver is being request, a value of \$0 must be entered in Section C of the SF-424A of the application. Re: Recommend Award

Dear Ms. Olson:

The results of the bid opening indicated that the apparent low bidder on this project was GROUP Contractors LLC with a bid amount of \$3,690,000.00 Base Bid, \$1,390,000.00 Alternate #1, and \$53,000.00 Alternate #2. We have reviewed and found their justification to be acceptable.

We contacted GROUP Contractors LLC by email, and Mr. David Talbot responded that they have reviewed their bid computation and that they will honor their bid amount.

We recommend that GROUP Contractors LLC be awarded this project, contingent upon them submitting the remainder of the required post-bid documentation. Our recommendation is that the Base Bid, as well as Alternate #1, and Alternate #2 are accepted. Alternate #2, while strongly recommended due to corrosion, is not a FEMA reimbursable expense, but a deferred maintenance item.

Yours truly,
