

I like apples!

Apples

AT HOME

Before reading, page through the book and have your child describe the photos. Then read the book aloud, pausing for your child to chime in with the color words.

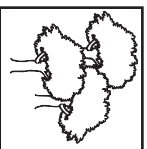

After reading, discuss what your child likes about apples. If possible, take your child to a grocery store. Talk about the apples you see and how they are alike and different.

I see the trees.

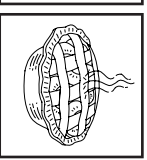

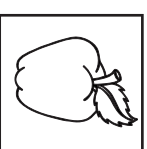

fold

B

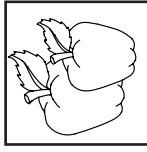

I see the apple pie!

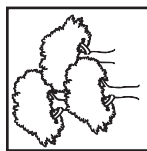

I see the green apples.

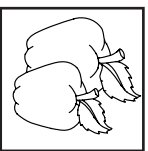

I see apples on the trees!

I see the red apples.

fold

D

I see the yellow apples.
