

1st Parent Support Group Meeting

Jan. 30th, 2023

INITIAL IDEAS:

- Example of association: LPFI (Louisiana Parents for French Immersion) – Matt Diez
- Contact with other nation or state Immersion parent support groups.
- Contact parents from Imm Program in Frasch and invite them to be part of our group – Sulphur Immersion Parent Support Group.
- Facebook group??
- Library contact to conduct storytelling, reading Spanish books for community.
- Immersion Day in May.
- Immersion night for parents.

From Mrs. Moss (received in email, she could not attend):

- Immersion night at a dine, part of the profits go to Immersion Program.
- Host a dinner with traditional dishes from the Hispanic world. Students cook them and educate the attendees about the dish and the culture associated with it.

FUTURE GOALS:

- Spanish Immersion Day in May 19th, 2023:
 - Contact visitors (to inspire our students). Mrs. McNemar is going to contact a person who went to teach English to Spain and lived there for 2 years. She is also going to contact the owner of Area 337. I am contacting some of the teachers that participated in that same program in Spain as well.
 - Cook-off in groups. Each class divided in 2 groups. Each group has to have ingredients and prepare a typical dish of a Hispanic country. They also need to prepare a presentation of the ingredients, the history of the dish...
 - Games (popular in Hispanic countries)
 - Location: Possibly in the Grove. Mrs. Landry is going to ask for permission. I am going to talk to Mrs. Leblanc to have Lewis football field as a plan B option.
- Spanish Club invitation for all Immersion students next year.
- Next year: Immersion Parent night, library activities, have more guess speakers.

NEXT MEETING:

Invite again everybody with a summary of this meeting. They probably misunderstood the goal of the parent support group.

Also with the invitation to come to the next meeting on February 13th, 2023, at 5:30 PM here at Lewis. Tentatively in the library but if it is used we can do it again in room 101. I will be directing them with the white arrow.
