About St. John’s

St. John’s is an independent, coeducational Episcopal school serving up to 500 students in grades pre-k through eight. Located in a park-like setting on 10 acres in East Dallas, the School offers its employees and students a supportive esprit de corps fueled by a common mission – one dedicated to a program of academic excellence designed to train the mind, strengthen the character, and enrich the spirit of each student in a Christian environment. We think of St. John’s not only as a school, but also as a very special kind of community. We seek to employ people who – regardless of the role they play in the School – understand that they impact the lives of our students, families, and colleagues. The St. John’s Code calls us to model honesty and respectfulness in our relationships, responsibility in the performance of our assignments, and a caring attitude that extends to all members of our community. Do you dream of becoming the best educator you can? Of coming to work each day with a sense of mastery, belonging, and purpose? Of working with fun, collegial, collaborative, growth-minded professionals? If so, you could thrive at St. John’s.

Position Purpose

This full-time position requires the teacher to teach multiple subject areas to approximately 14 transitional kindergarten students in a self-contained classroom that values project-based learning, collaboration, and differentiated instruction. The classroom teacher is expected to integrate developmentally appropriate teaching of core-curriculum skills in reading, writing, handwriting, math, science, and social studies within a nurturing environment. Students have access to 1:1 iPads, and teachers are expected to leverage technology, when appropriate, as an integral part of the learning experience. This position is responsible for supervising students within the classroom and other assigned areas. A full-time assistant teacher is also present in the classroom.

Key Accountabilities

• Foster a culturally competent classroom by establishing and maintaining a respectful and conscientious environment.

• Participate in continuous curriculum evaluation and collaborate with grade-level peers and integrated arts and drama specialists to extend and enrich the curriculum.

• Lead the planning, evaluation, and direction of the grade-level curriculum. As part of that work, coordinate with pre-kindergarten and kindergarten teams to ensure the curriculum aligns with the progression of Primary School skills in all subjects taught.

• Serve on one or more subject-specific vertical teams to ensure curriculum alignment and appropriate skill progression through Primary School (preschool through kindergarten) and into Lower School (first through fourth grades).

• Maintain curriculum documentation in accordance with Primary School division requirements.

• Understand and meet the developmental and academic needs of students of varying academic, social, and emotional abilities. Differentiate instruction to meet individual student needs.

• Adapt instructional strategies to accommodate the needs of students with diagnosed learning differences according to the accommodations outlined on Student Support Plans.

• Provide feedback to students and parents using a variety of tools including quarterly skill reports, in-person and video conferences, phone calls, emails, and one-on-one meetings. The teacher is expected to write thoughtful, meaningful, and well-articulated comments that reflect students’ progress and give specific direction for growth.

• Maintain daily lesson plans and effectively use the Student Information System, Seesaw, and various other online tools. The teacher is expected to electronically record attendance and reports.

• Attend and contribute to regular grade-level, vertical, divisional, and all-employee meetings.

• Fulfill other duties as assigned, such as lunch, recess, and carpool duty.

• Adapt curriculum and instructional modalities as necessary based on whether learning is taking place on campus, at home or in a hybrid/blended environment. Demonstrate technical proficiency and the ability to plan, organize, teach, and communicate in person, to a blended in-person/online class, and in synchronous and asynchronous online environments.
