Bike Lab for Grades 7-12

Students learn how to repair and maintain bicycles. Two primary goals of the Bike Lab are to maintain and repair Cotter's fleet of bicycles and repair and make ready the bikes donated by the Cotter community to give to those in need. Community service hours are available for this work.

Session 1: Wednesdays & Thursdays: September 13, 14, 20, 21, 27, 28 (3:30-4:30)

Session 2: Mondays & Tuesdays: October 2, 3, 9, 10, 16, 17 (3:30-4:30)

Instructor: Mr. Paulsen

Cotter Bike Lab, St. Teresa Hall

Cost: None - registration is required

Engineering Machine Design Challenge for Grades 7-12

The Engineering Machine Design Challenge is a regional competition where students build a chain reaction machine that will compete in a local and regional event. Be aware, this class spans many months and requires a bit more commitment than most TEAMS classes.

Wednesdays & Thursdays: October 4, 5, 11, 12, 18 (3:30-4:30)

Instructor: Mr. Paulsen

TEAMS Lab (St. Joseph Hall)

Cost: \$30 for the season

Ukulele for Grades 9-12

A part of our collaboration with STEM101 - build your own Ukulele from a kit. This class is fun, artsy, and you'll leave with a cool little instrument you get to keep.

Mondays & Tuesdays: September 11, 12, 18, 19, 25, 26 (3:30-4:30)

Instructor: Mr. Paulsen

TEAMS Lab (St. Joseph Hall)

Cost: None - registration is required
