NOW AVAILABLE FOR KCPS PARENTS

New and Improved
School Bus Tracking
with MarvelBus

KCPS has worked directly with MarvelBus to develop a Mobile APP for parents to track their child's bus. MarvelBus will be available at the start of fall semester for all families enrolled by August 1. If you were not enrolled by August 1st, you will be able to access MarvelBus on September 6th.

HOW TO ACCESS MARVELBUS:

Parents/guardians with a child eligible to ride the bus will receive a MarvelBus account. No set-up required! Start by searching "MarvelBus" in the app store on your Apple or Android device. Download the free application and get started by logging in with your email address or phone number as registered with the district.

WHY USE MARVELBUS?

- View your child's bus location in real time
- Automatic updates of bus substitution
- SMS notifications inform you if your child's bus is delayed or canceled
- Supports families with multiple children at different schools

OPT IN FOR NOTIFICATIONS:

Opt in for SMS notifications by navigating to "Notification Settings" on the upper right. You can also select the language in which you want to receive the text messages.

VERY IMPORTANT:

Parents must log-in using their email address or phone number as registered with the district in Infinite Campus.

MarvelBus cannot change students' route or stop assignments.
