**Summer Read**
As a reminder, this summer we are reading *Life of Pi* by Yann Martel. This summer novel is read by all members of our community and will be the basis of discussions when we return to school in September.

If you have not done so already, please take a moment to order a copy of this book or to check it out from the library. There is a step-by-step guide on the SEM library page to help with obtaining a library card if you do not have one already.

**Summer Work**
Courses that have summer assignments are posted on the main page of the portal. Please check to see if summer work is assigned for your course.

**Office Hours**
We are pleased to announce that beginning next year we will institute a 25-minute office hours period every day. The purpose of this time is for students to meet with any teacher from whom they need extra help or guidance. Students will be assigned to their advisory during this time and can then travel to a teacher for help.
