Background Information

In accordance with the requirements of Proposition 39, the Board of Education established a Citizens' Bond Oversight Committee (CBOC) to oversee the expenditures and decisions of Measure X Bond Funds. Their role is primarily an audit function with the responsibility to report to the public on the District's expenditures and consistency with the Measure X Bond.

The Committee shall consist of at least seven (7) members, and no more than twelve (12) members with at least one member being a member of a senior organization.

District staff solicited applications from the community through the local newspaper, notices sent to every school, and information on the District's website; including an electronic application. The applications have been provided to the Board of Education for review. Staff has contacted the applicants, reviewed the applications, interviewed and determined a list based on the required categories and experience regarding construction projects.
