PAPER TIGERS

Paper Tigers is an intimate look into the lives of selected high school students at an alternative school that specializes in educating traumatized youth. The film intimately examines the inspiring promise of Trauma Informed Communities.

RESILIENCE

Resilience reveals how toxic stress can trigger hormones, wreaking havoc on children's brains and putting them at a greater risk for disease, homelessness, prison time, and even early death. The film also chronicles pioneers in the fields of pediatrics, education, and social welfare who are using cutting-edge science and field-tested therapies to protect children from the effects of toxic stress.
