First Reading of

Proposed changes to Bylaw BBABA were reviewed by the Board
and will be on the agenda of the next Regular Board meeting for a second reading and potential approval.

**BOARD POLICY JI – PLEDGE OF ALLEGIANCE**

In accordance with the Revised School Code, the opportunity to recite the pledge of allegiance to the flag of the United States will be offered each school day to all students. A student will not be compelled, against the student’s objection or the objection of the student’s parent or legal guardian, to recite the pledge of allegiance. A student will not be subject to any penalty or retaliation at school for not reciting the pledge of allegiance.

**Second Reading of Board Policies:**

It was moved Mrs. Bradford and supported by Mrs. Burton that the Board of Education of the Livonia Public Schools School District accept the recommendation of the Policy Committee and adopt Board Policy language for the following policies:

**BOARD POLICY IDDA – INSTRUCTIONAL PROGRAM JANUARY 30, 2023**

SPECIAL EDUCATION PROGRAMS

The School District will provide eligible students with Individualized Education Plans (IEP) programming and services to meet their needs. These programs and services will be coordinated by the Department of Student Services and its staff. The District will abide by all applicable laws, including State and Federal laws such as Michigan Administrative Rules for Special Education (MARSE) and Individuals with Disability Education Act (IDEA).

**BOARD POLICY IDDD – INSTRUCTIONAL PROGRAM JANUARY 30, 2023**

PROGRAMS FOR THE ACADEMICALLY TALENTED

The School District will provide academically talented students access to learning opportunities both in general education classrooms and in magnet programs, to meet their needs. These programs and services will be coordinated by the directors of elementary and secondary education with the support of the Academic Services Department.
Staff may conduct studies and research to ascertain appropriate curricular and instructional opportunities and programming for academically talented students.

**BOARD POLICY**  
**INSTRUCTIONAL PROGRAM**  
**SYSTEMWIDE ASSESSMENT PROGRAM**  
**JANUARY 30, 2023**

The purpose of the systemwide assessment program is to plan appropriate instructional activities for each student in addition to providing the School District and each school essential information on the growth and achievement of our learners.

The School District will select and administer a series of aptitude, diagnostic and standardized achievement assessments, which provide information related to a student's learning potential as well as longitudinal achievement data on individual learners and cohorts of students in the District. Other appropriate assessments may be used for diagnostic purposes.

The School District shall assess learning based on the current standards and curriculum being used in classrooms across the District. This includes, but is not limited to, school improvement assessments, common course and grade level assessments, and unit tests. These assessments, along with standardized assessments, provide a broader picture of a student's abilities and attainment of standards. In addition, surveys and student focus groups provide a “picture” of students' thoughts, feelings and attitudes.

**BOARD POLICY**  
**INSTRUCTIONAL PROGRAM**  
**TESTING PROGRAMS**  
**JUNE 20, 1988**

The Board of Education expects the staff to select and administer a series of mental capacity tests and standardized achievement tests, particularly in the areas of the so-called basic skills and study skills, as one source of data indicating the nature of the students' potential and of their longitudinal achievement as they progress through the schools. Other appropriate tests may be used on an optional basis for diagnostic purposes.

Although it is the general attitude of this Board that reasonable limits should be placed on the administering of tests to students, it is permissible to administer selected so-called external tests to those students desiring to take the same for college entrance, scholarships, academic competition, and college placement.

The Board of Education encourages the staff to examine continually the values which reflect the objectives of the School System, the needs of students, and the circumstances in society which indicate the necessity for new or different educational experiences. As a result of such study and reexamination, the staff is further encouraged to seek better means for assessing learning in such areas as the cognitive abilities including inductive thinking, the process of inquiry, critical thinking, and the process of problem-solving. Also, it is expected that assessment means should be found or devised through which data may be gathered regarding learning in the so-called "affective domain," including such factors as feelings, attitudes, and appreciations.

**BOARD POLICY**  
**INSTRUCTIONAL PROGRAM**  
**USE AND DISSEMINATION OF ASSESSMENT RESULTS**  
**JANUARY 30, 2023**

The District will provide all parents/guardians and students who are over 18, full access to personal educational data. Student records will not be released to a third party without prior written consent of the parent/guardian or student (if over 18), with the exceptions
made for Livonia Public Schools staff, governmental educational agencies, or other persons, as provided by law.
