First Reading of

Proposed changes to the policies below were previously reviewed by
Board Policies: the Board. These policies will be on the agenda of the next regular Board meeting for a second reading and potential approval.

**JB – Compulsory Attendance**

Regular and timely student attendance is vital to a student’s success and will be a common and shared expectation of the schools, the parents, and the students. Attendance in the elementary and secondary schools of the Livonia Public Schools School District shall be in accordance with the law.

**JBA – Placement of Students**

The law in Michigan governing compulsory attendance requires a parent, legal guardian, or other person having control of a child age six to eighteen to send the child to school during the entire school year, except under limited circumstances specified in the Revised School Code, subsection (3) of subsection 380.1561.

**JBE – Truancy**

Children becoming six years of age before September 1 shall be enrolled on the first day of the school year in which their sixth birthday occurs. A child becoming six years of age on or after September 1 shall be enrolled on the first school day of the school year following the child’s sixth birthday.

**JGCC – Communicable Diseases**

The School District shall report to the appropriate authorities any child who is absent from school in violation of the compulsory attendance law.

**JK – Fundraising Activities**

Parents are responsible for contacting the school in all cases of student absence. All absences will be classified as excused, unexcused, or school business. An excused absence is defined as an absence beyond the control of the student (e.g., illness, family emergency) and reported to the school by the student’s parent or guardian within the designated timeframe. An unexcused absence will result when the parent or guardian does not notify the school of the student’s absence within the designated timeframe. A school business absence includes field trips, counselor appointments, or other instances when the student is legitimately absent from class but is present in or involved with a school function. In cases of doubt, the administrator will make the final determination as to whether an absence is excused or unexcused. Exceptions to the attendance policy may be applicable to a student eligible under either the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

More than three consecutive days of absence is considered to be an extended absence. A total of ten or more absences is considered to be excessive. Written documentation may be requested by the school administration for cases of extended or excessive absences.

**Attendance Records**

Attendance records shall be maintained in accordance with law.
eleven on or after December 1, 2009 or later shall attend school from age six to eighteen. Children becoming six (6) years of age before December 1 shall be enrolled on the first day of the school year in which their sixth birthday occurs. A child becoming six (6) years of age on or after December 1 shall be enrolled on the first school day of the school year following the child’s sixth birthday.

Students who enroll into Livonia Public Schools should customarily be placed in the grade assigned by the previous school. Children who have completed kindergarten in another system but who are of LPS kindergarten age will be initially enrolled in kindergarten.

Adjustments may be made in grade placement when warranted by performance in our school setting.

If a grade level is impossible to determine, the student should usually be assigned to an age-appropriate grade level. The building principal has the discretion to place individual students at the most appropriate grade level.

A child who resides in the School District may enroll in kindergarten if the child is at least five years of age on September 1 of the school year of enrollment, as set by the State of Michigan.

If a child residing in the School District is not five years of age on September 1, but will be five years of age not later than December 1 of a school year, the parent or legal guardian of that child may enroll the child in kindergarten for that school year if the parent or legal guardian notifies the School District in writing that he or she intends to enroll the child in kindergarten for that school year. After receiving this notification, the School District may make a recommendation to the parent or legal guardian of the child that the child is not ready to enroll in kindergarten due to the child’s age or other factors. However, regardless of this recommendation, the parent or legal guardian retains the sole discretion to determine whether or not to enroll the child in kindergarten.

Special Education Students
Special education programs and services are provided to eligible students from birth to age 26.

The Livonia Public Schools School District shall report to the appropriate authorities any child who is absent from school in violation of the compulsory attendance law.

The Board of Education authorizes the superintendent or a the superintendent’s designee in appropriate circumstances to exclude a student or employee from the premises of the School District when the individual is known or reasonably suspected to have contracted a communicable disease based on the Wayne County Department of Public Health Disease Control Division Communicable Disease Reference Chart.

The superintendent or the superintendent’s designee is charged with the duty of establishing and adhering to the aforementioned guidelines and procedures that provide, case by case, an assessment of the risks the infected individual presents to those persons who may come in contact with that individual. These guidelines and procedures must assure that confidentiality of the medical condition of the student or
employee is maintained and that information is disseminated only on a "need to know" basis.

The guidelines and procedures will assure that an administrative decision regarding educational programming and services or conditions of employment will be based in part on a recommendation of an inquiry team which may include health care personnel, the employee's or student's physician and other persons designated by the superintendent of schools.
