

Introducing *Great* Oaks

SINCE
1970

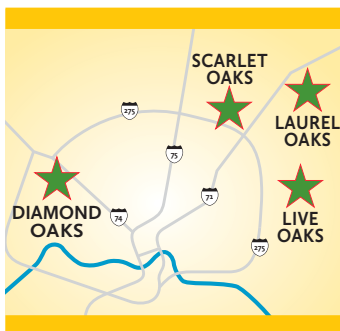

Career and technical education for high school students and adults.

Four campuses – and beyond

24,000 high school students a year at four campuses and 30 area high schools

36 school districts in SW Ohio

14,000+ adult students

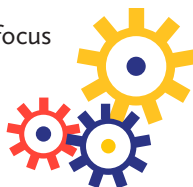

Keeping it relevant

1,100 advisory committee members drive what and how students learn.

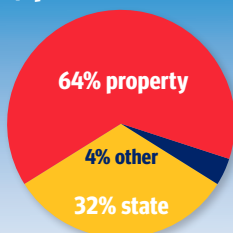

Programs focus on skills in demand by local industry.

Public/private funding

Taxes provide the primary funding for high school programs.

A 2.7-mill operating levy is the only local tax.

Tuition and other fees fund adult programs.

@GreatOaksOhio

Preparing high school students for career success

30+ high school career pathways

100+ satellite programs in partner schools

400
100+

Around 400 students compete in state skills events annually. Well over 100 qualify for nationals each year and several typically finish in the top 10.

High school students:

- ✓ earn college credits
- ✓ gain work experience through internships and co-ops
- ✓ secure industry credentials

Success!

93% of HS students continue education, are employed or both.

Preparing adults for the next step

Start to career in less than a year

Full-time programs train adults in high-demand industries.

Ohio One-Year Option

College credits also may be earned

Learn and improve skills

Short-term job programs and certifications enhance employment opportunities.
