Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24

Introduction

Budget Committee

The Budget Committee is a 14-member group consisting of the Salem-Keizer School Board and seven appointed community volunteer members. Budget Committee appointees serve three-year terms unless they are replacing a member who resigned before serving out their full term. In that case, the new appointee serves the remainder of the term of the member replaced. Members may apply for additional service.

The committee receives the budget message and document, provides opportunity for public comments or questions, and approves the budget.

Community Members	Term Expiration	Board Members	Term Expiration

CONTACT INFORMATION

Budget Committee: 503-399-3021 Email <u>Budget Committee@salkeiz.k12.or.us</u>

Student Advisors are Raylin Brennan and Isaac McDonald

The student advisor/s will be appointed by SKPS board directors annually and serve as a nonvoting member. The student must have one year of experience on the district-led student equity committee/student advisory committee.

Superintendent's Budget Message

Our Vision: All students graduate and are prepared for a successful life.

May 2, 2023

Dear SKPS Community, Parents, Students and Staff,

As I reflect on the near conclusion of my 18th and final year as an Oregon superintendent, I am humbly struck that this is my last budget message. I had the good fortune to follow a superintendent who allowed me to give my first budget message 19 years ago as he mentored me through transition into my first superintendency. I am incredibly thankful to all of you who gave your time in service to our students through each of 19 different budget committee processes. In each process, I have had important conversations, answered tough questions, and made hard choices. Working with budget committee members and the finance teams that do the hard work of putting the budget together has made me a stronger leader. I am thankful to have worked with a community of people who join me in making the well-being of our students our priority in each budget, and in all we do.

Financial Uncertainty

This year's budget has been prepared in continued uncertainty. The state legislature is still in session and has not finalized the State School Fund (SSF). For the 2021-23 biennium, the state approved SSF of **\$9.3 billion**, which was below the current service level for Salem-Keizer Public Schools (SKPS) and other Oregon school districts.

The 2023-24 budget builds on the revenue assumption of **\$9.9 billion**, below the **\$10.3 billion** that is necessary to maintain current service levels and is the second biennium in which SKPS and other Oregon school districts face a shortfall.

Salem-Keizer Public Schools has only been able to maintain and add services for students because of strong fiscal reserves, state grants such as the High School Success (HSS) and the Student Investment Account (SIA), and the Elementary and Secondary Schools Emergency Relief Funds (ESSER) federal grant. Specifically, we hired more teachers, social workers, administrators, and support staff to meet the academic and social needs of our students in a time when they needed them most.

ESSER - Sunsetting in 2023-24

The 2023-24 school year is the final full year for the use of ESSER funds. In this grant, there are approximately **116 full time equivalent (FTE)** positions including nurses, school-based health assistants, and social workers. Additionally, 54 elementary classroom teachers are funded with ESSER funds to reduce primary level class size.

Declining Enrollment

Like most districts in the state, SKPS is experiencing declining enrollment. Despite this decline, SKPS still sees a modest increase in the SSF because of the extended Average Daily Membership Weighted (ADMw) calculation and because SKPS enrollment is declining at approximately the same rate as other districts in Oregon. SKPS is funded based on extended ADMw, which uses the higher of current year or prior year ADMw. This eases the financial impact on school districts experiencing declining enrollment.

		Actual Annual Average Enrollment				Projected Enrollment	
	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24
Elementary	19,797	19,474	18,915	17,271	17,179	17,124	16,882
Middle	9,759	9,907	10,246	9,809	9,569	9,169	8,946
High	11,889	11,869	12,041	12,467	12,574	12,717	12,732
Other	310	348	368	417	269	297	297
TOTAL	41,755	41,598	41,570	39,964	39,591	39,307	38,857

While there is declining enrollment, this proposed budget holds general fund FTE for school allocations consistent year over year with the exception of some general fund FTE shifted into grant funds. We have adopted this approach because we believe excellent instruction and services provided directly to students are the most effective methods for achieving our strategic goals.

Integrated Plan and Strategic Investments

To supplement the SSF and bolster strategic investments in career and technical education (CTE), student mental health needs, graduation, and the reduction of academic disparities in historically underserved focal groups, Oregon provides school districts several grants, including:

- Student Investment Account (SIA)
- High School Success (HSS)
- Early Indicator and Intervention System (EIIS)
- Comprehensive and Targeted School Improvement (CSI/TSI)
- Perkins-V

These large grants are budgeted outside the general fund and include restrictions that require monies to be spent only for specific purposes. New for biennium 2023-25, the Oregon Department of Education (ODE) is requiring districts to braid these five different grants into a focused and integrated strategic planning process known as the Integrated Plan.

Braiding multiple funding sources supports strategic investments that promote student well-being and academic progress. Community, family, and student voices, especially the voices of those who are historically underserved, inform strategic investment of state and federal grant funds and move the district closer to achieving equitable outcomes for all students.

Input received from more than 1,100 community members, families, and students guided the development of the district's integrated plan, and strategic opportunities were identified to account for an underfunded SSF and the expiration of ESSER. This proposed budget moves **13.0 FTE literacy specialists and 21.0 FTE behavior specialists at elementary level** from the general fund to grant funds. These five grants continue to fund **278.2 FTE** that provide direct support to students in the form of social workers, counselors, classroom teachers, instructional assistants, program associates, and administrators.

Sense of Belonging

Students in Salem-Keizer Public Schools represent the diversity of the world in language, culture, race, ethnicity, gender, and sexuality. **We celebrate, honor, and value this diversity** while we work diligently to eliminate microaggressions, racism, discrimination, and oppression and create a sense of belonging for all students.

Care, connection, and community are the heart of a healthy education system and critical for inclusive environments that empower students and staff to thrive and create a sense of belonging. In addition, each is essential for promoting student and staff health, safety, and well-being, and for supporting welcoming schools where all students can learn and thrive.

Student well-being includes mental and emotional health as well as physical health. Each school has mental health services available, and social-emotional health support to students has been expanded. Even with these expanded supports, many students continue to need complex mental health support, and a small group of our students experience such complex needs that support outside of the regular school environment is necessary. SKPS is continuing to seek solutions to meet this need and is working with the community to identify necessary supports for these complex needs.

To promote a sense of belonging and support student mental and social-emotional health, SKPS has invested **\$21.9 million** in grant funds in the integrated plan to create safe and welcoming school environments.

Regular Attendance

Learning cannot happen if students are not attending their classes, interacting with educators, and collaborating with their peers. Attendance requirements were temporarily suspended during Comprehensive Distance Learning, and like many districts across the state, SKPS students have not yet reestablished regular

attendance behaviors. To promote improvement of attendance, SKPS is investing approximately \$368,000 in targeted attendance interventions.

English Language Proficiency

Diversity is one of Salem-Keizer's greatest assets, and more than 110 languages are spoken in the district. We believe that students' culture, heritage, and language are assets that enrich learning environments. We also believe that teaching a child to read is an act of equity, and we strive to give every student access to content by

providing research-based strategies to scaffold access depending on students' needs. Because of our population and our foundational beliefs, SKPS remains committed to the expansion of dual-language programming to support language development and multilingualism. The district's integrated plan includes **\$4 million** in strategic investments to support the expansion of dual language with the goal that students in SKPS have access to a fully articulated Spanish dual-language program within their resident feeder system.

In addition to sustaining dual language, the district has braided funds to continue investments in an English Language Development (ELD) program to support language acquisition at the secondary level. District internal data shows that students who are English learners and achieve English proficiency before they enter high school graduate at rates greater than their English-only speaking peers (87.15% compared to 85.91%), an outcome that affirms our commitment to supporting the development of multilingualism. Based on data and our commitment to the academic and language development of English learners, we have reallocated centralized program associates to support professional development needed to build capacity for school staff to serve the needs of our English learners.

SKPS experienced an increase in the number of students learning English during school year 2022-23 and projects this increase to continue during school year 2023-24.

	Actual English Learners (EL)				Projected EL		
	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24
Elementary	5,411	4,978	4,539	4,191	4,125	4,465	4,450
Middle	1,417	١,597	۱,676	١,693	1,652	1,762	١,850
High	803	961	1,178	1,445	1,443	1,656	١,875
TOTAL	7,631	7,536	7,393	7,329	7,220	7,883	8,175

Third Grade Reading

Reading is a necessary skill that opens doors to advanced academic instruction and to well-paying careers. Learning to decode word parts and whole words is a necessary and important step in learning to read, and this step cannot be taken in the absence of meaning, especially when learning to read in a second, third, or fourth language. The district's investments in literacy, approximately **\$4.1 million**, include improvements in the assessment of early indicators of literacy development and focused professional learning designed to provide teachers with a deep understanding of the science of learning to read and the instructional skills necessary to help students who speak a language other than English at home to build on what they know, assign meaning to words, and access content at the highest levels.

High School Success

Ninth grade is a critical transition time for our students. When students begin their high school careers, it is critical they lay the foundation for four years of rigorous coursework that prepares them for college and careers. With an investment of **\$4.1 million**, the district strives to maintain an intentional focus on a strong start for all high school students. This investment includes additional secondary math teachers and secondary math curriculum, improvements in multi-tiered systems of support, and bridge programs that smooth the transition from grade eight to grade nine.

Salem-Keizer Public School students who are CTE concentrators graduate at rates above 99%. With this metric in mind, the district is investing **\$13 million** in robust and varied CTE offerings that include more than 54 programs, more than **60.0 CTE-focused FTE**, and professional learning in the technical and career skills that lead to living wage careers directly out of high school. With these investments, SKPS continues to create opportunities for all high school students to access one or more CTE programs that match their interests and skills. In addition, SKPS is investing in strategies that support graduation. In sum, approximately **\$17 million** is invested in supporting our high school students from their grade eight transition to graduation.

Investment Summary

The stakeholder engagement process of integrated planning allowed the district to set clear outcome measures and revise its strategic plan. The full integrated plan was presented to the school board and

approved on March 14, 2023, and is available on the district website at https://salkeiz.k12.or.us/skps-integratedplan-budget-2023.

Supports for New Teachers in Schools

Maintaining a stable educator workforce is essential in providing high-quality education for students, and mentoring new teachers is critical. With 22%, or 629 of our licensed staff in their first three years of service, and 483 of those 629 in their first two years of service, a high-quality effective mentoring system is essential for staff and student success. Based on the funding forecast reality and the high numbers of early career educators, we are shifting to school-based supports by braiding grant funds to ensure a minimum of a **1.0 FTE instructional mentor** at each school. This will also provide relief to the general fund as we navigate reductions. As a result of this shift to a school-based model, there is a **6.0 FTE** reduction in the general fund.

Additional Factors and Strategies

There are a number of factors impacting the proposed budget, and we are proposing additional strategies to relieve the pressure on the general fund in order to provide both financial stability and services to students. These include:

- Wages and medical insurance are estimated: SKPS is currently in successor negotiations with both ASK-ESP and SKEA. Budgeted wage and insurance increases in the general fund total approximately **\$14 million**, but this is only an estimate.
- Reduction in classified and licensed reserve FTE: This is the FTE used when there is an unpredicted change in enrollment, course addition, or need.
- Shift of **34.0 FTE** from general fund to grant funds in order to protect future reductions: The **34.0 FTE** align with the strategies in our integrated application.
- Increased transportation budget for athletics, music, and outdoor school, which are no longer supported through grant funds and to adjust for increased costs.
- Reduce 6.0 FTE in function 2210, Improvement of Instruction Services.
- Materials and services budgeted increase of 2%, except utilities with a budgeted increase of 10% for inflation.
- Transfers to asset replacement fund of **\$1 million** for equity-based asset replacement and **\$5 million** for curriculum.

Summary

The 2023-24 proposed budget is **\$1.3 billion** for all funds, including **\$605.3 million** in the general fund. The general fund has a 2.9% contingency, which is below the financial policy of five to seven percent and the lowest contingency presented in a proposed budget in SKPS in the last 11 years. Even with restrictions on spending and the strategic realignment and reduction of FTE, I *do not believe* this budget will meet the financial goals of the district. With the present fiscal uncertainty, resources committed directly to students are critical. We are in a precarious fiscal position, and it will be essential the new superintendent and current school board monitor the fiscal health of the district as they navigate this biennium.

Important to note is that the proposed budget includes federal funding for ESSER, and many positions are funded through this federal grant. The grant expires in September 2024, and strategic financial planning will be needed to address the future funding challenges.

The 2023-24 proposed budget supports the work of our district on behalf of our students. There will always be challenges in front of us, but I am confident in our exceptional staff, including our district leaders and school board who manage resources and who support our students each and every day.

I feel fortunate to have led Salem-Keizer Public Schools and believe together we have become better in service to our students.

Respectfully,

Christz M. Pe Christy Perry

Superintendent

Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24 12

Profile of the District

Salem-Keizer Public School (SKPS) District 24J, the second largest district in Oregon, is one of 19 public school districts located in Marion and Polk counties, Oregon. SKPS provides public education for approximately 40,000 students from preschool through grade 12, as well as community transition programs for students ages 18-21. SKPS was established in January of 1855 by then-county superintendent William P. Pugh, and it consisted of a log cabin school at the southwest corner of Marion and Commercial streets.

Nearly 84 percent of Salem-Keizer students are considered to be economically disadvantaged. SKPS students speak 110 different languages. Five percent of the district's students are enrolled in the talented and gifted program, and 17 percent of students receive special education services. At the high school level, roughly 20 percent of our students participated in athletics, and 16 percent were enrolled in music. SKPS is home to a world-class music program with the most state championships of any Oregon school district.

In SKPS, there are 42 elementary schools, 11 middle schools, six comprehensive high schools, one alternative high school, one early college high school, a Career Technical Education Center (CTEC), preschool programs, four district-sponsored charter schools and one state-sponsored charter school. The district-sponsored charter schools are funded by a portion of the State School Fund distributed to the district as regulated per the provisions of Oregon Revised Statutes (ORS) 338. SKPS has no equity interest in any of the charter schools, and all are considered legally separate organizations.

Enhanced Digital and Guided Education (EDGE) is a robust online learning program for students in grades K-12 that is deeply connected to their schools and powered by Salem-Keizer Public Schools. Utilizing a new enhanced learning experience for students and families, EDGE students are connected to high quality, rigorous and well-rounded learning opportunities, including instructional supports, English language development support and more.

Just over 10,000 SKPS students are enrolled in career and technical education (CTE) courses. SKPS has CTE programs across all six comprehensive high schools, Roberts High School, Edge and Career Technical Education Center (CTEC). There are also 12 middle schools including Roberts with Paxton Patterson career center labs as well as other programs that align with high school CTE. We have 50 state-approved CTE programs and 4 start-up programs. Sixteen of our programs offer industry certification with 22 offering dual credits. Graduation rates are over 99% for SKPS students enrolled as "CTE program concentrators". The district operates CTEC as a public-private partnership that serves juniors and seniors from all district high schools. For additional information, see https://ctec.salkeiz.k12.or.us/cte/.

The class of 2022 earned more than \$58 million in scholarships. The graduation rate is 80.91%.

Two private universities and a community college are located in Salem. Willamette University and Corban University are private liberal arts colleges that offer bachelor and graduate degree programs and are strong partners with SKPS. Chemeketa Community College is one of the largest public community colleges in Oregon and offers a full array of associate degrees and technical programs. Chemeketa Community College plays a vital role in our community by providing college credit to our students while in high school and pathways to college for our students in CTE programs. Chemeketa also provides a pathway to licensure for our early childhood educators and bilingual scholar programs. Along with Corban University, Western Oregon University, though located outside of SKPS boundaries, is a strong partner with SKPS, especially in teacher preparation, bilingual scholars program, and allowing access for students to earn credit in high school through Willamette Promise programs.

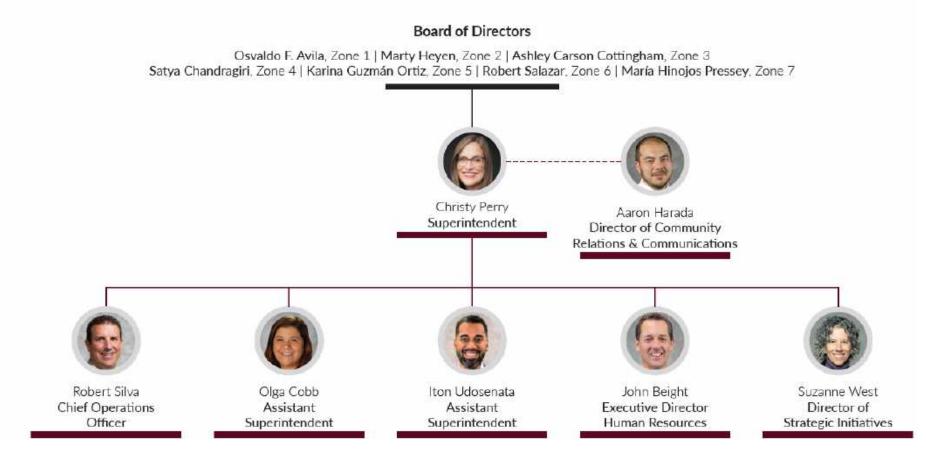

Located just south of the Portland metropolitan area in the center of the Willamette Valley, SKPS serves the state capital, Salem, and the City of Keizer, which are the second and 14th largest cities, respectively. Marion County is Oregon's largest producer of agriculture, and Polk County has the second largest viticulture region in the state. Major employers in the area in addition to SKPS include the State of Oregon, the District, federal agencies, Salem Health, Marion County, Chemeketa Community College, and City of Salem.

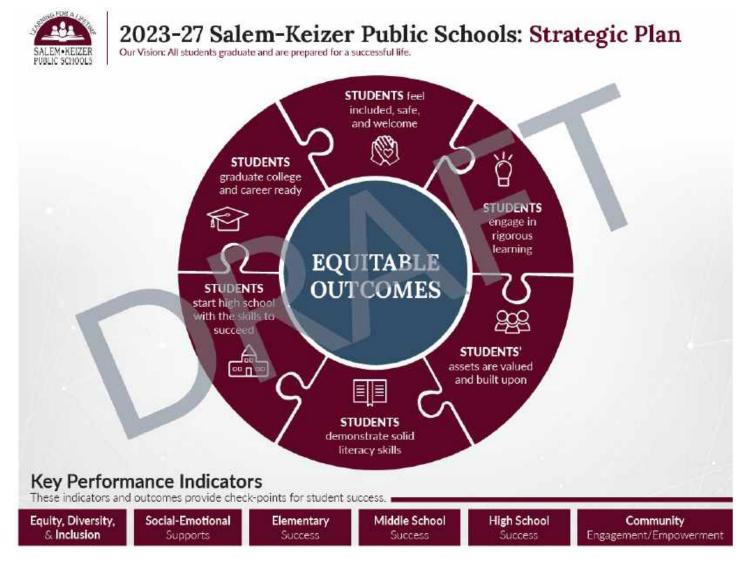

Leadership Organizational Chart

Executive Administration - Salem-Keizer Public Schools | Oregon District 24J

Strategic Plan

The strategic plan is in a multi-year format to provide focus and clarity on the long-term priorities of the district. This plan will be used throughout the year to guide decision making and monitor the growth of our students. The plan is divided into six goals that drive leadership initiatives, professional development opportunities, staffing, and resource decisions.

Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24

Student Enrollment and Average Daily Membership

The number of students the district serves is reported based on Average Daily Membership (ADM). The Average Daily Membership Weighted (ADMw) is the ADM increased by a variety of weighted factors. Examples of weighted factors include students on Individual Education Plans (IEPs), students in poverty, students in English as a Second Language (ESL) programs. SKPS receives funding from the state of Oregon based on the Extended ADMw per ORS 327. The Extended ADMw is the greater of the current or prior year's ADMw.

Projecting student enrollment and ADM is a fundamental activity for budgeting and allocating staff on an annual basis. For planning purposes, the district engaged Portland State University's Population Research Center and a private firm, FLO Analytics, to analyze and forecast student enrollment over the next 20 years. This forecasting will continue to assist the district in monitoring enrollment growth for the budget and staffing process in future years.

All forecasting models, including the district's, predict a growing student population over the long term. However, the district has experienced a decline in student enrollment and ADM recently and has modified the projections to match the most current student enrollment. The following table provides actual and projected average enrollment, ADM, ADMw, and Extended ADMw for SKPS:

Year	Average Enrollment	ADM	ADMw	Extended ADMw
2019-20	41,570	41,085	52,120	52,340
2020-21	39,964	39,010	49,724	52,120
2021-22	39,591	38,696	49,465 ¹	49,724 ¹
2022-23	39,307 ²	38,514 ²	49,246 ³	49,465 ¹
2023-24	38,857 ²	38,009 ²	48,621 ²	49,246 ³

1 Pending certification by Oregon Department of Education

2 Projected

3 Projected, revised March 2023. Will change throughout fiscal year 2022-23. See Budget Assumptions.

Staffing

General Fund Staffing Allocations: The budget process is the first step in allocating general fund resources for the upcoming school year. Next, budgeted resources, such as full-time equivalent (FTE) allocated for instructional staff, are allocated to schools based upon projected enrollment and program needs. These are represented in the FTE amounts outlined in this document in function 1111-Elementary Instruction object 111, function 1121-Middle School Instruction object 111, and function 1131-High School Instruction object 111. We have allocated these resources out to schools using the following ratios:

	Projected Educator (FTE) to Student Ratios				
Level		Title Schools	Non-Title Schools		
Elementary	Grades K-2	1.00 FTE: 25 students	I.00 FTE: 27 students		
	Grades 3-5	I.00 FTE: 27 students	1.00 FTE: 29 students		
Middle		I.00 FTE: 26.50 students	I.00 FTE: 27.25 students		
High		I.00 FTE: 26.75 students	I.00 FTE: 27.25 students		

Actual class sizes are based on a variety of factors in a school such dual language programs and classrooms, transitional bilingual classrooms, split classrooms, building classroom capacity limitations, and master schedules at middle and high schools including elective offerings.

Grants Funding Staffing: Additional staffing support is provided by braiding multiple grant funds to improve equitable outcomes for all students. These grants funds include both federal and state restricted grants and include additional staffing to provide support for improving outcomes for students impacted by COVID-19 through ESSER funding. In addition, grants outlined in the integrated plan fund staff such as literacy specialists, ELD teachers, staff to support mental and behavioral health needs, as well as improve academic achievement. Staff are funded in federal Title I-A funding to help low-achieving students at designated high poverty schools to meet high academic standards. IDEA funding helps to meet the additional costs of providing education and related services to students with disabilities. Our Early Learning grants assist low-income families and children to successfully make the transition to kindergarten.

Budget Policies, Procedures, and Regulations

Salem-Keizer School District 24J/32 is a municipal corporation and must prepare and adopt a budget based on ORS Chapter 294. The budget must be completed by June 30, the day before the start of the fiscal year or biennial budget period to which it relates. The Oregon Legislature identified the purposes of local budget law in the Statute. It is designed to:

- Establish standard procedures for preparing, presenting and administering the budgets of Oregon's local governments,
- Encourage citizen involvement in the preparation of the budget before its final adoption,
- Provide a method of estimating revenues, expenditures and proposed taxes, and
- Institute a method for control of revenues and expenditures for the promotion of efficiency and economy in the expenditure of public funds.

Many of the requirements in the law are designed to encourage citizen involvement. An overarching theme in the law is that public policy decisions are to be made openly in a public meeting. Citizens have the right to attend and to know what local government intends to do before it happens. The law requires that all local governments use uniform formats prescribed by the Department of Revenue in the preparation of a budget.

The following are the primary steps for budget preparation by local governments:

- 1. The governmental entity prepares a proposed budget.
- 2. Notice of the budget committee meeting is published.
- 3. The budget document is made available at or before the budget committee meeting at which the budget is presented.
- 4. The budget committee conducts at least one public meeting for receiving the budget message and review of the budget document as well as providing opportunity for public questions or comments.
- 5. The budget committee approves the budget.
- 6. Notice of the public hearing and a summary of the approved budget are published.
- 7. The governing body conducts a public hearing on the approved budget.
- 8. The governing body, after public comment and deliberations, adopts the budget and enacts resolutions or ordinances accordingly by June 30.
- 9. The governing body certifies the district's tax, if any, to the county assessor by July 15.

The budget represents the financial plan for the district. It contains estimates of revenues and expenditures needed to support SKPS' program offerings for a single fiscal year. The budget does change throughout the year as revenue amounts fluctuate and funds are transferred between various accounts to meet the needs of district instructional programs and services. Transfers are made in accordance with policy relating to appropriations and to ensure compliance with Local Budget Law (ORS 294.305 through ORS 294.565).

The School Board can make any changes, if deemed necessary, to the approved budget before July 1.

- They can increase expenditures of any fund up to 10 percent or \$5,000, whichever is greater.
- Increases greater than this can be made only after the amended budget is republished and a second hearing is held before July 1.
- The governing body can reduce expenditures without republishing the budget.
- They can increase the amount or rate of taxes to be imposed above what the Budget Committee approved after the amended budget is republished and a second hearing is held. They cannot increase taxes above legal limits.
- They can reduce the tax rate or amount approved by the budget committee without republishing the budget.
- They can adjust resources in each fund if additional resources are available after approval by the Budget Committee.

Republication means that the budget, as amended with changes the governing body wants to make, is published in the same manner as the approved budget was originally published. The budget must be amended to reflect changes and a notice and summary must be published in the newspaper again.

Another public hearing must be held to deliberate on the budget approved by the Budget Committee and to consider any additional public comments. The budget does not have to be adopted at the public hearing if the School Board wants to wait until closer to the end of the fiscal year. However, the required resolutions must be adopted at public meeting of the School Board by June 30.

After the budget is adopted, changes can be made during the fiscal year that modify the adopted budget. The legal definition and process for enacting a supplemental budget can be found in Oregon Administrative Rules (OAR) 150-294.0550. A supplemental budget may be prepared when:

- An occurrence or condition that was not known at the time the adopted budget was prepared requires a change in financial planning or requires prompt action.
- Money that was not anticipated when the adopted budget was prepared is made available by another unit or federal, state, or local government.
- A request for services or facilities is received, the cost of which will be paid for by a private individual, corporation, or another government unit and was not known at the time the adopted budget was prepared.
- Property taxes are received in an amount greater than the amount estimated at the time the budget was adopted and the differences in resources will significantly affect the level of service your local government can provide.
- When the estimated expenditures in the supplemental budget are 10 percent or less than the expenditures of the annual or biennial budget fund being adjusted, the governing body may adopt the supplemental budget at one of its regular meetings. Fund expenditures do not include unappropriated ending fund balance, inter-fund transfers or contingency amounts.

The district's budget is prepared utilizing the governmental fund financial reporting method: the modified accrual basis of accounting. Expenditures cannot legally exceed appropriations.

Budget Calendar

January	Start budget projection
January	Start General Fund budget preparation
Fohruary	Balancing and preparation of non-General Funds
February	Continued General Fund budget preparation
March	Financial Services enters required fund transfers and
IVIdICII	balances each fund
	Print notice of Budget Committee meeting and post
	on website
	Initial budget draft is compiled and distributed to
April	Executive team for review
	Make final changes to budget document
	Prepare the proposed budget for Budget Committee
	review

	Budget Committee meets for elections
	Superintendent presents budget message to Budget
	Committee
May	Budget Committee meets to review proposed
iviay	budget and hear public comment
	Changes are made, if necessary
	Publish budget hearing notice and summary of approved budget
	School Board holds hearing regarding adoption of
	the budget
lune e	School Board discusses any changes made by Budget
June	Committee and proposes new changes
	School Board adopts budget, makes applicable
	appropriations and declares tax levies
	Adopted budget takes effect
	Staff submits tax forms to Polk and Marion County
	Assessors
July	Staff submits budget document to ODE and County
	Clerks
	Staff submits budget detail electronically to ODE
	(due in August)

Budget Assumptions

The following assumptions were used in the development of this budget.

- State School Fund revenue of \$9.9 billion statewide
- General Fund beginning fund balance of \$77 million
- Extended Average Daily Membership Weighted (ADMw) of 49,671 students as of February 22, 2023 was used in State School Fund revenue calculation. 2023-24 Extended ADMw is expected to decline through fiscal year 2022-23.
- Property tax revenue is expected to increase 3.50 percent over current year collections
- Salary and medical insurance calculations based on collective bargaining agreements and estimates. Collective bargaining agreements are not in place for 2023-24
- Actual PERS rates were used for filled positions, OPSRP rates were assumed for vacancies. Wages that are subject to PERS all require one of these rates Tier 1 and 2 OPSRP
 16.31 percent + Pickup 6.00 percent + Debt 9.50 percent = Total PERS rate 31.81 percent
 13.47 percent + Pickup 6.00 percent + Debt 9.50 percent = Total PERS rate 28.97 percent
- Workers' Compensation rates are the same as prior year

Non-Labor	1.20 percent
Driver	12.45 percent
Labor	15.06 percent

- Materials and Services increased 2.00 percent, except utilities increased 10.00 percent for inflation
- Cost allocations based on annual average enrollment of 38,857 students

Discussion of General Fund Revenues

Salem-Keizer Public Schools estimates the amount of revenue that it will receive for the upcoming fiscal year budget. The total amount of revenue drives the budget. The primary sources of revenue for general operations for school districts are the State School Fund (SSF) and local property tax revenues. SSF funding is generated by state income taxes. The total allocation is approved by the Oregon Legislative Assembly on a biennial basis. Available state and local resources are major factors in recommending SSF funding to the Governor. Local revenue sources considered as part of state aid are property taxes and "in-lieu" of property taxes. These include Federal Forest Fees, the Common School Fund, State Managed Timber Funds, and miscellaneous revenue adjustments.

Prior to the 1990s, SKPS general operations were primarily funded by local revenue in the form of property taxes. In 1990, Oregon voters passed Measure 5, which restricted government tax rates on any property to \$10 per \$1,000 of Real Market Value and at the same time restricted the education tax rates to \$5 per \$1,000 of Real Market Value. Measures 47 and 50 passed by Oregon voters in 1996 and 1997 established a fixed permanent tax rate for taxing districts including school districts. Measure 50 also set a property's maximum assessed value at 90 percent of a property's 1995-96 real market value. In subsequent tax years, the assessed value is limited to three percent annual growth until it reaches real market value. Additionally, in 1991 the Legislature created a new measure of financial equity for school districts – the K-12 school equalization formula. Under this formula, the amount available for distribution is state aid and local revenues. The base funding per student is the same for all districts and is determined by the amount of money available for distribution. Each district's share of total state and local funding depends solely on the base funding and the cost factors. If local revenues are high, state aid is low to compensate. If local revenues are low, state aid is high. The formula converts local revenues into statewide resources. It does not matter what a district receives in property taxes or other local revenue.

The **General Purpose Grant** is determined by a distribution formula that incorporates a system of weights connected to the student count. The student count begins with Average Daily Membership (ADM). The ADM count is then adjusted to reflect the differences in the cost of educating students requiring more extensive educational services, such as English as a second language, special education, pregnant and parenting, impoverished, and other specified categories. This total count is termed the Average Daily Membership Weighted (ADMw). The total ADMw is multiplied by a statewide target grant of \$4,500. In addition to a state-derived funding ratio, a factor of \$25 per year per student is added to (or subtracted from) this calculation to arrive at the State General Purpose Grant. The factor is determined by a district's average teacher experience.

The **Transportation Grant** is 70 percent of approved transportation costs. Approved costs are those attributable to transporting students between home and school (if more than one mile from elementary school or 1.5 miles from secondary school), between schools, on field trips and for other special cases.

The **High Cost Disabilities Grant** is distributed from a limited, statewide shared pool to reimburse school districts for expenditures providing approved services to students with disabilities which exceed \$30,000 per student.

The **Facility Grant** is distributed from a limited, shared pool on a first-come, first-serve basis to a district in the first year a new school facility is put into use. The facility grant is based on the total construction costs of a new school building excluding land but including the addition of new structures to existing school buildings and pre-manufactured buildings if the new structures are used for instructing students. The district has also been awarded a matching grant of \$8 million from the Oregon School Capital Improvement Matching Grants upon the passage of general obligation bonds.

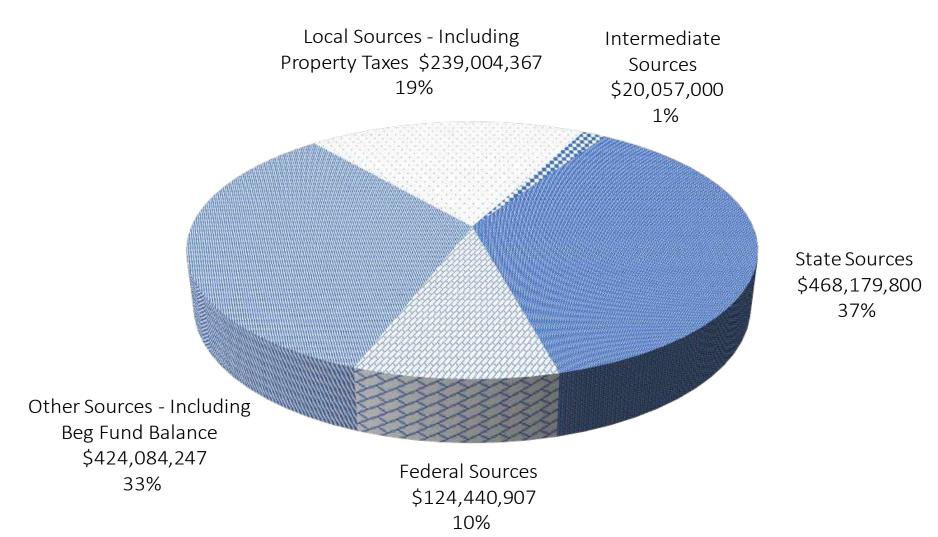

In addition to SSF and local state aid revenues, Oregon school districts receive federal funding for a variety of purposes. Such funding is generally restricted to specific purposes. SKPS may also receive revenue from voter-approved bond sales for capital improvements and property tax operating levies, or construction excise taxes approved by the School Board. Other local revenue not considered state aid would include but is not limited to; specific fees charged to students, services or charges for facility use. The district receives additional assistance from the State for the portion of funds that would have been allocated to its Service District, the Willamette Education Service District (WESD). The district withdrew from the Service District in fiscal year 2011-12 as allowed by Oregon Senate Bill 250.

Property taxes in the district are budgeted for 2023-24 at 3.50 percent over estimated receipts for 2022-23. Property tax rates differ across Oregon and depend on the tax rate approved by local voters and the limits established by the Oregon Constitution. SKPS receives property tax revenue from both Marion and Polk counties, the largest amount from Marion County. The total tax rate on any particular property is calculated by adding all the local taxing district rates in the area. The total tax rate is then multiplied by the assessed value of the property. The assessed value is the lower of the real market value or the maximum assessed value. Measures 5 and 50 limited tax rates set by school districts. SKPS' permanent rate is 4.521 per \$1,000 of the assessed value. SKPS has a levy for payment of its general obligation (GO) bonds, which is determined yearly by the district based on the debt service payments due.

Budgeted Revenues – All Funds

\$ 1,275,766,321

Fund Descriptions

General Fund 101 (Governmental Fund)

The General Fund is SKPS' primary operating fund. The majority of revenue comes from state funding distributed through the State School Fund (SSF) by the Oregon Department of Education (ODE). Financial transactions are recorded in this fund that relate to all activities for which specific types of funds are not required.

Special Revenue Funds (Governmental Funds)

These funds are for dedicated sources of revenue such as grants and fee related funds. These funds are considered either restricted, committed, or assigned.

- Fee Based Programs Fund 214: This fund represents programs that are self-supporting in nature. Programs in the fund include, but are not limited to, elementary after-school childcare and enrichment programs, Associated Student Body (ASB) activities and programs, the E-rate Program, and AVID college visitation support. Upon implementation of GASB Statement No. 84 in fiscal year 2021 and for restated fiscal year 2020, scholarship and memorial funds are now accounted for in this fund.
- Food Services Fund 220: This fund accounts for all transactions associated with food services, including breakfasts, lunches, and after-school programs.
- Asset Replacement Fund 222: This fund provides for the purchase of student transportation equipment, replacement of district infrastructure such as buses, support vehicles, equipment, technology, instructional materials, and other specified activities.
- Energy Efficiency Fund 230: This fund reflects the activities of the state energy efficiency program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption.
- Grants Fund 240: This fund accounts for grants received from state and federal agencies for the purpose of expanding educational offerings and opportunities.

Debt Service Funds (Governmental Funds)

These funds are dedicated to the debt service and are categorized both as restricted and assigned for future use.

- PERS Pension Debt Service Fund 307: The major source of revenue is charges to other funds based on payroll. A sufficient ending balance will be retained within the fund in order to provide a reserve for variances in the annual debt service payment, a buffer against any increase in PERS costs, differences between the estimated versus actual data used in the sale of the bonds, and for potential legal settlement issues that could result from existing and future challenges to PERS. Revenue for the PERS Pension Debt Service Fund is accumulated from charges to SKPS payroll to fund the debt obligations due on these bonds.
- GO Debt Service Fund 308: This fund accounts for the payment of principal and interest on long-term general obligation bonds. The major source of revenue is property taxes.

Capital Projects Funds (Governmental Funds)

These funds are dedicated to acquisition, construction, and improvements of real property (generally buildings and their components and land).

- Special Capital Projects Fund 418: The Special Capital Projects Fund was created in 2014-15 to account for specific multi-year facilities projects. Funding for these projects will be from capital asset sales or other approved funding sources.
- **Preventative and Deferred Maintenance Fund 419:** This fund accounts for resources set aside by SKPS for preventative and deferred maintenance.
- 2018 Bond Capital Projects Fund 421: The 2018 Bond Capital Projects Fund is restricted for use on capital projects funded by 2018 voter-approved bond issues.

Internal Service Funds (Proprietary Funds)

Internal Service Funds are utilized for charges to other funds of the district. This funding is unrestricted.

- Charter Schools Services Fund 604: This fund was established to account for the cost of district charter schools, including the cost of services provided directly to those charter schools.
- Auxiliary Services Fund 605: This fund represents the combination of the internal services provided by the printing department, known as Reprographics, and Central Stores. Each of these operations sells services both inside and outside of the district. This fund accounts for the internal portion of these activities.
- **Risk Management Fund 624:** The Risk Management Fund was established to fund the payment of certain insurance premiums, unemployment claims, worker compensation claims, claims for those risks that SKPS is self-insuring, and the operations of the Risk Management Department.

Classification of Revenues and Expenditures

Salem-Keizer Public Schools utilizes the accounting structure established by the Oregon Department of Education.

In the	In the budget, SKPS is required by state law to show revenues by the following sources (some examples are given for each):		
1000	Local Sources - Property taxes, tuition, investment earnings, extracurricular activities		
2000	Intermediate Sources - County School Fund, Education Service District, in lieu of taxes		
3000	State Sources - State School Fund (SSF), Common School Fund, other Unrestricted Grants in Aid		
4000	Federal Sources - Unrestricted federal revenue direct from the federal government or through the state		
5000	Other Sources - Long-term debt financing sources, interfund transfers, beginning fund balance		

In the budget, SKPS is required by state law to show **expenditures** by the following functions within which are sub functions:

- 1000 Instruction as related to instruction: K-12, special education, talented and gifted, federal Title programs, alternative programs
- 2000 Support Services as related to support of instruction: Support services students, instructional staff, administration
- 3000 Enterprise and Community Services Food services, community recreation services
- 4000 Facilities Acquisition and Construction Service area direction, site acquisition, building acquisition, other construction services
- 5000 Other Uses Debt service, fund transfers
- 6000 Contingency Operating contingency
- 7000 Unappropriated Ending Fund Balance reserve, unreserved fund balance

For more information regarding SKPS accounting, the "Program Budgeting and Accounting Manual" may be referenced on the Oregon Department of Education website.

Classification of Objects

Salem-Keizer Public Schools utilizes the accounting structure established by the Oregon Department of Education.

SKPS' I	SKPS' budget breaks out expenses by object as instructed by the Oregon Department of Education. The objects are as follows:								
100	Salaries - Regular Salaries, non-permanent salaries and additional salaries, additional earnings, overtime								
200	Associated Payroll Costs - Public Employees Retirement System (PERS), Social Security administration, other required payroll costs, contractual employee benefits and post-retirement health benefits								
300	Purchased Services - Instructional, professional and technical services, property services, student transportation services, travel, communication, Charter school payments, tuition to other districts, non-instructional professional and technical services and other general professional and technological services								
400	Supplies and Materials - Consumable supplies and materials, textbooks, library books, periodicals, food, non-consumable items, computer software and hardware								
500	Capital Outlay - Land acquisition, building acquisition, improvements other than buildings, depreciable equipment, depreciable technology, depreciable bus garage, bus and capital bus improvements, and other capital outlay								
600	Other Objects - Redemption of principal, interest, dues and fees, insurance, and judgements								
700	Transfers - Fund modifications, transits, and other transfers								
800	Other Uses of Funds - Reserves for future								

For more information regarding SKPS accounting, the "Program Budgeting and Accounting Manual" may be referenced on the Oregon Department of Education website.

Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24 46

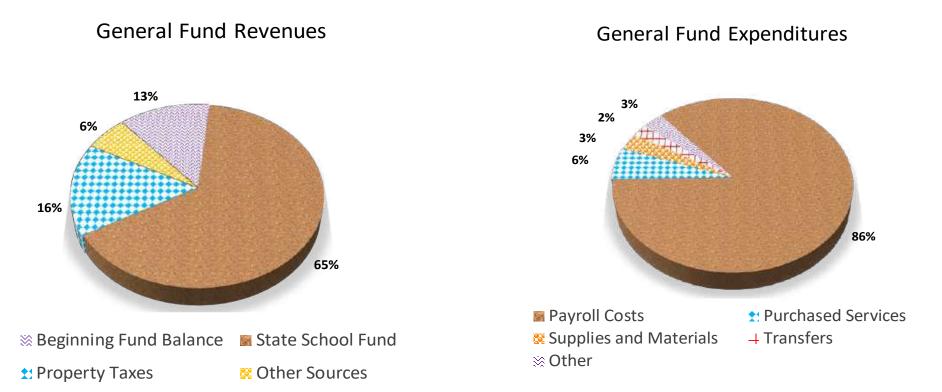

General Fund (100)

Introduction – General Fund – 101

Unassigned Fund*

The General Fund is the district's main operating budget. The graph on this page shows the size of the General Fund in relation to the entire district budget. The General Fund is an unrestricted fund.

Revenue: The majority of the revenue in the General Fund comes from the State School Fund and property taxes. Expenditures: The General Fund is the main operating fund for the district, and provides the bulk of the funding for education.

*Unassigned Fund: The General Fund is comprised of amounts that are available for any purpose under the function classification as approved by the School Board.

Resources Detail – General Fund

			2020-21		2021-22		2022-23			2023-24	
	Account Code and Description		Actual		Actual		Budget		Proposed	Approved	Adopted
1000 -	Revenue from Local Sources

Special Revenue Funds (200)

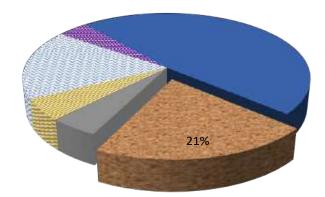

Introduction - Special Revenue Funds

Restricted, Committed or Assigned Funds*

This section includes funds that are either for self-supporting programs, grant funds SKPS has received for specific projects, or fee-based programs. Revenue in these funds may only be used for targeted programs and services as specified by the source of the funds.

Fee Based Programs Fund (Committed*): This fund accounts for programs that are generally self-supporting in nature. Included are Associated Student Body (ASB) programs, after-school childcare programs, and pre-school programs. Revenue sources for this fund include fees, tuition, fundraising activities, scholarships, memorial funds, and donations. Fee Based Programs Fund now includes scholarships and memorial funds due to restatement of prior years for GASB Statement No. 84 presentation.

Food Services Fund (Committed*): SKPS currently contracts with Sodexo School Services for its operation of the Food Service Program that provides nutritionally balanced lunches and breakfasts to all students in Salem-Keizer. Students pay for meals and the district records the revenues along with the expenditures in this fund. In addition, Federal reimbursement dollars under the Free and Reduced Meal Program are recorded in this fund.

Special Revenue Funds: Percent of Total District Budget

Asset Replacement Fund (Restricted or Assigned*): This fund receives the depreciation reimbursement from the state for district school buses and other specific revenue for asset replacement.

Energy Efficiency Fund (Restricted*): This fund reflects the activities of a state energy conservation program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption.

Grants Fund (Restricted*): Grants are funds received from state and federal agencies, non-profit groups and private foundations for the purpose of expanding education offerings and opportunities. Use of these funds is restricted by the source of the grant and cannot be used for other purposes.

*Restricted, Committed or Assigned Funds: The Special Revenue Funds may only be used as specified by law, by contract, by the school board or as stipulated by district policy. These funds cannot be used for general operations of the school district.

Fee Based Programs Fund – 214

The Fee Based Programs Fund represents programs which are self-supporting in nature. Programs in the fund include but are not limited to; elementary after-school childcare and enrichment programs, Associated Student Body (ASB) activities and programs, the E-rate Program, and small memorial and scholarship accounts. The revenue to support these programs and activities comes from user fees, small grants and donations, the Schools and Libraries Program of the Universal Service Fund (E-rate Program), student activity card sales, book sales, athletic participation fees, gate receipts and admissions charges, donations, student fundraising projects and interest earnings. The use of the resources in this fund is restricted by statute, administrative rule and policy.

Fund Detail – Fee Based Programs Fund

Food Services Fund – 220

The Food Services Fund's mission is to provide nutritionally balanced meals to all students in the district. The district participates in the National School Lunch, Breakfast, and After-School Snack Programs, as well as the Child and Adult Care Food Program (CACFP). SKPS also participates in the Community Eligibility Provision (CEP) which allows all students to eat breakfast and lunch free of charge. Currently, meals are prepared at each school site. In addition, the Salem-Keizer Food and Nutrition Center supports and transports food products to schools. SKPS contracts with Sodexo School Services for operation of the Food Service program.

The Food Service program operates under the philosophy that the program will be financially self-supporting. By combining marketing techniques, a desire to "please the customer" and a commitment to quality food and food presentation, the program is able to attract a large number of students and staff. This allows the program to reduce the impact of fixed costs while maximizing the use of all federal reimbursements and subsidies. This minimizes the chance of any additional subsidization from the General Fund.

The Food Service program continually strives to work within their budgetary constraints, provide quality meals and keep lunch and breakfast prices as low as possible for students.

Asset Replacement Fund – 222

The Asset Replacement Fund provides for the purchase of student transportation equipment, replacement of district infrastructure such as buses, support vehicles, equipment, technology, instructional materials, and other specified activities. Sources of income are generally comprised of transportation depreciation reimbursements from the State of Oregon, Facilities Grant revenue, equipment use fees, district set-asides from the May adjustments process and other revenue as identified. The use of some of the resources in this fund is restricted by statute, administrative rule and policy. There are no FTE in this fund.

Energy Efficiency Fund – 230

The Energy Efficiency Fund reflects the activities of the state energy efficiency program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption. The principal revenue source is subsidies from Portland General Electric. SKPS must be audited to receive funding. The Oregon Department of Energy approves audits and projects funded by the subsidies. There are no FTE in this fund.

Transfer of funds out of Energy Efficiency Fund of \$2,500,000 is a transfer in to the Special Capital Projects Fund.

Grants Fund – 240

Grant funds are primarily received from state and federal agencies for the purpose of expanding educational offerings and opportunities. The legal authority establishing the fund specifies the use and limitations of such funds and, generally, the resources cannot be diverted to other uses. As such, they represent reimbursement to the district based on actual expenditures incurred. In some instances, SKPS may be required to provide "local effort" or "matching effort" to support program activities. This often takes the form of "in-kind" contributions such as provisions of classroom or office space, or matching effort from allocation of existing resources, such as district employees. The Grants Fund includes significant estimates about future revenue and expenses. This fund budget is built manually and does not utilize the district's automated budgeting system. The resources in this fund are restricted by the provisions of each individual grant, statute, administrative rule, and policy.

Grant Descriptions

ARP-HCY I and II

These grants are to work in tandem with and in addition to our district's McKinney-Vento Grant. Funds will help to facilitate enrollment, retention, attendance and school success for our children and youth experiencing homelessness so that they are able to fully participate in school activities.

Community Resource Trust Grant

Funding supports CTEC Evaluation which includes data collection systems, alumni tracking and workforce partnerships.

Coronavirus Aid, Relief and Economic Stimulus Act (CARES) Grant

Federal grant funding in response to COVID-19 through the Coronavirus Aid, Relief and Economic Stimulus Act (CARES or ESSER I), the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA or ESSER II) and the American Rescue Plan Act Elementary and Secondary School Emergency Relief Fund (ARP ESSER or ESSER III) which all provide targeted support for students to help offset the impact of COVID-19.

Early Indicator and Intervention Systems Grant

The Student Success Act, House Bill 3427, creates a grant program to assist school districts with implementing early indicator and intervention systems (EIIS). The goal of the EIIS grant program is to align school, district, and community systems to help students stay on track to graduate from high school.

ESSA Partnership District and School Improvement Grant

Every Student Succeeds Act (ESSA) requires states to develop systems to meaningfully differentiate schools in need of additional support. The intent of the grant is to provide resources for the district to implement our district improvement plan and to install self-monitoring routines with feedback loops. Both the district and school teams will utilize funds for focused planning and staff development in order to carry out meaningful implementation.

Fresh Fruit & Vegetable Program

Fresh fruits and vegetables are provided for students during the school day, outside of the regular meal program, to help eliminate hunger between large gaps in meal periods.

Gray Family Foundation's Geography Grant

Gray Family Foundation's geography grant program is to spark the creativity, talent, and vision of Oregon's formal and informal teachers, schools and districts, and communities to stimulate and promote the integration of geographic concepts and ideas into K-12 curriculum and instruction.

High School Success

High School Success is a fund initiated by ballot Measure 98 in November 2016 that provides direct funding to school districts to increase high school graduation rates. The spirit of the measure was to provide funding to establish or expand programs in three specific areas:

- Dropout Prevention
- Career & Technical Education and
- College Level Education Opportunities

Indian Education Formula Grant Program (Title VI)

The Indian Education Grant is a federal grant provided to meet the specific and unique educational and culturally related needs of American Indian/Alaska Native children in grades K-12. The grant provides supplemental tutoring, leadership development, academic support and social-emotional support to over 700 students. Parental engagement and family support are an integral part of the program success.

Individuals with Disabilities Education Act Grants (IDEA Part B)

SKPS is allocated funds, based on the number of identified and served handicapped students, to help meet the excess costs of services to these students. Grant funds are used only for the excess costs of providing special education and related services to students with disabilities, ensuring that they have access to public education, meeting each student's unique needs and preparing them for further education, employment, and independent living. These grant funds also assist districts with annual performance data collection and reporting for special education and may be used to provide training for special education staff.

Kindergarten Readiness Partnership & Innovation Grant (HUB)

Funds are provided to increase readiness for kindergarten as measured by the Oregon Kindergarten Assessment. The intent is to expand or launch an innovative model for early learning/K-12 integration that has the potential to be replicated in other communities.

McKinney Vento Act (McKinney)

This grant provides supplemental funds to facilitate the enrollment, attendance and school success of homeless children and youth. The funds are used to identify and support the educational needs of homeless youth.

Oregon Department of Environmental Quality Clean Diesel

This multiyear grant is for the replacement of 52 school buses at the lesser of 30% or \$50,000 of the cost of each bus. The funding is provided through a State Clean Diesel grant issued to DEQ as a result of the settlement of claims made against Volkswagen America.

Oregon Parenting Education Collaborative

The Oregon Parenting Education Collaborative is a multi-year grant program that supports the delivery of parenting education programs. The Collaborative's partners believe that parents are their children's first and most important teachers, and that investment in strong parenting is a critical strategy for ensuring that all children are ready to learn.

Oregon Pre-Kindergarten (OPK) Head Start Program

This project provides three- and four-year-old children from low-income families a comprehensive preschool program. The project includes: a comprehensive and developmentally appropriate preschool that utilizes Head Start performance standards and is supplemented by home visits by the teachers and advocates; total family involvement in the program, including parent education, parent advisory committees and parents volunteering in the classroom; and activities to assist families and children to successfully make the transition to public school kindergarten.

Outdoor School

This grant is state funded and committed to providing and outdoor school experience to Oregon fifth- and sixth graders.

Perkins

The Perkins grant provides students with relevant career-related learning experiences, student leadership opportunities, and cooperative work experiences. The grant provides supplies, materials, and staff development.

Portland General Electric (PGE) School Bus Electrification Project

The PGE School Bus Electrification Project provides support to deploy one electric school bus including charging infrastructure. Qualifying costs include any reasonable costs, above and beyond those of a traditional school bus, to place one electric school bus in service.

Preschool Promise

Four free preschool programs are available for families that qualify based on income. Children served are three or four years old.

Secondary Career Pathway

The Secondary Career Pathways Funding was established by the Oregon Legislature through HB 3072. This is a first attempt at a sustained funding source for Career and Technical Education (CTE). It is intended that the funds allocated through this program will incentivize intensive CTE Programs of Study that lead to high wage and high demand occupations.

Siletz Tribal Charitable Contribution Fund - Eagle Feather Graduation Ceremony Grant

The funds will help provide beaded feathers, woolen stoles, food, and supplies for Indian Education's Annual Eagle Feather Graduation Ceremony. The gifting of traditional items of honor, as well as community acknowledgement of accomplishment, has been an incentive for many of our Native American students to complete high school, whilst celebrating their culture.

Student Investment Account (SIA)

The SIA was made possible through Oregon legislature under HB 3427. The SIA falls under the Student Success Act umbrella of funding. The district formed the SIA Task Force to engage the community and shape the SIA programs at SKPS. That resulted in an SIA plan to address mental and behavioral health need and improve academic achievement.

Student Success Act (SSA)

The Oregon law called the Student Success Act provides funding for Oregon children and families. SSA is split into three categories - Early Learning Account (ELA), Student Investment Account (SIA) and Statewide Education Initiatives Account (SEIA). The ELA funding targets children and families from prenatal through five years old who are economically challenged. The SIA dollars are designated for improving achievement and growth for all students but will be targeted specifically for students of color, students with disabilities, emerging bilingual students, students navigating poverty and students who are accessing foster care supports. The SEIA expands programs focused at improving academic opportunities for all Oregon students, especially historically underserved student groups.

<u>Title I-A – Improving Basic Programs</u>

Title I-A funds are provided to help low-achieving students at designated high poverty schools meet high academic standards. Funds are distributed on a per-pupil allocation based on poverty level represented by a school's free and reduced lunch count. Schools that receive Title I-A funds include: Auburn, Bush, Chavez, Cummings Englewood, Eyre, Four Corners, Grant, Hallman, Harritt, Hayesville, Highland, Hoover, Keizer, Kennedy, Lamb, Miller, Richmond, Scott, Swegle, Washington, Weddle, Wright, Yoshikai, Claggett Creek, Houck, Leslie, Parrish, Stephens, Waldo, McKay, North and Roberts. The majority of Title I-A funds in Salem-Keizer are used to provide additional staff to work directly with low-achieving students in reading and math. Funds are used to support parent involvement, help teachers and instructional assistants refine their educational skills through staff development, support pre-school education, provide extended learning opportunities including elementary and secondary summer schools and provide services to homeless youth and preschool children.

Title I-C – Migrant Education

The purpose of the Migrant Education Program (MEP) is to ensure that migrant children fully benefit from public education opportunities. These funds are used to reduce the educational disruption and other problems that result from the migrant lifestyle. Funds are used to recruit students to the program, tutoring, extended day/year educational activities, family support, and to provide awareness of post-secondary opportunities.

<u> Title I-C – Migrant Preschool</u>

The Chapter 1 Migrant Preschool grant provides a developmentally appropriate preschool education to migrant children ages 3-5 with a parent involvement program for their parents. Emphasis is placed on children who will enter kindergarten the following year.

Title I-C – Migrant Summer School

These funds are used for extended year and tutorial services to support increased student academic achievement, parent involvement, and support services for migrant children and their families. The program takes advantage of the summer break to address the gaps in the education of migrant students due to moving, lack of language, or lack of opportunity.

Title I-D – Neglected and Delinquent or At-Risk Children

This grant provides students in local institutions for neglected or delinquent youth with services to make successful transitions to further their schooling and to provide services to encourage district at-risk youth to stay in school.

Title III – English Learners and Immigrant Youth

Title III funds support English Language Learners and immigrant students to develop English language skills, succeed academically, and overcome barriers that impede their academic success. It provides for language instructional programs, professional development designed to improve instruction and assessment of limited English proficient students and parental and community participation.

Title IV-A Student Support and Academic Enrichment (SSAE) Grant

Newly authorized under subpart 1 of Title IV, Part A of the ESEA, the Student Support and Academic Enrichment (SSAE) program is intended increase the capacity of State educational agencies (SEAs), local educational agencies (LEAs), schools, and local communities to: 1) provide all students with access to a well-rounded education, 2) improve school conditions for student learning, and 3) improve the use of technology in order to improve the academic achievement and digital literacy of all students. (ESEA section 4101).

Tribal Attendance Promising Practices (TAPP) Grant

The intent of this grant is to reduce chronic absenteeism of American Indian/Alaska Native students in the state of Oregon. Family advocacy and deep local connections to create school-wide initiatives to reduce chronic absenteeism will be the main focus. The intent of the collaboration is to strengthen the links between Oregon tribes and the schools that serve enrolled tribal members. This position will provide support and strategies to improve student attendance rates in one identified school feeder system with the highest level of absenteeism for Native and Indigenous (AIAN) students.

Youth Transition Program (YTP)

The YTP grant provides for staffing, staff development, supplies and travel for the operation of the YTP program in connection with vocational rehabilitation. The YTP program is a transition program designed to prepare students with disabilities for employment or career-related post-secondary education/training.

Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24 I 54

Debt Service Funds (300)

Introduction - Debt Service Funds

PERS Pension Debt Service Fund – 307: This fund accounts for the district's refinancing of its accrued Public Employee Retirement System (PERS) liability in 2002, 2004 and 2015. The major source of revenue is charges to other funds based on payroll.

GO Debt Service Fund – 308: This fund accounts for the payment of principal and interest on long-term general obligation (GO) bonds. The major source of revenue is property taxes.

PERS Pension Debt Service Fund – 307

Assigned Fund*

This fund accounts for the district's refinancing of its accrued Public Employee Retirement System (PERS) liability in 2002, 2004, and 2015. The major source of revenue is charges to other funds based on payroll.

SKPS issued bonds in the amount of \$203.4 million in 2002 and 2004 to extinguish its unfunded actuarial liability (UAL) with PERS. SKPS issued an additional \$50.1 million in 2015 to extinguish the remaining UAL with PERS.

A sufficient ending balance will be retained within the fund in order to provide a reserve for variances in the annual debt service payment, a buffer against any increase in PERS costs, differences between the estimated versus actual data used in the sale of the bonds, and for potential legal settlement issues that could result from existing and future challenges to PERS. The repayment of these bonds will be made by the State of Oregon on behalf of SKPS from its State School Fund allocation. 5%

PERS Pension Debt Service Fund: Percent of Total District Budget

There are no FTE in this fund.

*Assigned Fund: The Debt Service Fund - PERS Pension Bonds is an assigned fund to be utilized for the retirement of PERS Bonded Debt or PERS pension payments.

SALEM-KEIZER PUBLIC SCHOOLS

GO Debt Service Fund – 308

Restricted Fund*

This fund accounts for the payment of principal and interest on long-term general obligation (GO) bonds. The major source of revenue is property taxes.

When the district sells bonds to finance a voter-approved bond levy, an account is set up to repay the debt associated with the sale. The fund receives the money that is allocated from taxpayers to repay the debt associated with the voter-approved construction bond.

In November 2008, district voters approved a \$242.1 million construction bond, and in March 2009, SKPS issued \$178.7 million of bonds. In December 2009, SKPS issued an additional \$31.8 million of bonds. SKPS was able to take advantage of the federal Qualified School Construction Bond Program resulting in savings for taxpayers. In May 2018, voters approved a \$619.7 million construction bond, and in July 2018, SKPS issued \$383.2 million in bonds. In July 2020, SKPS issued the remaining voter-approved bonds of \$236.5 million.

5%

GO Debt Service Fund: Percent of Total District Budget

There are no FTE in this fund.

Legal Debt Limit

School districts in Oregon that serve K-12 have a legal debt limit on General Obligation debt equal to 7.95% of real market value of all taxable property within their district. For SKPS, this limit is \$3.3 billion. As of June 30, 2023, the district had \$650.4 million in General Obligation debt, which is 19.71% of the borrowing limit. The available amount of additional debt the district can borrow is \$2.7 billion.

*Restricted Fund: The Debt Service Fund - General Obligation Bonds is a restricted fund under Oregon law. The fund may only be used as specified by law. It cannot be spent on instructional programs or general operations of the school district.

Capital Projects Funds (400)

Introduction - Capital Projects Funds

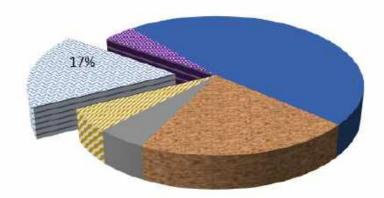

Restricted, Committed or Assigned Funds*

The Capital Projects Funds account for the proceeds of voter-approved general obligation bond issues and other special projects.

Special Capital Projects Fund (Committed and Assigned*): This fund was created in 2014-15 to account for specific multi-year facilities projects. Funding for these projects will be from capital asset sales or other approved funding sources.

Preventative and Deferred Maintenance Fund (Assigned*): This fund was established in 2014-15 to account for preventative or deferred maintenance projects. Funding for these projects will be from General Fund transfers and other approved funding sources.

2018 Bond Capital Projects Fund (Restricted*): This fund was established to account for the proceeds of voter-approved general obligation bond issues.

Capital Projects Funds: Percent of Total District Budget

*Restricted, Committed or Assigned Funds: The Capital Projects Funds may only be used as specified by law, by contract, by the school board or as stipulated by district policy. These funds cannot be used for general operations of the school district.

Special Capital Projects Fund – 418

The Special Capital Projects Fund was created in 2014-15 to account for specific multi-year facilities projects. Funding for these projects will be from capital asset sales or other approved funding sources. There are no FTE in this fund.

2018 Bond Capital Projects Fund – 421

The 2018 Bond Capital Projects Fund was established on September 12, 2017 to account for the proceeds of voter-approved general obligation bonds issued in 2018. The proceeds from the sale of bonds are used for the acquisition, construction and improvement of school district facilities. A property tax levy is needed to support the repayment of general obligations bonds issued for the purpose of capital construction and improvement. The District issued the remaining bond amount of \$236,470,000 in 2020.

Internal Service Funds (600)

Introduction - Internal Service Funds

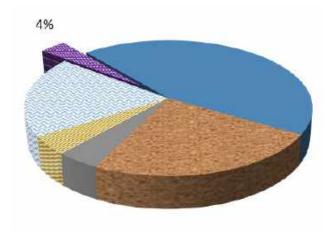

Proprietary Funds*

Internal Service Funds track services provided by one district department to other district departments. Districts may choose to either provide them for themselves or contract them out. SKPS found it to be more cost-effective to provide these services for itself. These funds are for services provided for within the district.

Charter Schools Services Fund: This fund tracks the cost of district services directly associated with the start-up and management of each charter school contract.

Auxiliary Services Fund: This fund is for the district's print shop, central warehouse and transportation services. These operations sell products and services, both inside and outside SKPS. Each activity is to cover its operating costs, including a portion of equipment replacement.

Risk Management Fund: This fund is for the payment of insurance premiums, unemployment claims, worker compensation claims and claims for those risks that the district is self-insuring.

*Proprietary Funds: The Internal Service Funds operate on a cost reimbursement basis and provides goods and services primarily to other funds of the district. They are unrestricted.

Charter Schools Services Fund – 604

The Charter Schools Services Fund was established to account for the cost of services provided directly to those charter schools. The relationship with each charter school is established by district contracts.

Auxiliary Services Fund – 605

The Auxiliary Services Fund represents the combination of the internal services provided by the printing department, known as Reprographics, and Central Stores. Each of these operations sells products and services, both inside and outside of the district. This fund accounts for the internal portion of these activities. Each activity is to cover its own operating costs, including equipment replacement.

The Central Stores operation sells products to other funds within the district. The objective is to save tax dollars by reducing duplication of effort and by permitting us to take advantage of savings and efficiencies obtained because of the larger size of Salem-Keizer Public Schools. SKPS can take advantage of lower unit pricing due to increased volume.

This fund also reflects the activities of the Reprographics Department that provides services to all schools and departments within the district. The cost of this service is charged back to the user and the size of this budget is based on user demand. As the demand for service increases, both the expenditures and corresponding charge backs (revenues) increase.

Risk Management Fund – 624

The Risk Management Fund was established to fund the payment of insurance premiums, unemployment claims, worker compensation claims, claims for those risks which the district is self-insuring and the operations of the Risk Management Department. Risk management is the systematic identification of exposure to the risk of loss, coupled with the selection of the most appropriate method of managing that exposure.

All of SKPS' work involves possible risk of loss through acts of nature, the economy, society, as well as normal business concerns arising from acts or non-acts of employees and the operational abilities of the district's facilities and equipment.

The source of revenue for this fund is largely from the General Fund. Through the proper control of risk, SKPS is able to realize significant savings in insurance premiums and self-insured losses to build sufficient reserves in this account and to fund additional self-insurance programs. Self-insurance reserves have been established based on actuarial studies.

Each salary step represents a year of experience, i.e. Step 1 = no experience credit; Step 6 = five years experience credit completed, entering 6th year of experience, etc. Experience means the previous teaching experience that a teacher is allowed upon entering the District, plus experience within the District. As a result of eliminating step "0," employees hired before July 1, 2004, step will indicate years of experience, i.e. Step 6 = six years experience credit completed.

This salary schedule is for a 192-day work year.

Each year, an additional \$1,000 will be added to the top of salary columns MA+0, MA+24, and MA+45.

District will pay 100% of the employee's contribution to Public Employees Retirement System.

Effective July 1, 2004, unit members shall receive longevity pay after three (3) years at the maximum level on the MA+24 column or MA+45 column of the salary schedule. Eligible unit members shall receive longevity pay once every three (3) years in **June of the qualitying year** as a single payment equal to the increment received by persons moving to the top of the respective column. Unit members on the 8+69 column of the salary schedule as of March 4, 2005, shall be eligible to receive longevity pay after three (3) years at the maximum level on the 8+69 column.

Licensed Differentials and Intramurals

The Collective Bargaining Agreements expire June 30, 2023. Wage scales shown are for 2022-23 since they are not finalized for 2023-24. Wage scales are informational, not the formal source.

## Salem-Keizer Public Schools: Social-Emotional & Behavioral Health Supports

Our Vision: All students graduate and are prepared for a successful life.

At the start of the 2016-17 school year, Salem-Keizer Public Schools, like many other districts across the state, experienced an increased number of students who were struggling to self-regulate and appropriately manage emotions, often becoming disruptive or making un-healthy decisions during the school day. Our district leaders and staff quickly realized that the socialemotional/mental health of our students was just as important as cognitive/academic development. SKPS made a commitment to prioritize social-emotional learning (SEL) and behavioral health services and supports right alongside our academic instruction, which would initiate our whole child learning philosophy. Since the fall of 2016, SKPS has more than doubled funding for SEBH support, from approximately \$18,000,000 annually to approximately \$38,000,000 annually.

## TIMELINE

- All schools have a counselor and a minimum 0.5 FTE behavior specialist.
- On-site Mental Health Partnership with Marion, Polk, & Trillium established (10+ schools)
- Established Behavior Intervention Center
- Established Office of Behavioral Learning

## 2017-18

2016-17

 Increased the number of schools offering on-site mental health services (20+ schools)

## 2018-19

- Introduced Panorama
- Introduced SEL curricula

## 2019-20

- Added new mental health provider: Increased the number of schools offering on-site mental health services (45+ schools)
- Embedded instructional and behavior support assistants within schools

## 2020-21

- Increased the number of schools offering on-site mental health services to include all schools (65 schools)
- Introductory Restorative Practices Training
- Implicit Bias training for all Behavior Specialists & Behavior Cadre

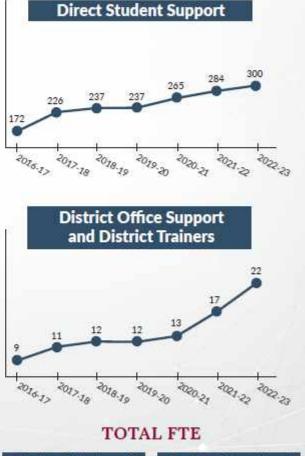

## 2021-22

- Implemented Restorative Practices in pilot schools
- Contracted with three bilingual mental health clinicians to provide counseling services for students at McKay and North Salem High School

## 2022-23

- Implemented ASIST Suicide Prevention Training Program for counselors, school psychologists, and social workers
- Implemented Family Checkup Online, an evidence-based, trauma-informed approach to support parenting skills at five middle schools and associated elementary feeder systems
- Joined Connect Oregon, coordinated care network of health and social service providers
- Hired two Board Certified Behavioral Analysts
- Expanded Restorative Practices to additional schools and departments

## ADDITIONAL STAFF

#### Number of district staff devoted to behavior support. Include:

- 10 Behavior Trainers
- 12 PAs (CRPBIS, ENVoY, counselors, social workers)
- Other behavior supports (e.g., suicide prevention, safety and student response systems)

#### Number of school-based behavior support staff. Include:

- 74 Behavior specialists
- 122 Counselors
- 69 Behavior cadre (Instructional Support Assistants)
- 23 Social workers
- 12 School psychologists

Rev. 0/30/22

## SEBH GLOSSARY

Behavior Cadre: A school-based role that provides temporary support and assistance to special education and classroom staff throughout the district for extreme behavior issues, acute medical situations, and difficult student transitions.

Behavior Intervention Center (BIC): Program designed to aid students needing substantial support to regulate emotions and behavior. Program placement is temporary by design, with the goal of equipping students with the skills necessary to join their peers in a general education setting.

**Behavior Specialists:** A school-based role that assists building administration in the planning, implementation and assessment of the schoolwide student management program and contributes to a positive school culture and climate. Works directly with students in the SEL and the development of SEBH and with school-based staff in the creation of positive and supportive classroom environments.

Culturally Responsive Positive Behavior Interventions and Supports (CRPBIS): an integrated framework to embed equity efforts into school-wide positive behavioral interventions and supports (SWPBIS) by aligning culturally responsive practices to the core components of SWPBIS.

Mandt: A positive behavior support approach that trains adults how to resolve and interrupt escalating student behavior before it becomes a serious issue. Mandt advocates a move away from control and coercive techniques and a commitment toward restraint reduction and wherever possible, restraint elimination.

Office of Behavioral Learning (OBL): A department formed in the fall of 2016 and incorporated into the curriculum and instruction MTSS team in fall of 2020. OBL was established to support schools with the SEBH of students and to allocate behavior resources to those areas where they were most needed. This same service continues within MTSS.

Panorama: Panorama helps schools and districts support student and adult SEL with research-backed surveys and actionable data reports.

**Restorative Practices:** A social science that studies how to strengthen relationships between individuals as well as social connections within communities. Human beings need strong and meaningful relationships to thrive, and Restorative Practices centers relationship within adult and student responses to behavior. Restorative practices, though new to the social sciences, has deep roots within indigenous communities throughout the world.

School Counselor: A school-based role that plans, promotes, and delivers a comprehensive, developmental program of guidance and counseling to assist students in the areas of academic achievement, career decision making, personalsocial growth and community contribution. School Counselors act as a consultant, in this regard to; school staff, parents and community members.

School Psychologist: An itinerate role that enables students to benefit from educational opportunities by conducting psycho-educational evaluations, engaging in consultation services, offering staff training, and providing direct service to students and staff. School Psychologists collaborate with educators, parents, and other professionals to create safe, healthy, and supportive learning environments that strengthen connections between home, school, and the community.

School Social Worker: A school-based role or district-level itinerant role that works cooperatively with school personnel, parents, students, and community agencies, helping to facilitate student educational and interpersonal success.

Social-Emotional and Behavioral Health (SEBH): Social, emotional, behavioral, and mental health and well-being that affects how we think, feel, communicate, act, and learn. SEBH contributes to resilience, relationships, stress and emotions, and our choices. The knowledge and skills that promote and support SEBH include: Self-Awareness, Self-Management, Responsible Decision-Making, Social Awareness, and Relationship Skills that support well-being and academic success.

Social Emotional Learning (SEL): SEL is the process through which all people acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions, achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. SEL supports positive SEBH.

# Glossary

Account Codes	Account codes identify the funding source and nature of a budgeted expenditure.			
Accrual Basis	The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows, not typically used in governmental accounting or budgeting.			
Achievement Compact	Agreement between the state and school district setting targets for achievement.			
Achievement Gap	A persistent and significant disparity in educational achievement and attainment among groups of students as determined by a standardized measure.			
Adopted Budget	The financial plan adopted by the school board which forms a basis for expenditure appropriations.			
ADM	Average Daily Membership is the year-to-date average of daily student enrollment.			
ADMw	Average Daily Membership Weighted is the average daily membership of daily student enrollment increased by a variety of weighting factors. For example, each student qualifying for special education services is given an additional weight and counted as 2.0 full-time equivalents (FTE) for funding purposes.			
Allocations	To divide an appropriation into amounts for specific purposes.			
Annual Report	Consolidated Annual Financial Report. The audited report of district revenues and expenditures, which represent the district's financial position.			
Assessed Value	The portion of value of real or personal property that is taxable; the lesser of the property's real value or the constitutional value limit. The value may increase by a maximum of 3% annually unless qualifying improvements or changes are made to the property.			
Assets	Resources owned or held by a government, which have monetary value.			
Assigned Funds	Funding designated at the district level for a specific purpose.			
ASK ESP	Association of Salem-Keizer Education Support Professionals. Bargaining unit for classified staff.			
Balanced Budget	Projected resources equal projected requirements within each fund, required by Oregon law for governmental budgets.			
	Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24			

Beginning Fund Balance	Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year. The beginning fund balance is the same amount as the previous year's ending fund balance.
Bond or Bond Issue	A certificate of debt guaranteeing payment of the original investment plus interest on specific dates.
Budget	A plan of financial operation embodying an estimate of proposed expenditures and means of financing them for a single fiscal year.
Budget Committee	A board of the district, consisting of the school board and an equal number of legal voters of the district, appointed by the board.
Budgetary Control	The management of the district in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.
Capital Budget	A plan of proposed capital projects for the coming year and the means for financing them.
Capital Outlay	Expenditures that result in the acquisition of or addition to fixed assets.
Carry Over Fund Balance	Represents the amount of the prior year's ending fund balance that is budgeted as a resource in the next year.
Classified Staff	Employees in positions that are classified according to the duties and responsibilities involved in the work and do not require licensing by the Teacher Standards and Practices Commission as a condition of employment.
Committed Funds	Funding designated by the school board for specific purposes.
Common Core State Standard	A national initiative led by the National Governors Association and the Council of Chief State School Officers to establish a single set of clear educational standards for kindergarten through 12th grade in English language arts and mathematics that states may voluntarily adopt.
Common School Fund	Interest on trust funds from state sale of miscellaneous lands.
Contingency	A special amount budgeted each year for unforeseen expenditures. Transfer of General Fund contingency funds to cover unanticipated expenditures requires board approval.
County School Fund	Distributed by ESD sources and includes property tax levy, state forest fees, and various fines such as gambling fees.
CTEC	Career Technical and Education Center: A joint venture between private industry and the school district establishing a program to promote career and technical skills for students. A building dedicated to the program was opened in the fall of 2016.

DBI	DataBase Initiative. A cost accounting and performance tracking system established by the Oregon Department of Education for the purpose of tracking expenditures against performance.
Deficit	The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.
Differential	The term used for extra duty pay in the salary schedule.
ELL (ESL)	The English Language Learners program provides educational support to students who do not meet a minimal English language proficiency standard. Former term (and sometimes still used) ESL or English as a Second Language.
Ending Fund Balance	The ending fund balance of the current fiscal year becomes the beginning fund balance of the next fiscal year. The fund balance is made up of two components:
	1. Unexpended budget. Budgeted expenditures minus actual expenditures
	2. Revenues received in excess of the budgeted amount.
Equalization	A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose of equalization is to ensure that students in all of Oregon's districts are treated more or less equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per student basis.
ESEA Flexibility Waiver	In 2012, Oregon applied for and received USED approval of the ESEA Flexibility waiver, providing the opportunity to craft a state-specific plan for education. With the waiver renewal, the USED continues to require states to demonstrate commitment to the same core principles of ESEA Flexibility listed below that have been the underpinning of waivers since their introduction in 2011:
	1. Implementing college and career ready standards and high-quality, aligned assessments for all students.
	2. Implementing state-developed systems of differentiated recognition, accountability, and support.
	3. Supporting effective instruction and leadership through educator evaluation and support systems.
Executive Cabinet	Consists of a group of district administrators appointed by the superintendent.
Expenditures	Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service and capital outlays.
Federal Programs	Federally funded programs – Migrant and Indian education, among others.
Fiscal Year	The 12-month operating year for the district, beginning on July 1 and ending on June 30 of the following year.

Fixed Assets	Asset of a long-term character which is intended to continue to be held or used, such as land, buildings, improvement other than buildings, machinery and equipment.		
Fixed Costs	A cost, such as rent, that does not change with increases or decreases in the amount of services provided.		
FTE	Full-Time Equivalent (1.00 FTE equals one full-time position).		
Function	Expenditure classification identifying the activity or principal purpose for which an expenditure is made. Functions are established by the Oregon Department of Education.		
Fund	Government accounting is made up of several divisions, called funds. Each fund must balance independent of other funds in the organization.		
High Cost Disability Grant	State School Fund allocation to reimburse school districts for expenditures above \$30,000 per student in special education.		
Indirect Cost	A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one program.		
Liabilities	Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date.		
Licensed Staff	All licensed teachers, counselors, media specialists and other support staff under contract to the district. Also included in this group are child development specialists, student resource specialists, physical therapists, and occupational therapists.		
Local Option Levy	A tax levy approved by the 1999 legislature to allow school districts to raise additional funds for operations or capital needs. Funds are excluded from the State Funding Formula.		
Measure 5	Property tax limitation passed by Oregon's voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.		
Measure 47	Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.		
Measure 50	Initiative referred by legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to 3%, with exceptions. Under Measure 50, assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value.		
Modified Accrual	Basis of accounting, revenue recorded when available and measurable.		
	Salem-Keizer Public Schools 24J/32 Adopted Budget 2023-24		

Object	As used in expenditure classification, this term applies to the item purchased, or service obtained (as distinguished from the results obtained
ORS	Oregon Revised Statutes. Oregon laws established by the legislature.
Program Reviews	Program Reviews are part of the internal review process for the General Fund budget. These reviews are conducted as a means of maintaining budget integrity and transparency and assessing budget needs for the next year.
Proposed Budget	Financial and operating plan for the district that the superintendent is recommending to the public and budget committee.
QAM	Quality Assurance Model. This is a tool developed for industry based on international standards to ensure that products and services are safe, reliable and of good quality.
QEM	Quality Education Model. This is a model, developed by the legislative Council on the Quality Education Model and refined by the Oregon Quality Education Commission, that specifies what constitutes adequate funding and services for elementary, middle and high school students.
Real Market Value	Defined under Measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.
Requirement	An expense/expenditure or net decrease to a fund's balance.
Resources	Estimated beginning fund balance on hand at the beginning of the fiscal year, plus all anticipated revenues.
Revenues	Types of revenue:
	• Unrestricted: Revenues received by the district that can be used for any legal purpose desired by the district, without restriction.
	• Restricted: Revenues received by the district that must be used for a categorical or specific purpose. If such money is not completely used, it must be returned.
	• Revenues from Intermediate sources: Revenues that come to the district from other local governments, such as the WESD.
	• Revenues from State sources: Revenues that come to the district from, or through, the Oregon Department of Education.
	• Unrestricted grants-in-aid: Revenues received as grants by the district, which can be used for any legal purpose desired by the district without restriction. This category represents a significant portion of the district's General Fund total resources.
	• Restricted grants-in-aid: Revenues received as grants by the district from state funds that must be used for a categorical or specific purpose.
	• Revenue from federal sources: Revenue received from the federal government.

School Board	The governing body of the district consisting of seven elected members, each residing in a district zone, but elected on a district-wide basis. Board members serve four-year terms.		
SKEA	Salem-Keizer Education Association. Bargaining unit for licensed staff.		
Service Level Budget	In the budget process, this refers to the budget amount that would be needed to provide the same level of service the following year, taking into account increases for salaries, benefits, associated payroll costs, inflation costs for goods and services, and growth.		
Staffing Ratio	The licensed staffing ratio is the ratio of students to licensed staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as music, media, P.E. are included in the staffing ratio.		
SSF	State School Fund is the major appropriation of state support for public schools. SSF grants are distributed to schools on a per-student basis. The SSF formula adopted by the legislature includes monies from the SSF plus local property taxes and some other local revenues. This formula determines over 90% of the district's General Fund revenues.		
Supplemental Budget	Prepared to meet unexpected needs or to spend revenue not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase tax levy.		
Taxes	Compulsory charges levied by the district for the purpose of financing the operation of schools.		
Transfers	Amounts distributed from one fund to another fund without services rendered.		
TSPC	The Teacher Standards and Practices Commission, an organization which provides and monitors licenses of Oregon teachers and administrators.		
T&A	Trust and Agency. T&A accounts are for assets held by the district in a trustee capacity for organizations related, but independent, of the district. New accounting standards have recategorized these funds and they are now accounted for in the special revenue funds.		
Unappropriated Ending	Amount budgeted to carry over to the next year's budget to provide the district with needed cash flow until other money is received and to Fund Balance provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year.
