EXECUTIVESUMMARY

As Superintendent of Kansas City Public Schools, I am proud to present to our Board of Directors the budget for the upcoming 2023-24 fiscal year, a testament to our unwavering commitment to delivering the highest quality education to every student in Kansas City Public Schools. This budget reflects our dedication to the eight key priorities that will shape our path forward.

- Teacher Salary Increases: We recognize the invaluable role our teachers play in shaping the future of our students. This budget prioritizes competitive salary increases to attract and retain the best educators in our district.
- School Safety: The safety and well-being of our students and staff remain paramount. This budget allocates resources to enhance safety measures, providing a secure environment that fosters optimal learning.
- Reading, Math & Academic Interventionists: We are committed to providing targeted support to students who may need extra assistance in these critical areas. By investing in academic interventionists, we ensure that every child receives the necessary resources for success.
- FACE (Family and Community Engagement) Liaisons: Strong partnerships with families and the community are essential for student achievement. This budget emphasizes the importance of engaging our families and communities in meaningful ways, fostering a collaborative educational environment.
- Building Substitutes: To maintain continuity in our classrooms, we will allocate resources to ensure an adequate pool of qualified substitute teachers. This will enable us to provide seamless instruction when regular teachers are absent.
- Elementary Instrumental Music for Grades 4 6: We believe in the power of music education to inspire creativity and enhance students' overall development. By expanding instrumental music programs in elementary schools, we provide more opportunities for students to explore their musical talents.
- High Dosage Tutoring: We are committed to personalized learning experiences. This budget supports high dosage tutoring initiatives, ensuring that students receive individualized attention and support to excel academically.
- "Beyond the Four Wall" Field Trips: Education extends beyond the confines of the classroom. Our budget prioritizes enriching field trips that take students on experiential learning journeys, connecting them to the broader world and deepening their understanding.

As we embark on this new fiscal year, let us remember that our budget is more than numbers. It is a reflection of our dedication to nurturing a school system that meets the needs of our diverse stakeholders. It is our mission to prepare all students, regardless of their background or circumstances, for success in college, career, and life.

We are committed to academic excellence, social and emotional support, curriculum development, providing safe and modern educational environments, professional growth, and ultimately increasing graduation rates. This budget aligns with our long-term strategic plan "Moving Forward Together", propelling us forward as we work towards achieving our goals.

We are proud to be changing the narrative about our school system and actively promoting the outstanding educational opportunities available in our neighborhood schools and signature schools. Our focus remains on the success of every child, and this budget serves as one element in our comprehensive approach to education.

Together, we can make a lasting impact. Let us continue to strive for excellence and provide every child with the chance they deserve to succeed. sunifer Collier

Moving Forward Together,

Executive Summary A Message from the Superintendent and Chief Financial Officer

The 2023-24 budget represents the financial plan of the Kansas City Public School District (District) for the coming fiscal year. Our primary purpose with this document is to provide timely and useful information concerning the past, present, and projected financial status of the District to facilitate financial discussions and support the mission, goals, and objectives of the Board of Directors. The District's Blueprint 2030 Plan and Superintendent priorities, guide this process. As noted in our Blueprint 2030 Plan, to improve implies intent, consideration and coordination.

The Blueprint 2030 Plan began with our Vision, Mission, and Core Values. These crucial elements affirm our hopes and dreams for all students, clarify the fundamental purposes of our school system, and describe the guiding principles that shape our actions and behaviors.

Our Mission

The mission of KCPS is to achieve, in a way that is unencumbered by excuses, our vision for education by ensuring that all children benefit from teaching and learning. The school district will do this through:

- Inquiry-based instruction that involves active-learning, and is project-oriented, collaborative, and facilitated by meaningful professional development.
- Successful instructional settings where teachers continually coach each child to develop deep understanding and educational proficiency, while meeting all Adequate Yearly Progress
- Cooperative planning among principals and teachers to ensure attainment of district goals.
- Substantial autonomy to each learning community.
- Accountability for executing and achieving the school district's vision, goals, and objectives in the Accountability Plan.

Our Vision

KCPS envisions its schools as places where every student will develop a deep understanding of the knowledge and skills necessary to pursue higher education, obtain family-supporting employment, contribute to the civic well-being of the community, and have the opportunity for a rewarding and fulfilling life.

Core Values

At KCPS we:

- Provide quality education for our students
- Prepare students to be college and career-ready
- Energize leaders
- Empower teachers
- Engage our parents and communityAdvocate on behalf of all students

Budget Overview and Statutory Requirements

Chapter 67 of the Missouri State statute requires school districts to prepare an annual budget to identify available resources and guide district spending for the ensuing school year. The statute requires the school district budget document include five specific components:

- 1. A budget message describing the important features of the budget and major changes from the preceding year;
- 2. Estimated revenues to be received from all sources for the budget year, with a comparative statement of actual or estimated revenues for the two years preceding, itemized by year, fund, and source:
- 3. Proposed expenditures for each department, office, commission, and other classification for the budget year, together with a comparative statement of actual or estimated expenditures for the prior two years, itemized by year, fund, function, and object;
- 4. A schedule detailing the amount required for the payment of interest, amortization and redemption charges on the debt of the political subdivision;
- 5. A general budget summary including individually identified inter fund transfers.

In no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus any fund balance for the beginning of the budget year. The statute further prohibits a district from budgeting for a negative fund balance in any fund. The school district's Board of Directors intends to adopt this budget in June prior to the July 1st beginning of the fiscal year as required by state statute.

State statutes, in conjunction with generally accepted accounting principles (GAAP) and in accordance with the definitions of the Governmental Accounting Standards Board (GASB) statement of principles on fund accounting systems, have determined the funds appropriate for public school operations. The District follows the legal requirements of the State of Missouri for fund accounting and constructs its budget utilizing the following approved funds:

Fund (GAAP)	State Fund
General	Incidental
Teacher's - Special Revenue	Teacher's
Capital Projects	Capital Projects
Nutrition Services - Enterprise	Incidental

Beginning in 2021-22, the District added an internal service funds for medical as we transitioned into a self-insured plan. In addition to the four budgeted funds, KCPS accounts for the following funds which are not included in the budget due to size and scope.

Enterprise Fund - Tracking cost centers with supporting revenues – external facility use Student Activity Fund – Separate, track and account for student raised & expended funds

The District budget for 2023-24 includes revenues, expenditures, and fund balances for the District in total and presents revenues, expenditures, and fund balances for the District's Operating Funds, which are comprised of the Incidental/General, Teacher's and Capital Projects Funds. Per the Department of Elementary and Secondary Education (DESE) accounting requirements, the Capital Projects Fund is also considered Operating. Once funds are earned or placed in this fund, they may not be used for purposes other than capital expenditures. Detailed fund schedules provide further information on activities within each fund and include analysis of the proposed budget for the 2023-24 fiscal year. Budget schedules are also included summarizing estimated revenues by object and source as defined

Background on the District

by DESE.

The area served by the District encompasses 67 square miles inside of Jackson County and includes a population that is estimated to exceed 200,000.

The District was organized in 1867. The District is not contiguous with the boundaries of the city of Kansas City, Missouri. Many areas have been annexed by Kansas City over the years and are within the borders of 14 "suburban" districts. In 2023-24, the District will include sixteen neighborhood elementary schools, three signature elementary schools, two elementary Montessori schools, two neighborhood middle schools, one signature middle school, four neighborhood high schools, two signature high schools, one alternative elementary and one alternative secondary

school and one career and technical education center. The District offers Pre-K classrooms in 12 elementary school buildings and two early learning centers. Additionally, the District partners with Operation Breakthrough and Emmanuel Family & Child Development Center with five cooperative Pre-K classrooms.

In addition to these more traditional grade levels and buildings, the District offers an Early College Academy which allows high school students to complete high school with an associate's degree. Our Middle College Program allows former student dropouts from the Kansas City community, whether KCPS or other, to enter a high school completion program earning their diploma or GED on a college campus, earn some college credit, and have opportunity for a workforce ready credential. Both programs are housed at and in partnership with the Metropolitan Area Community College. To meet the needs of our community, a night school program and a full-time virtual school program were added to our innovative offerings in 2021-22 and continue in the coming year's budget. The night school program graduated its first class in May of 2022. The District will continue to serve as an engaged sponsor of three local charter schools in 2023-24.

K-12 enrollment has increased slightly to 13,473 and KCPS had 307 more students enrolled than the Charter Schools as a whole, which outperformed projections. As a Community Eligible Provision (CEP) District, all students receive free lunch; approximately 12% of students have an Individualized Education Plan (IEP) and approximately 22% of students are English Language Learners (ELL). The demographic makeup of KCPS is 52% Black, 30% Hispanic, 10% White, 4% Asian and 4% other ethnicities.

Student Performance

In January of 2022, KCPS was awarded full accreditation by the Department of Elementary and Secondary Education (DESE). On the first Annual Performance Report (APR) as part of the Missouri School Improvement Program (MSIP) 6, KCPS earned 70.7% of available points, which meets the threshold for maintaining full accreditation, although accreditation designations cannot be changed until year 3 of MSIP 6. This APR score was higher than many other Missouri school districts, including Independence, Columbia, Raytown, Center, St. Louis, and Hickman Mills. In addition, this APR score outperformed 7 of the 20 area Charter Schools.

Budget Message

This document and the planning which goes into development of the document are primary evidence of the collective commitment, to this work, by the Administration and Board of Education. The process we use to develop our budget requires a great deal of collaboration and analysis. The decisions we make in the short-term need to be sustainable in the long-term. We work with schools, District programs and administration to align resources in a manner which advances the District's Blueprint 2030 Plan. The District had five engagement sessions on the 2023-24 Superintendent Budget Priorities to receive input on our budget plan.

Available resources and Equity Model impact how we prioritize our budgetary allocations. This budget is created to align with the District's Blueprint 2030 and 2023-24 Superintendent's priorities.

The 2023-24 state budget includes full funding of eligible student transportation miles for the second time in 20 years. Full funding according to the Missouri constitution is 75% of eligible costs. This increase in funding is estimated to be \$8.3 million for the District and has been included in this budget. It is likely that full funding of student transportation is a short-term item as high cash balances at the state level are being utilized for the additional revenue stream this year.

The operating levy amount of \$4.9599 has been in place since the mid-1990s when it was established by a federal court judge resolving the Kansas City Desegregation case. The levy will remain the same for 2023-24 original budget plan. With an expected 19% increase in assessed valuation for the 2023 assessment, based on the preliminary assessment data, local revenue would increase by an estimated \$33.7 million for the 2023-24 fiscal year. This revenue increase will be shared with charter schools based on enrollment and as prescribed by the state formula.

Due to the passage of House Bill 1552, the Department of Elementary and Secondary Education (DESE) will fund the newly allocated local revenues to charter schools via the state foundation formula. While the District will continue to receive no state foundation formula or classroom trust fund dollars, all local revenue share beyond our earned state aid will be funded by DESE.

The 2023-24 operating budget totals \$288.1 million of operating revenue with operating expenditures of \$266.8 million, resulting in an increase of operating fund balance by \$21.3 million. When considering all funds and grants, total revenue is budgeted at \$370 million and expenditures at \$348.7 million for a net increase in fund balances of \$21.3 million.

As summarized by the schedule below, this budget begins with a total estimated fund balance (all funds) of \$124.1 million as of July 1, 2023, based on the February 2022 Amendment I to the 2022-23 budget. The projected ending fund balance, using this starting point is \$145.4 million as of June 30, 2024. In this document, the total District Operating Funds beginning fund balance as of July 1, 2023, is projected to be \$119.4 million and ending fund balance at June 30, 2024 to be \$140.7 million which is 52.77% of budgeted expenditures. After \$64.4 million in operating fund balance restrictions, the budgeted ending fund balance for 2023-24 is \$76.3 million or 31.57% of budgeted general & teacher's fund expenditures.

	Operating Funds							
	(inc.	Capital Projects)		All Funds				
Projected Beginning Fund Balance, July 1, 2023	\$	119,421,619	\$	124,062,586				
Budgeted Revenues plus Transfers	\$	288,074,272	\$	369,966,789				
Budgeted Expenses plus Transfers	\$	266,780,092	\$	348,672,609				
Increase/(Decrease) in Fund Balance	\$	21,294,180	\$	21,294,180				
Budgeted Ending Fund Balance, June 30, 2023	\$	140,715,799	\$	145,356,766				

Specifically, this budget works to assure competitive wages for our teachers and staff as well as implementation of the Blueprint 2030 Plan and Superintendent's priorities, with expanded offerings and experiences for students.

Under the Elementary and Secondary School Emergency Relief (ESSER) Act made available in response to Covid-19, the District received \$6.5 million of Cares Act revenues during the 2020-21 fiscal year, \$29.1 million of ESSER II in fiscal years 2021-22 & 2022-23, and \$64.6 million of ESSER III in fiscal year 2022-23. These funds were used in alignment with their intent to respond to, prevent and recover from the impact of Covid-19. The remaining portion of ESSER III, estimated at \$29.4 million will be utilized in the 2023-24 fiscal year, which will again be used to enhance learning, student mental health needs and learning environments.

We are pleased to present a budget which positions our students to be ready for a successful life after high school. We appreciate the contributions of every stakeholder during the development of this document and understand our responsibility to our families and community. The decisions we've made support our mission that all children benefit from teaching and learning. The Administration is committed to prudently allocating the funds entrusted to us. This document is presented to you by the Superintendent with a desire to provide a clear and transparent insight into the 2023-24 budget.

Dr. Jennifer Collier Superintendent of Schools Erin Thompson Chief Financial Officer

Revenue Explanation

The District's budget reports total revenue by Total Funds and by Operating Funds. Total Fund reports include the funds required by Missouri State law for school districts: General (including Incidental and Grants and Donations), Special Revenue (Teachers), Capital Projects and Child Nutrition Services. Not included in operating reports are those funds dedicated to primarily self-supporting activities.

Revenue detail is included to report the major sources of revenue and the proportion of those sources. The District's major sources of revenue are property taxes (locally generated) and Proposition C sales tax. Unlike most school districts in Missouri, the Foundation Formula revenue (State) is not a primary funding factor for the District due to the state elected process of transferring local revenues to our local charter schools. This document also includes information on statistics on assessed valuations and tax rates (the factors that drive local revenue), details on revenue sources for history, budgets and forecasts and comparative data on current year versus prior year budgets. Every attempt is made to explain major changes in revenue from one year to the next or any significant change in the method of distribution or source of revenue.

Total Revenue by Fund Comparison

(See page 50 of the Budget Financials Section)

	Amendment I		Budget	% of Total	
Fund		2022-23	2023-24	Revenue	% Change
General	\$	296,755,902	\$ 287,755,806	77.78%	-3.03%
Special Revenue	\$	8,983,176	\$ 8,807,523	2.38%	-1.96%
Capital Projects	\$	37,865,537	\$ 55,932,178	15.12%	47.71%
Child Nutrition Services	\$	16,307,271	\$ 17,471,282	4.72%	7.14%
Total Funds	\$	359,911,886	\$ 369,966,789	100.00%	2.79%

The District's revenue is primarily from local revenue (73%) with the greatest portion of revenue from local property tax revenue (65%). The local revenue reliance is 14% higher than in 2022-23. Based on current economic factors, the assessed valuation and property taxes will increase in 2023-24.

Total Revenue by Source (all funds) (See page 50 of Budget Financials Section)

Source	Aı	nendment I 2022-23	Budget 2023-24	% of Total Revenue	% Change
Local	\$	235,867,780	\$ 269,538,114	72.85%	14.28%
County/Intermediate	\$	6,180,878	\$ 6,180,878	1.67%	0.00%
State	\$	14,753,431	\$ 15,517,081	4.19%	5.18%
Federal	\$	102,079,361	\$ 77,999,458	21.08%	-23.59%
Other	\$	1,030,436	\$ 731,258	0.20%	-29.03%
Total Funds	\$	359,911,886	\$ 369,966,789	100.00%	2.79%

The revenue by source chart delineates revenue for All Funds. Total revenues are budgeted for a net increase of \$10,054,903 (2.79%) as compared to the 2022-23 Amendment I approved by the Board of Directors in February of 2022. The greatest of these net increases occur in estimated property tax based on collections trends and preliminary assessed valuation increase.

Three Major Revenue Sources:

Property Taxes

Property taxes are derived from taxing real and personal property. The tax rate, required by state statute to be adopted annually before October 1, is levied on each \$100 of assessed valuation. This valuation is determined by the assessor's office, based on current market value of residential, commercial and agriculture real estate, and personal property. The current market value of real estate is reduced to 19% for residential, 12% for agriculture and 32% of commercial before tax rates are applied for each \$100 of assessed valuation. The assessed valuation (AV) is estimated to increase from the July 2022 amount of \$4.164 billion to \$4.982 billion for fiscal year 2023-24 based upon current information provided by Jackson County Assessor's Office. This budget assumes a 90% collection rate of the total AV which represents changes in AV since the preliminary assessments were provided, taxes not paid and commissions due to Jackson County for the assessor and collector's offices. This rate is equal to projected for 2022-23.

Property Tax Levies by Fund

				Budget
Fund	2020-21	2021-22	2022-23	2023-24
General	\$4.9599	\$4.9599	\$4.9599	\$4.2999
Special Revenue	\$0.0000	\$0.0000	\$0.0000	\$0.0000
Capital Projects	\$0.0000	\$0.0000	\$0.0000	\$0.6600
Child Nutrition Services	\$0.0000	\$0.0000	\$0.0000	\$0.0000
Total	\$4.9599	\$4.9599	\$4.9599	\$4.9599

Generally, a school district is required by rules and regulations of the State Auditor's Office and the Hancock Amendment to calculate an operating tax levy which produces substantially the same revenue as collected for property on the tax rolls in the previous year. In addition, the District must take into account "Proposition C", the Missouri one-cent sales tax, dedicated to education approved by voters in 1982. The property tax rate is reduced or increased to equal a share with property owners of one-half of the adjusted Proposition C revenue received. Because the District does not have a full or partial waiver of the Proposition C approved by voters, this would be a normal part of setting our tax levy.

The operating levy calculated using Hancock Amendment formula is not sufficient to support the operations of the KCPS. Article X, Section 11g of the Missouri Constitution adopted on April 7, 1998 permits the school board of any school district whose 1995 operating levy was established by a federal court, to establish a levy that is lower than the court-ordered approved levy. As mandated by the State law, the KCPS established a tax levy of \$4.9599 which was \$0.0001 lower than the June 30, 1993 Court Ordered Levy.

Annually, the Board of Directors may place a certain portion of the allowable operating levy into the Capital Projects fund for the purpose of funding capital improvement projects and asset purchases over \$1,000. For 2023-24, the District will place a levy into the Capital Projects Fund to address facilities deferred maintenance and capital improvements project. This budget will also include the annually allowable transfer of \$6.6 million from the Operating Fund to the Capital Projects Fund (see page 41).

Debt Service levies are determined annually using a separate calculation as established by the Missouri State Auditor, based on voter authorized debt issued for capital project expenditures. The District does not have a debt service levy as the District has not issued voter authorized debt in 56 years (1967). The District has the second lowest total levy in the Kansas City Metropolitan area. This levy supports both the District and local charter schools.

Sales Taxes

The District's second largest source of revenue is sales tax revenue from the State of Missouri, but this revenue is considered locally generated. A 1% sales tax (Proposition C) is collected from all retail sales across Missouri, aggregated by the State, and then distributed back to each school district based on the pupil count of the school district. Generally, districts are required to use the previous year's (2022-23) WADA when calculating Proposition C revenue.

In March 2023, the Department of Elementary and Secondary Education (DESE) indicated the amount per WADA estimated for 2022-23 of \$1,255 will be achieved if revenue is available to fund at the level

appropriated, and projected 2023-24 at \$1,360 (an 8.37% increase). For 2020-21, 2021-22 and 2022-23, DESE determined the impact of the pandemic to trigger the state statutes allowing adjustment to WADA. This allows the District to use the higher of 2019-20, 2020-21, 2021-22 or 2022-23 in prior three years budget. However, for 2023-24, Districts should anticipate a return to regular payment methodology for Prop C by using prior year WADA. Based on these factors, the overall sales tax revenue is expected to decrease by \$468,409 to \$21.4 million.

overall sales tax revenue is expected to decrease by \$468,409 to \$21.4 million in 2023-24. This revenue source equates to nearly 5.77% of the total revenue budget.

Foundation Formula

Generally, a school district's second or third largest revenue source is the State of Missouri's Foundation Formula for education. Missouri's Foundation Formula is comprised of two revenue sources: Basic Formula and Classroom Trust Fund. Currently, the District has no budget for the 2023-24 Foundation Formula revenue as a result of the state statute and DESE calculation regarding pass through of local property tax revenues to area charter schools. Due to the fact local revenue per WADA is higher than the Missouri Foundation Formula per WADA and the charter school WADA is projected at 50% of the Kansas City total in 2023-24, there is inadequate state funding to provide the calculated local share to charter schools in the normal method of reduction of the District's earned state foundation formula. Since 2019-20, the District has budgeted a negative amount on this revenue line to allow for a local Memorandum of Understanding (MOUs) which passes the shortfall to charters, although state statute does not require it.

Under House Bill 1552, the formula essentially requires the State to remit the additional funds to charter schools in an amount equal to the difference in state and local aid received by traditional public schools. The bill was adopted at the end of May 2022.

The 2023-24 Foundation Formula Weighted Average Daily Attendance (WADA) is anticipated to be 17,346 for the District and Charter School WADA is anticipated to be 16,737, making the total WADA for the Kansas City system 34,083. Due to an adjustment made by DESE relating to the impact of Covid on student enrollment and attendance, these numbers are the highest as calculated over the past four years.

Additional factors affecting WADA are free and reduced lunch count and LEP weighting which are anticipated to continue to increase due to the increased population of students in these categories. The State Adequacy Target (SAT), which is anticipated to remain at \$6,375 per WADA in 2023-24, equates to full funding of the formula.

Beginning in 2018-19 eligible Pre-K students could be claimed as ADA. A growing number of schools across Missouri, and charter schools within our boundaries, are adding Pre-K classrooms in 2023-24 to access the maximum allowed Pre-K ADA of 4% of a district's free and reduced count. In addition, the 2023-24 State Budget will include \$81 million for expanded Pre-K funding.

The Classroom Trust Fund (CTF) accounts for gaming revenue distributed to school districts. In March 2023, the Department of Elementary and Secondary Education announced an estimated increase in the CTF payment from \$425 to \$450 for the 2023-24 year per ADA. The trend for gaming revenues in Missouri increased after the declined in spring of 2020 due to the statewide closures of casinos. The State has

seen a recovery from those declines. Due to the state statute and the District's local revenue share with charter schools, there is no budgeted Classroom Trust Fund revenue in the 2023-24 budget.

Expenditure Explanation

The following pages report expenditures by fund, function (how the budget supports the activities of the District) and object (on what we actually spend the budgeted dollars) and program/project. The District reports expenditure budgets by Total (all funds) and Operating Funds (Incidental, Teachers and Capital Projects). Four funds are legally required by Missouri laws governing school districts: General (including Incidental, Grants and Donations), Special Revenue (Teachers), Debt Service, and Capital Projects. The District has no Debt Service Fund budget as there is no voter authorized debt service levy to support principal and interest payments on general obligation bonds.

The General Fund is used to account for all expenditures except those required to be supported by another fund. The Special Revenue (Teachers) Fund can only be used for expenditures related to certificated salaries and benefits for those staff members, and tuition payments to other school districts. The Debt Service Fund may only be used for payment of debt obligations resulting from general obligation bond issues, including principal, interest and other agent and cost of issuance payments. The Capital Projects Fund is used for expenditures related to acquisition or construction and major maintenance of all capital assets for the District. Since our debt is not bond debt, annual principal and interest payments are made from the Capital Projects Fund.

Total Expenditures by Fund Comparison

(See page 58 of Budget Financials Section)

	Amendment I			Budget	% of Total	
Fund		2022-23		2023-24	Expenditures	% Change
General	\$	164,961,057	\$	157,164,233	45.08%	-4.73%
Special Revenue (Teachers)	\$	131,840,029	\$	139,079,177	39.89%	5.49%
Capital Projects	\$	42,525,490	\$	34,957,917	10.03%	-17.80%
Debt Service	\$	-	\$	-	0.00%	0.00%
Child Nutrition Services	\$	16,307,271	\$	17,471,282	5.01%	7.14%
Total Funds	\$	355,633,847	\$	348,672,609	100.00%	-1.96%

Current budgeted expenditures for all funds for 2022-23 (per Amendment I) are \$355,633,847 and are budgeted to decrease by 1.96% or \$6.9 million to \$348,672,609. This decrease is primarily due to ESSER II and grants ending on June 30, 2023, and closure of Troost & Longfellow Elementary Schools as presented in Blueprint 2030 plan.

The Incidental/General Fund expenditures will decrease by \$7.8 million or 4.73%. This decrease is generated by reductions of 15.29 non-certified FTE and reduced spending allocation in supplies and materials. Additionally, reductions have been made in areas currently supported by ESSER. The Special (Teachers) Fund expenditures will increase by \$7.2 million or 5.49% due to planned increases in teacher compensation coupled by increases in benefits. The District's expenditures are broken down by the overall area the budget dollars support. Inside this document expenditures are broken down by the four primary funds. See page 58 of the budget financials section.

Expenditures by Function

The functions used in the District's financial accounting system capture expenditures by the program they support. The functions include Instruction, Student Support, Instructional Support, Administration, Maintenance, Transportation, Community Relations, and others. Instructional programs are further broken down to report Elementary, Middle, and High school expenditures as well as Summer School, Special, Gifted, and Vocational areas. These detail areas are reported in the Summary by Function section of this document in financial section on page 61. Function tells us the action or purpose of the expenditures such as Instruction, Student Support, Administration, or Maintenance as examples.

Total Expenditures by Object (all funds)

Expenditures by Object clarifies which classification of expenditures claim the District's budget dollars. These classifications are broken down into the major areas of Salaries and Benefits, Services, Supplies, Capital Outlay, and Debt Service/Other expenditures. See page 60 of budget financials section.

	Aı	Amendment I		Budget	% of Total	
Fund		2022-23		2023-24	Expenditures	% Change
Salaries	\$	158,894,998	\$	166,133,155	47.65%	4.56%
Employee Benefits	\$	55,553,031	\$	57,118,816	16.38%	2.82%
Purchased Services	\$	60,781,870	\$	60,771,423	17.43%	-0.02%
Supplies & Material	\$	37,783,458	\$	29,596,298	8.49%	-21.67%
Capital Outlay	\$	34,396,522	\$	26,852,584	7.70%	-21.93%
Other Expenditures	\$	8,223,968	\$	8,200,333	2.35%	-0.29%
Total Funds	\$	355,633,847	\$	348,672,609	100.00%	-1.96%

Total expenditures by object show how the District actually spends the dollars budgeted. Salaries and Benefits account for over 64% of total expenditures. The net increase in salaries for 2023-24 can be attributed to mutually agreed increases in pay for all certified staff, non-administrative employee groups, administrative employees, and 100% fully funded benefit options for all full-time staff. The total increases in salaries were partially due to collaboration with the teacher's union to increase the starting pay by \$3,550 bringing it to \$46,650, and overall average wage increases for teachers of over 4.13%.

Debt Service

The Debt Service Fund is an unutilized fund for the District due to the fact the District has no voter authorized general obligation bond debt on the books. The District, however, has other outstanding debt with annual obligations for repayment. The debt issued was done using available debt instruments which the Board of Directors had the authority to issue, utilizing operating revenues for repayment. These annual repayments are made from the Capital Projects Fund in accordance with the covenants of the debt instruments and the Governmental Accounting Standards Board (GASB). Annually through this budget process, revenues are placed into the Capital Projects Fund to support the annual required principal and interest payments. The 2023-24 principal and gross interest due is \$8,200,333. See page 65 of Budget Financials Section.

The various debt instruments in place include the following and will total \$71,164,249, as of June 30, 2023. All District debt matures by 2036 and has an average interest rate of 4.14%.

	Series 2009 Qualified School Construction Bond	Series 2010 Qualified School Construction Bond	Series 2015 * Equipment Lease Purchase	Series 2016 Certificate of Participation
Principal Balance 06/30/23	\$4,535,000	\$7,020,000	\$14,739,249	\$44,870,000
Original Term of Debt	15 years	18 years	14 years	19 years
Final Maturity Date	2025	2029	2030	2036
Average Interest Rate	2.23%	7%	2%	5%
	Improvement to	Improvement to	Energy	Improvement to
Purpose	School Sites and	School Sites and	Management	School Sites and
	Buildings	Buildings	Improvements	Buildings

^{*}refinanced in 2021-22 to reduce interest costs

The annual principal and interest payment included in this budget is \$8,200,333. The primary source of revenue to support these debt payments is the Merchants & Manufacturer's (M&M) Tax revenue, Replacement Back Taxes, Interest Earnings, e-Rate reimbursements and Internal Revenue Service interest credits under the American Recovery and Reinvestment Act (ARRA). The Board annually directs the placement of the M&M taxes into this fund, during the budget process, as the primary source of revenues for meeting existing debt obligations. The Series 2010 Qualified School Construction Bond issued under ARRA is eligible for an annual credit from the Federal Government to offset the higher interest rate issued.

With nearly \$400 million in deferred maintenance, the District has a need for voter authorized debt support. As part of Blueprint 2030 Plan, the District is planning to issue General Obligation Bond. Preliminary discussions with bond counsel and stakeholders are ongoing. In addition, the 2023-24 budget has set-aside \$0.66 levy to fund the Certificate of Participation repayment plan. Total request is estimated at \$200 million to start addressing deferred facilities maintenance.

Total Ending Fund Balance Comparison

The governmental fund structure for accounting includes the General, Special/Teachers, Capital Projects, and Nutrition Services. The total fund balances are budgeted to increase by approximately \$21.3 million in 2023-24, with that increase occurring entirely in the Capital Projects Fund. This is due to a planned allocation of a levy to the Capital Projects Fund to start addressing deferred facilities maintenance.

There is a decrease in the budgeted Operating General Funds fund balance for 2023-24. In addition to making budgetary reductions, the budget includes salary increases for experience/education and beginning teacher salary, to be more competitive with our surrounding school districts and reward those employees who remain in service to our students. Careful focus and planning resulted in targeted additions to curriculum supports for students, additional programs for Pre-K and Career Technical Education, community and technology supports, and school safety are included in this proposed budget as well as programs for Blueprint 2030.

2023-24	Operating (Funds 10 & 20)	Capital (Fund 40)	Grants (Funds 10, 20 &40)	CNS (Fund 51)	Total All Funds
Tax Levy Allocation - estimate	\$ 4.2999	\$ 0.6600	\$ -	\$ -	\$ 4.9599
Budgeted Beginning Fund Balance	\$ 88,790,169	\$ 30,631,450	\$ -	\$ 4,640,967	\$ 124,062,586
Revenue	\$ 242,159,194	\$ 45,915,078	\$ 64,421,235	\$ 17,471,282	\$ 369,966,788
Expenditures Expenditures	\$ (241,694,090)	\$(24,940,817)	\$ (64,566,420)	\$(17,471,282)	\$(348,672,609)
Less: Operating Grant Subsidy	\$ (145,185)	\$ -	\$ 145,185	\$ -	\$ -
Revenue Over/(Under) Expenditures	\$ 319,919	\$ 20,974,261	\$ -	\$ -	\$ 21,294,180
State Adequacy Target (SAT) Transfer	\$ (6,876,224)	\$ 6,876,224	\$ -	\$ -	\$ -
Budgeted Ending Fund Balance	\$ 82,233,864	\$ 58,481,935	\$ -	\$ 4,640,967	\$ 145,356,766

The Operating Fund balance necessary to assure comfortable cash flow in the coming fiscal year is 25% of the budgeted fund expenditures for the Operating Funds. The projected unrestricted Operating Fund balance for the year ended June 30, 2024 is \$76.3 million or 31.57% of budgeted fund expenditures.

The District receives nearly 65% of its total revenue from local tax sources based on assessed valuation of property and our approved tax levy. The ad valorem portion of these taxes are payable December 31st each year. Consequently, the District receives the majority of its revenue dollars in December and January and will support the cash flow requirements with fund balances. Cash flow management is critical with this revenue flow.

Budget Forecasting and Planning

The 2023-24 state budget was approved with full appropriations for public education and current state general revenues continue to be above budget. These revenues indicate Missouri is headed toward recovery with early predictions of increased sales tax revenues and other general revenues.

The District will utilize the remaining allocations of ESSER funds as distributed and managed through DESE according to the intent of the funds – protect from, respond to and prevent Covid-19.

The Administration understands our duty to protect and manage the critical long-term health of the General and Teachers Fund balances. Planning for current and future projected revenues by primary source as well as current and projected expenditures allows us to continuously develop and evolve as new assumptions are made, and actual revenue and expenditures are determined.

The priorities and needs of the District include continued focus on instruction, social and emotional supports to students and staff, improvement of salaries and maintenance of benefit plans for employees and continued technology integration into all facets of the system. The Administration will amend this budget to remain current with the overall economic health of our District.

The following pages allow the reader of this document to gain an understanding of the projected beginning and ending fund balances of each fund in the District's budget. Additionally, in the document, revenues by primary source and expenditures by primary object show clearly from where our resources are received and how they are used.

ORGANIZATIONAL SECTION

KCPS Board of Education

Rita Cortes - Elected in April 2019, Rita Cortes is a long-time resident of Kansas City Public Schools Sub-district 1 which covers the southwest corridor of Kansas City and includes the Coleman Highlands, Roanoke, Valentine, Volker, Westport, Plaza, Sunset Hill, Brookside and Waldo neighborhoods. Fundamentally, Rita believes that every child in Kansas City deserves access to, support toward and completion of a quality pre-K-12 education. She seeks to serve the students and all constituents of KCPS in ensuring that objective is achieved.

Tanesha Ford - Ms. Ford serves on the Board of Directors for Girls on the Run of Greater Kansas City and the Alphapointe Foundation. She has a masters' degree in college student personnel administration and a bachelor's degree in therapeutic recreation from the University of Central Missouri.

Jamekia Kendrix - Jamekia Kendrix is a passionate education advocate who believes that in order for a school community to thrive, the people building and sustaining that community must have a voice. She currently serves as a Trustee and Policy Committee Chair for the Kansas City Public Schools Retirement System. Her education includes a B.A. (Psychology) from the University of Missouri-Columbia, a Masters (Social Work) from the University of Missouri-Kansas City, and an Ed.S. (K-12 Educational Leadership). She has also earned Missouri Principal and Superintendent certifications.

Kandace Buckner - Kandace Buckner is a parent, educator, and public-school advocate. She currently serves as the Curriculum Coordinator and Early Childhood Methods Instructor for Kansas City Teacher Residency. She completed her Bachelors Degree through the Institute for Urban Education at University of Missouri-Kansas City and her Masters Degree in Educational Leadership at Park University.

Joshua Jackaway - Josh is a parent in the district and has been investing in Kansas City Public Schools since 2008, prior to being a dad. Having grown up in the home of a public-school educator, and with two sisters who both serve in this field, Josh has long held a high value for public schools. His initial involvement in KCPS began by partnering with students and families focused on increasing literacy through after-school tutoring. Josh is passionate about devoting time and resources to help children grow in literacy, and ensuring all students meet or exceed their grade level.

Monica Curls - Elected in 2023, Monica Curls was born and raised in Kansas City, MO, and has lived in Kansas City Public Schools' Sub-District 4 since returning to the Kansas City area in 2004. Monica believes that every child deserves a quality education, and she plans to ensure that the district delivers. Monica plans to focus on advocacy for the district and make sure that the community knows the truth about the successes in the district and convince them to invest in our students and families.

2023-2024 Organization

KCPS Board of Education

- Rita Cortes, Chair Sub district 1
- Tanesha Ford, Vice Chair Member at large
- Jamekia Kendrix, Treasurer Sub district 2
- Kandace Buckner, Sub district 5
- Joshua Jackaway, Member at large
- · Monica Curls, Member Sub district 4
- Open, Sub district3
- Lisa Limberg, Secretary

Superintendent and Cabinet

- Jennifer Collier, Superintendent
- · Derald Davis, Deputy Superintendent
- · LaTanya Franklin, Chief Academic Officer
- · Jordan Gordon, Chief Operations Officer
- · Erin Thompson, Chief Financial Officer
- · Shana Long, Chief Legal Officer
- · Scott Jones, Chief Technology Officer
- Nicole Collier-White, Chief Communications Officer

Executive Leadership

- Christy Harrison, Assistant Superintendent of School Leadership
- Harrison Neal, Assistant Superintendent of School Leadership
- Precious Kurth, Assistant Superintendent of School Leadership
- LaTanya Franklin, Assistant Superintendent of Curriculum & Instruction
- David Rand, Executive Director of Research & Accountability
- Dan Weakley, Executive Director of Operations
- Micah Enders, Executive Director of Human Resources

Directors & Officers

- · Rebecca Nace, Director of Professional Development
- Phillip Jones, Director of Curriculum-Secondary Schools
- Stephen Jarrett, Director of Digital Learning
- Miah Lugrand, Director of Exceptional Education
- · Allyson Hile, Director of Language Services
- Christopher McNeil, Director of Career Technical Education
- · Julia Wendt, Officer of Early Learning
- · Michelle Pendzimas, Director of Head Start
- Pamela Pearson, Director of Educational Innovation
- Lee Meyers, Director of Athletics
- Charnissa Holliday-Scott, Director of Education Systems
- · Nekita Fuller, Director of Guidance Counseling
- Travanna Alexander-Toney, Director of Behavioral

 Health
- Darran Washington, Student Disciplinary Officer
- Thomas Sullivan, Director of Research & Assessment
- Lauren Grimes, Director of Nursing
- Jonathan Salomon, Director of Communications
- Brenda Syrus, Director of Human Resources
- Marilyn Overton, Director of Employee & Labor Relations
- Elaine Morgan, Director of Finance & Benefits
- Barbara Lunn, Director of Business Services
- Veronica Sarmiento, Budget Officer
- Marcus Harris, Director of Safety & Security
- · James Morrill, Director of Facilities
- Lazell Ofield, Director of Custodial Services
- · Chon Walters, Director of Child Nutrition Services
- Shyla Lewis, Director of Enrollment & Admissions
- Vacant, Director of KCPS Education Foundation
- Vacant, Director of Transportation

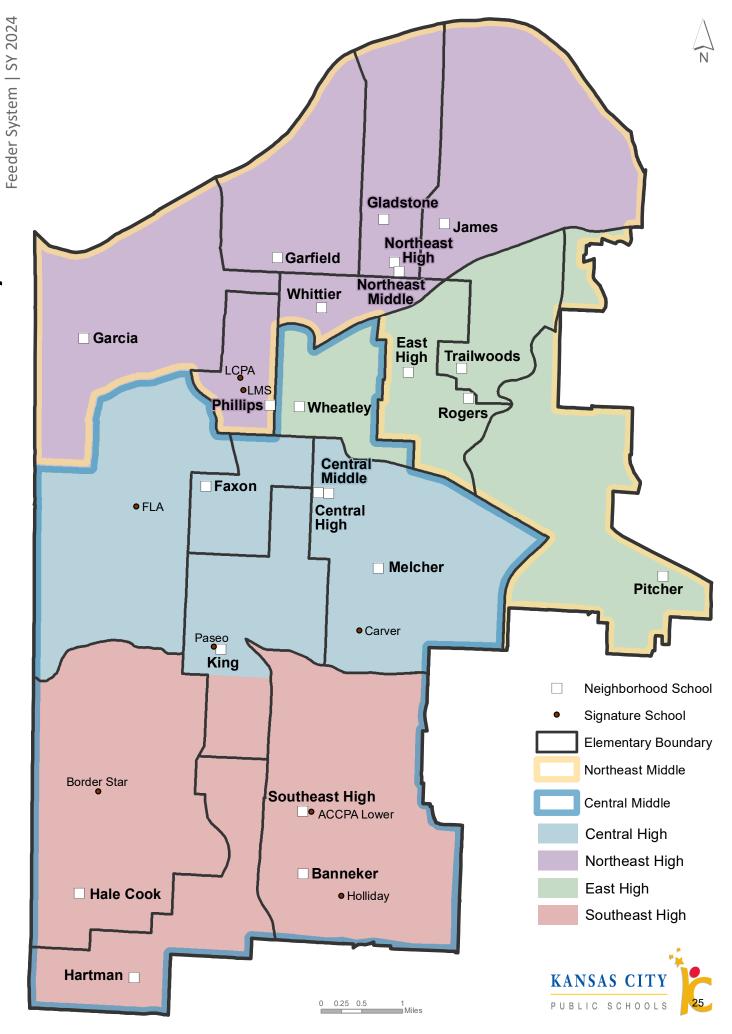

Budget Timeline

January 2023	01/17/23 to 01/30/23	The Superintendent and cabinet members begin regular discussion of the priorities for the 2023-24 fiscal year with consideration of the Strategic Plan/BP2030 & Board Policy 4.4.
January 2023	01/31/23	The Research Department provides the first draft of student enrollment by building and grade for the 2023-24 school year based on current enrollment, the city's enrollment trends and birth rates.
February 2023	02/22/23	The Research Department provides final student enrollment projections based on January 2023 membership counts, enrollment trends and birth rates.
February 2023	02/22/23	Present to the Board the preliminary three-year revenue plan for FY24, FY25, and FY26.
February 2023	02/27/23	Individual building (Signature Schools) and departmental budget worksheets are prepared by the Budget Department and provided to budget managers to review and prepare their department budget plans for 2023-24.
March 2023	03/13/23	Departments submit their budget requests/savings plans to the Budget department with their supervising cabinet member written approval prior to submitting their budget plan to the Budget Department.
April/May 2023		Budget Engagement:
	04/04/23	Hispanic Council – 5:00 PM at BOE
	04/06/23	Teacher Council – 4:00 PM at BOE
	04/11/23	General Public – Superintendent's Budget Priorities 5:30 PM at Paseo
	04/18/23 05/03/23	Student Council – 5:00 PM at BOE DAC (District Advisory Committee) 6:00 PM at BOE
April 2023	04/03/23	The Superintendent and cabinet members determine the approved requests for the 2023-24 budget and provide those to the budget department.
May 2023	05/04/23	A budget workshop is held with the Board of Education to review details of the proposed budget for 2023-24 - 5:30 PM at BOE
May 2023	05/17/23	Review with the Finance & Audit Committee the recommended FY24 Budget Plan.
May 2023	05/24/23	Public budget hearing is held to share budget priorities and planning and receive input from all stakeholders.
		Presented to the Board the proposed FY24 Budget
June 2023	06/28/23	The final FY24 budget document is recommended to the Board of Education for adoption by the statutory deadline of June 30, 2023.

Administrative Budget Goals/Parameters

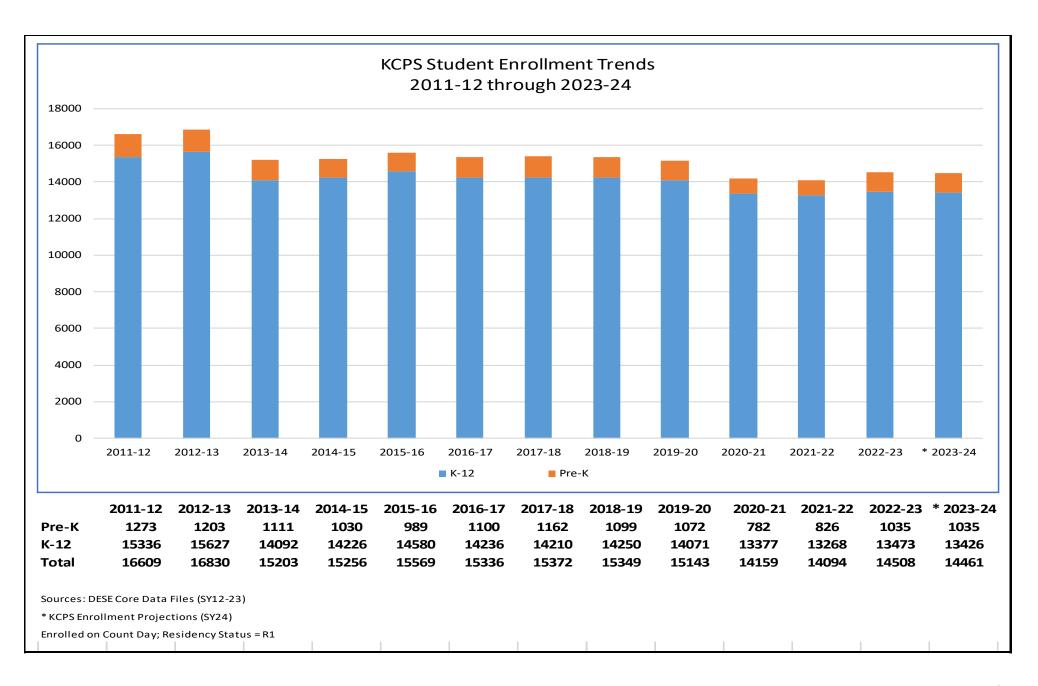

- Improve compensation to assure competitive wages for employees that recognize education and experience, particularly for classroom teachers.
- Upgrade security infrastructure that enhances safety and well-being of our students and staff.
- Provide additional instructional support through our Equity Model of allocating resources to schools.
- Expansion of elementary music programs to inspire creativity and enhance students' overall development.
- Provide high dosage tutoring to students needing improvement academically.
- Continue expansion of Career Technical Education for students through market value assets/experience via work opportunities and internships.
- Continue support for student social and emotional needs to reduce overall discipline data and improve student experience.
- Expand Pre-K opportunities by adding two 100% free & reduced lunch eligible classrooms.
- Provide appropriate resources for marketing KCPS and individual schools to grow enrollment in KCPS schools and programs.

Student Achievement

At Kansas City
Public Schools, we
believe that schools
exist to allow
access:

- Access to a great curriculum;
- Access to skilled teachers and a nurturing environment;
- Access to experiences beyond the core curriculum;
- Access to interestbased activities before and after school; and
- Access to school—we must be a system that eliminates barriers for children.

Budget Summaries by DESE Accounting Function with Staffing (FTE) and Narratives

Program: Elementary School Instruction

Function(s): Elementary

1111

Learning experiences that are concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all pupils in terms of their awareness of the world relating to work and life within our culture that should be achieved during the elementary years.

Mission:

Provide developmentally appropriate and challenging educational opportunities to all students resulting in high levels of achievement for all.

Program Information: This program is responsible for instructional programming for all schools assigned an elementary building code by the Department of Elementary and Secondary Education. This includes regular classroom instruction and specific areas of instruction for reading, language arts, math, science, music, art, social studies, computer, physical education, and health.

Budget allocations are made based on the District's Tiered Model of Instruction as well as student populations and grades by building.

Signature budgets are included when used for the purpose of instruction.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

- Decrease in materials and supplies due to the purchase of Chromebook in 2022-23 funded from operating and Emergency Connectivity Fund federal grant.
- Musical instruments purchased in 2022-23 in preparation for the elementary music expansion.
- Science textbooks purchased in 2022-23.

Improvements/Increases

- Increase in salaries and benefits due to adjusting the teachers' compensation.
- Increase in purchased services due to the ESSER III federal grant that will be allocated upon determination of school needs.
- Increase in capital expense due to the musical equipment and furniture needed for elementary music expansion.

Program: Elementary School Instruction

Program: Middle School Instruction

Function(s): Middle/Junior High

1131

Learning experiences that are concerned with knowledge, skills, appreciation, attitudes, and behavioral characteristics considered to be needed by all pupils in terms of their understanding themselves and their relationships with society and various career clusters, which should be achieved during the middle school years.

Mission: Provide developmentally appropriate and challenging educational opportunities to all students

resulting in high levels of achievement for all.

Program Information: This program is responsible for instructional programming for all schools assigned a middle school building code (CMS, NEMS and LMS) by the Department of Elementary and Secondary education. This includes regular classroom instruction and specific areas of instruction for reading, language arts, math, science, music, art, social studies, computer, physical education and health, foreign language.

The student membership data shown includes all students in grade 7 and 8 while the financial information is solely for the instructional expenses in the three traditional middle schools.

Budget allocations are made based on the District's Tiered Model of Instruction as well as student populations and grades by building.

Signature budgets are included when used for the purpose of instruction.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in services, supplies and capital expenses funded from ESSER III grant.

Improvements/Increases

• Increases in salaries and benefits due to adjusting the teachers' compensation.

Program: Middle School Instruction

(Operating and Grants Funded)

Program: Special Education Instruction

Function(s): Special Education and Related Services

1211 through 1224, 1281, 2329, 1911 & 1933

Services provided to students with disabilities in accordance with Individualized Education Programs (IEP) and as required by Part B of the Individuals with Disabilities Education Act (IDEA).

Specialized instruction for students with disabilities, ages 3-5, in the ECSE program.

Mission:

Identify and provide (Free and Appropriate Education - FAPE) special education services to students who meet one of the Missouri eligibilities. Meet the DESE/Federal requirements of Child Find in KCPS (identify of all students) and services as identified in the IEP.

Program Information: The program includes Pre-K and K-12 Special Education instructional expenses as well as tuition paid to other schools for students placed in those districts, and the administrative costs of supporting these programs.

The District must maintain a level of expenditures year to year for state and federal compliance. These funds support staffing for special education, costs of contract sites, cost of contract staffing, specialized instruction needs, professional development and operational needs of the programs.

- Maintenance of Effort Districts are required to budget and expend as much or more of local and state funds for special education in the current school year as that for the previous year.
- Free and Appropriate Public Education (FAPE) School districts in Missouri are required to provide students with disabilities a Free and Appropriate Public Education (FAPE). Districts must ensure that resources are available to implement the services and support stipulated in student Individualized Education Programs (IEPs). A key component of FAPE is that the public education offered is appropriate in consideration of the educational impact of the disability.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in Entitlement federal budget until the final allocation is awarded by Department of Elementary and Secondary Education.

Improvements/Increases:

• Increase in salaries due to adjusting teacher's compensation.

Funding Sources: Operating Budget - State and local funds as well as federal program funds

Program: Language Services (ELL), Title I, Homeless

Function(s): Bilingual and Supplemental Instruction

1271 and 1251

Special learning experiences for pupils from homes where the English language is not spoken. Special learning experiences for students that have been identified as needing additional educational opportunities beyond those provided in the usual school program if they are to be educated to the level of their ability.

Mission:

Identify and assess the educational needs of all English Learners whose native or home language is other than English. Develop student leaders through culturally and linguistically responsive instruction paired with culturally relevant family and community engagement.

The mission of Title I program is to provide instructional support for educationally disadvantaged children and their families from preschool through high school.

Program Information: The Department of Language Services and Cultural Equity serves English Language
Learners (ELLs) within the Kansas City Public Schools. ELLs make up 24 to 27% of students at
KCPS and speak over 50 different languages. The Global Academy at the International Welcome
Center serves almost 100 1st through 6th graders that have had little to no previous formal
education. The Department of Language Services and Cultural Equity is composed of two teams:
1) Instruction and 2) Community Engagement and Support. Instruction includes all the ESOL
teachers and paraprofessionals assigned to schools plus the three department ESOL Resource
Teachers. Community Engagement and Support includes the Newcomer Family and Community
Liaisons and the Newcomer and Migrant Social Worker. The Instruction and Community
Engagement and Support Teams work together to support the students and families that we serve.

Title I.A funds to assist low-achieving students in meeting the Missouri Learning Standards (MLS). The Title I.A LEA plan is to be developed with timely and meaningful consultation with teachers, principals, other school leaders, paraprofessionals, specialized instructional support personnel, administrators other school personnel, and with parents or guardians of students in served schools.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions:

Reductions

- These budgets are based on estimated federal allocations and will be adjusted as final allocations are received. Title I discretionary funds on building specific objectives based on schoolwide plans created with stakeholders and staff.
- Decrease in purchased services, supplies and capital outlay to allocate funds in requested staffing needs based on academic plan.
- Decrease in salaries and benefits due to reduction in vacancy positions.

Program: ELL, Title I, Homeless (Operating and Grants Funded)

Program: Career Technical Education (Vocational Education)

Function(s): Career Education Programs

1300 through 1391

Programs, services, and activities that will provide students and adults with the knowledge and skills needed for employment in current or emerging fields, to continue their education, or to be retrained for new business and industry practices.

Mission:

Provide secondary students with unique educational experience which will prepare them for continued education in technical or two and four-year colleges as well as for viable employment upon completion.

Program Information: This program represents expenditures for the administration of college and career development and the coordination of all CTE services including STEM, market value assets, post-secondary credentials and credits and authentic work-based experiences. Instruction occurs at several locations with culmination at the Manual Technical Center.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in technology supplies and equipment.

Improvements/Increases

• Increase in salaries and benefits due to the additional staff needed for the Pathway expansion program.

Program: Career and Technical Education Programs (Operating and Grants Funded)

Program: Student Activities & Athletics

Function(s): Student Activities

1400 through 1491

Activities that add to a student's educational experience but are not related to educational activities. These activities typically include events and activities that take place outside the

traditional classroom.

Mission: The KCPS Department of Athletics mission is to create and provide opportunities to develop

students to reach their full potential in a positive, challenging, competitive and safe environment

while emphasizing sportsmanship and principles aligned with our district policies.

Program Information: This program represents expenditures for the administration and activities of student athletics and activities that are extra-curricular in nature, including compensation to coaches.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment II budget after the following requested improvements:

Improvements/Increases

- Increase in salaries and benefits for coaching stipends.
- Increase in purchased services and supplies due to adding Paseo High School, Middle School Tackle Football and Boys Volleyball.

Program: Student Activities

(Operating and Grants Funded)

Program: Adult Basic Education

Missouri Options

Function(s): Adult Education Programs

1600 through 1690

Learning experiences provided by the LEA for the educational, vocational, recreational, cultural and/or enrichment of community members. These are learning experiences designed to develop knowledge and skills to meet immediate and long-range educational objectives for community members.

The areas of support are Adult Basic Education and English Language Acquisition. These programs emphasize basic skills such as reading, writing, math, English language competency, and problem-solving.

Mission:

Provide appropriate and challenging educational opportunities to adults that lead to skills required for a new or different career, advanced educational programs, upgrade occupational competencies and enrich quality of life.

Program Information: This program is responsible for instructional programming for adults in the Kansas City community that would allow them to further their career and improve personal lifestyles.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in purchased services.

Improvements/Increases

- Increase in salaries & benefits.
- Increase in materials and supplies.

Program: Attendance/Placement/Social Work

Function(s): Attendance and Social Work Services

2110 through 2114

Activities such as prompt identification of patterns of nonattendance, promotion of positive attitudes toward attendance, analysis of causes of nonattendance, early action on problems of nonattendance and enforcement of compulsory attendance laws.

Activities such as investigating and diagnosing pupil problems arising out of the home, school, or community, casework and group work services for the child, parent, or both.

Mission:

Provide comprehensive attendance support for grades K-12 to promote and improve individual student and district total attendance rates.

Provide high quality social work services to students and their families that assure a student's ability to engage in learning at a high level.

Program Information: This program represents expenditures for the administration and activities of building based and district wide staff who support all levels of attendance and social work. This includes registrars as well as attendance specialists.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in services and technology supplies.

Improvements/Increases

• Increase in salaries and benefits based on proposed compensation increase.

Program: Guidance/Counseling

Function(s): Guidance Services

2120 through 2129

Activities that include counseling with pupils and parents, providing consultation with other staff members on problems, evaluating the abilities of pupils, assisting pupils to make their own educational and career plans and choices, assisting pupils in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for pupils.

Mission: Provide comprehensive guidance and counseling services for all students as a complement to

their core curriculum and a support to their academic and personal well-being.

Program Information: This program represents expenditures for the administration and activities of building based and district wide staff who assess and provide services to students relating to personal and social development. AVID programming is included in these services.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

- Decrease in travel expenses.
- Decrease in materials & supplies.

Program: Curriculum and Instruction; Professional Development

Function(s): Support Services - Instructional Staff

2200 through 2219

Activities associated with assisting the instructional staff with the content and process of providing learning experiences for pupils. Programs for pupils who exhibit precocious

development of mental capacity and learning potential as determined by professional evaluation.

Mission: Provide assistance to instructional staff that develops them into teachers and teacher leaders who

deliver quality instruction for all students. Direct, guide and improve curriculum development to

assure quality instruction occurs in every classroom.

Program Information: This program represents expenditures for the administration and activities of teacher professional development, curriculum development and gifted programming.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions:

Reductions

- Decrease in salaries & benefits due to reduction in vacant positions funded from grants.
- Decrease in contracted services, technology supplies, and capital equipment funded from grants.

Program: Educational Media Services

Function(s): Educational Media Services

2221

Activities concerned with the use of all teaching and learning resources, including hardware and content materials.

Mission:

Provide school library media services that offer rich resources to students of all grades, guiding students. Provide integration of technology that enhances instruction and learning in instruction in every classroom across the District.

Program Information: This program represents expenditures for the administration and activities of library media including paper and digital reading materials. Instructional technology works directly with teachers to improve integration of technology into teaching and learning.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

- Decrease in dues and travel expenses.
- Decrease in capital equipment expenses.

Improvements/Increases

- Increase in salaries & benefits due to adjusting teachers' compensation.
- Increase in small equipment purchases.

Program: Educational Media Services (Operating and Grants Funded)

Function: Educational Media Services

Program: Board Services

Function(s): Board of Education Services

2310 through 2311

Activities of the elected body, which has been created according to state law and vested with

responsibilities for educational activities of the District.

Mission: Provide policy governance leadership of the District, employing and managing the

Superintendent of Schools and assuring state requirements of the District are met.

Program Information: This program represents expenditures for the administration and activities of the Board of Directors including the office of the Board Secretary, Treasurer, election services and certain legal services.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions:

- Decrease in salaries & benefits due to staffing transition in 2022-23.
- Decrease in election fees for 2022-23.

Improvements/Increases

• Increase in materials & supplies.

Program: Business and Financial Support Services

Function(s): Business Support Services

2500 through 2529

Activities concerned with the fiscal operations of the LEA. This function includes budgeting, receiving, and disbursing, financial and property accounting, payroll, inventory control, internal

auditing and managing funds.

Mission: Provide high quality financial support systems to buildings and departments that are reliable,

accessible, and service focused while also requiring good internal controls and systems that

protect the system from financial risk and harm.

Program Information: This program represents expenditures for the administration and activities of the budgeting, accounting, and payroll teams.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment II budget after the following requested reductions and improvements:

Reductions

Net decrease in salaries due to reduction in support staff.

Improvements/Increases

- Increase in travel costs to provide needed staffs' professional development.
- Increase in contractual services for banking, inventory, and Medicaid fees.

Program: Financial Support

(Operating and Grants Funded)

Program: Child Nutrition Services

Function(s): Food Services

2560 through 2569

Activities concerned with providing food to pupils and staff in the LEA.

Mission: Provide meals that meet the national nutritional guidelines and the expectations of students and

families, while managing to be financially independent of the district's operating budget.

Program Information: This program represents expenditures for the administration and activities of preparing and serving breakfast, lunch, dinner, and snacks to various schools/programs at various times. This includes staff in school buildings, administrative personnel, and capital expenditures for the program.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in technology repairs and maintenance.

Improvements/Increases

- Increase in salaries and benefits related to the additional supervisor and dietician, and estimated compensation increases.
- Increase in food and supplies cost for feeding programs due to the market price increases.

Program: Child Nutrition Services

(Operating and Grants Funded)

Function: Food Service 2561, 3911

Program: Procurement and Purchasing

Function(s): Internal Services (Procurement)

2571

Activities concerned with the purchasing of supplies, furniture, equipment, and materials used in schools or school system operations.

Mission:

Provide support to building and department leaders who need to bid and purchase materials or services. Assure quality and compliance with board policy, administrative policy and state and federal requirements in all bidding and purchasing practices. Support and manage efforts to meet and exceed the minority and women owned business targets of the district.

Program Information: This program represents expenditures for the administration and activities of the bidding and procuring materials and supplies as well as daily mail services to all buildings in the district.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

Decrease in supplies and materials.

Improvement/Increase

- Increase in salaries and benefits due to additional support staff.
- Increase in contractual services.

Program: Internal Service

(Operating and Grants Funded)

Function: Internal Service

Program: Research, Assessment and Accountability

Function(s): Planning, Research, Development and Evaluation Services

2620 through 2629

Activities, on a system wide basis, associated with conducting and managing programs of

planning, research, development and evaluation for a school system.

Mission: Provide high quality support to building and department leaders relating to student data and

systems data, which will allow use of the data to target and meet expected improvements for all.

Program Information: This program represents expenditures for the administration and activities of research, assessment, and accountability at local, state, and federal levels. Planning and program evaluation is supported through this department as is re-purposing of vacant school buildings and

grounds.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

Decrease in capital expenses.

Improvements/Increases

- Net increase in salaries and benefit.
- Increase in ESSER III evaluation budget per federal government requirement.
- Increase in purchased services to support instructional and assessment plans.

Program: Planning, Research, Evaluation & Development Services

(Operating and Grants Funded)

Function: Planning, Research, Evaluation & Development Services

Program: Admissions and Communication Services

Function(s): Information Services

2630 through 2639

Activities concerned with writing, editing, and other preparation necessary to disseminate educational and administrative information to pupils, staff, managers and the general public through direct mailing, the various news media, or personal contact.

Mission:

Provide high quality information about and access to the Kansas City Public Schools through customer focused enrollment processes and communications regarding opportunities, activities and information while building customer relationship with our families, community members and colleagues.

Program Information: This program represents expenditures for the administration and activities of the admissions and recruitment team as well as the communications department.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions:

Reductions

- Decrease in salaries and benefits due to reduction in support staff vacant positions.
- Decrease in professional and communication services.
- Decrease in technology supplies.

Program: Information Technology

Function(s): Information Technology

2331

Activities concerned with supporting the school district's information technology. These activities include costs associated with the administration and supervision of technology personnel, system operations, network support services, hardware maintenance and device purchase. Also includes professional development for technology.

Mission:

Provide a high quality, reliable infrastructure and information technology devices that allow for fast, safe, secure, reliable, high-quality use of technology for teaching and learning, and back-end support.

Program Information: This program represents expenditures for the administration and activities of technology services that includes network support, hardware support, systems support, and training for all users of all kinds.

Variance Discussion: This section has a net increase as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

- Decrease in salaries & benefits due to reduction in support staff vacant positions.
- Decrease in technology equipment expenses.

Improvements/Increases

- Increase in data processing and technology repairs and maintenance services.
- Increase in technology supplies.

Program: Information Technology (Operating and Grants Funded)

Program: Community Services

Function(s): Community Services

3111, 3711, 3812, 3912

Activities concerned with providing community services to the community as a whole or for

some segment of the community.

Mission: Provide numerous high-quality opportunities for families and communities to engage with one

another, their teachers, and leaders with a goal of increasing the overall success of the system and

families inside our system.

Program Information: This program is responsible for the various manners of engaging and supporting students of KCPS and their families.

Budget allocations are based on family needs and program advancement for improvement.

The function includes the following programs/departments/teams:

Parent Engagement & Involvement, Before & After School Care, Family & Community Engagement, Family Advocate, and Non-Public Schools entitlement.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment 1 budget after the following requested reductions and improvements:

Reductions

- Decrease in Non-Public Schools' entitlement until determination of DESE's final allocation.
- Decrease in materials & supplies funded in ESSER II.

Improvements/Increases

Increase in salaries and benefits.

Program: Community Services

(Operating and Grants Funded)

Function: Community Services (includes non-public school expenditures) 3111, 3711, 3812, 3912

Program: Early Childhood Programs

Function(s): Early Childhood Programs

3500 through 3512

Activities providing programs for three- and four-year-old children.

Mission:

Provide high quality early education programming to children and families considered "at risk" due to economic disparity and high social service needs in addition to offering enriching pre-k opportunities in a variety of manners for a variety of readiness levels, all of which prepare children for a successful kindergarten experience.

Program Information: This program includes our traditional Pre-K classrooms in some of our neighborhood schools and the Head Start Program. Head Start delivers early education programming, family service support, health services and mental health and disability interventions according to federal regulations. This program is provided in our two early learning community schools, Richardson, and Woodland as well as at Central High School. Montessori classrooms at Border Star and Holliday are included in the elementary instruction page as K students are in the same classroom. Parents as Teachers are also included.

This budget does not include the federal Head Start grant, which is on a federal fiscal year that begins in November. An amendment will be made at that time.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions and improvements:

Reductions

• Decrease in Head Start grant until renewal in October from MARC.

Improvements/Increases

• Increase for an additional two classrooms to support Pre-K operating expansion program that will be 100% eligible for state aid.

Funding Sources: District Operating Fund and **Federal** Head Start Grant through Mid-America Regional Council Head Start (MARC)

Program: Early Childhood

(Operating and Grants Funded)

Function: Regular Early Childhood (exc. Montessori), Headstart, Parents-As-Teachers 3511, 3512

Program: Debt Service

Function(s): Long- and Short-Term Debt

5000 through 5331

Activities servicing the debt of the LEA.

Mission: Provide responsible and timely debt management for the District.

Program Information: This program represents expenditures for the repayment of principal and interest of the District's various debt instruments.

Variance Discussion: This section has a net decrease as compared to 2022-23 Amendment I budget after the following requested reductions:

Reductions

• Decrease in principal and interest based on repayment schedule.

Funding Sources: District Operating Fund

Program: Debt Service

(Operating Fund)

Function: Debt Service
