Salt Lake City

The Utah laws and regulations governing education in Salt Lake City state that certain educational requirements must be met by all students. These requirements include attending school for a minimum number of days per year and meeting certain academic standards. The Salt Lake City School District is responsible for implementing these requirements and ensuring that all students meet the necessary criteria. The district provides resources and support to help students succeed in their education.

For more information, visit the Salt Lake City School District website at www.slcschools.org.
