

Montessori Summer Reading Suggestions

(M3, M4 and M5)

Reading to your daughter is one of the greatest gifts that you can give as she begins her exposure to a community that fosters a multitude of ideas in encouraging her exploration and understanding of the world. A love of reading connects students, both socially and emotionally, while summer provides an unstructured time for reading habits to develop. Listed below are series **suggestions** and are not necessarily meant to be read independently. Please encourage your daughter to read **any** books that interest her. We also encourage you to visit a bookstore and/or public library. Along with the series list is an attachment that features [100 classic picture books](#). Enjoy sharing these books with your child this summer!
