Team Newton's Classroom Supply List

The following is a list of suggested items to help you succeed throughout your sixth-grade school year. Please think about what is best for you to stay organized and prepared for each class.

- ✓ **Notebooks:** Students are required to have a color-coded notebook for each core course.
 - o **ELA**- Red Notebook
 - o **Math**- Blue Notebook
 - o **Science**- Green Notebook
 - o **Social Studies**- Yellow Notebook
- ✓ **Calculator:** We utilize a Texas Instrument (TI-30X IIS) in Math class. Having one at home to complete math homework is a good idea.
- ✓ **Earbuds:** Often, earbuds are lost or broken. Students should keep earbuds in a Ziploc bag in their Chromebook or pencil case. Additional earbuds can be purchased in the school store.
- ✓ **Pencils: LOTS OF THEM!** The type of pencil is up to you. Either a traditional pencil or a lead pencil is fine. Please have extra lead for your pencils if that is what you choose to use.
- ✓ **Pens/Fine tip black marker:** Students must use a black or blue pen to create final writing drafts. The fine-tip marker will be used for maps and other projects.
- ✓ **Colored Pencils**
- ✓ **Pencil case:** The ones in a binder seem to work the best.
- ✓ **Binder:** Two binders (different colors) – One for your morning and the other for your afternoon classes.
- ✓ **Dividers with the pocket:** Labeled for each core subject; different colors work best.
- ✓ **Tissues:** Please bring two to three boxes of tissues for the classroom.
- ✓ **Clorox Wipes:** Please consider donating some to the classroom. We use them a lot, especially during the winter months.

PSSA TESTING DATES: ELA: April 22nd - 25th / MATH: April 29th - 30th
