ATTENDANCE REQUIREMENTS

EXCUSED ABSENCES:

Absence from school may at times be necessary. Below are acceptable reasons to be excused for missing school as prescribed by statutes of the State of Ohio:

1. **Illness of the child.** The approving authority may require the written statement of a physician/mental health professional if it is deemed appropriate;
2. **Illness in the family necessitating the presence of the child.** The approving authority may require the written statement of a physician and an explanation as to why the child's absence was necessary, if it is deemed appropriate;
3. **Quarantine of the home.** The absence of a child from school under this condition is limited to the length of quarantine as determined by the proper health officials;
4. **Death of a relative.** The absence arising from this condition is limited to a period of eighteen school hours unless a reasonable cause may be shown by the applicant child for a longer absence;
5. **Medical or dental appointment.** The approving authority may require the written statement of a physician or dentist if it's deemed appropriate;
6. **Observance of religious holidays.** Any child shall be excused if his/her absence was for the purpose of observing a religious holiday consistent with his/her truly held religious beliefs;
7. **College visitation.** The approving authority may require verification of the date and time of the visitation by the college, university, or technical college;
8. **Absences due to a student's placement in foster care** or change in foster care placement or any court proceedings related to their foster care status;
9. **Absences due to a student being homeless;** or
10. **Emergency or other set of circumstances** in which the judgment of the superintendent of schools constitutes a good and sufficient cause for absence from school.

All absences, both excused and unexcused, are counted with the attendance requirement.

REPORTING ABSENCES

- Parents are required to call the school prior to 9:30 A.M. in order to report their child's absence. Attendance lines have a 24 hour a day voicemail and calls can be made anytime to report an absence.
- A written note signed by the parent or notification to the office is required if the child is dismissed during the school day.
- Parents must sign students in and out at the office if they arrive late or are dismissed early.
- If a parent doesn't call the school when the child is absent, that child will be marked as truant until a note from home is sent to the office explaining the absence.

ABSENCE CODES

Unexcused Absence: A parent/guardian notifies the school of an absence but it does not fall into one (1) of the categories listed under excused absence above.

Truant: A parent/guardian does not contact the school and does not respond when a call is placed notifying the parent/guardian that a student is not in school.

Habitually Truant: A student who misses thirty (30) or more consecutive hours, forty-two (42) or more hours in a month, or seventy-two (72) hours in a school year without a legitimate excuse. Students deemed Habitually Truant will be referred to an Absence Intervention Team.

The Absence Intervention Team, which includes the student's parent/guardian(s), creates a plan to assist with the student's attendance issues. Legitimate excuses are those defined under excused absence.

LATE STUDENTS

- If your child arrives after 9:05 AM, he/she must be signed in by an adult in the main office.

EARLY DISMISSAL OF PUPILS

- Students who will be leaving early should provide a note with time of dismissal to be sent to the office in the morning when advance notice is possible.
- All students are to be picked up and signed out in the office by a parent/guardian or other adult identified by parent.
- A note signed by the doctor/dentist is needed to verify appointments in order to be counted as an excused absence.

VACATION

- Students are permitted to go on vacation during the school year without penalty except the week of state mandated testing. The purpose of this administrative guideline is to accommodate parents who must take their vacations during the school year and the desire to enjoy that time as a family.
- Prior to the vacation you must send written notification to the principal in order for the absence to be reviewed and approved. The length of absence should be made clear. Student attendance will be reviewed prior to approval granted.
- The district will only approve a student's absence for a vacation when she/he will be in the company of his/her own parent or other family relatives but not other students' parents, unless there are extenuating circumstances deemed appropriate by the principal.

Wadsworth City School District

Bylaws & Policies

DRESS CODE

The Board of Education recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board will not interfere with the right of students and their parent/guardian(s) to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools. The Board authorizes the Superintendent to establish a reasonable dress code in order to promote a safe and healthy school setting and enhance the educational environment. The dress code shall be incorporated into the Student Code of Conduct or Discipline Code.

Accordingly, the Superintendent shall establish such grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress or grooming practices that:

present a hazard to the health or safety of the student or to others in the school;

- A. materially interfere with school work, create disorder, or disrupt the educational program;
- B. cause excessive wear or damage to school property;
- C. prevent the student from achieving the student's own educational objectives because of blocked vision or restricted movement.

Such guidelines shall establish the dress requirements for members of the athletic teams, bands, and other school groups when representing the District at a public event.

In regards to dress code, the following apply:

the Principal is designated as the arbiter of student dress and grooming at the building level ;

- A. the participation of staff, parent/guardian(s), and students in the preparation of a dress code which may specify prescribed dress and grooming practices, but may not amplify the rationale for prohibition established by Board policy is desired;
- B. staff members are instructed to demonstrate by example and precept toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance;
- C. all rules implementing this policy shall impose only minimum and necessary restrictions on the exercise of the student's taste and individuality.

Students who violate the foregoing rules may not be admitted to class and may be suspended from school.

5610 - REMOVAL, SUSPENSION, EXPULSION, AND PERMANENT EXCLUSION OF STUDENTS

The Board of Education recognizes that exclusion from the educational program of the schools, whether by emergency removal, out-of-school suspension, expulsion, or permanent exclusion, is the most severe sanction that can be imposed on a student in this District, and one that cannot be imposed without due process. However, the Board has zero tolerance of violent, disruptive, or inappropriate behavior by its students.

No student is to be removed, suspended out-of-school, expelled and/or permanently excluded unless the student's behavior represents misconduct as specified in the Student Code of Conduct/Student Discipline Code approved by the Board. The Code shall also specify the procedures to be followed by school officials when implementing such discipline. In determining whether a student is to be suspended or expelled, District Administrators shall use a preponderance of evidence standard. In addition to the procedural safeguards and definitions set forth in this policy and the student/parent handbook, additional procedures and considerations shall apply to students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973. (See Policy 5605 "Suspension/Expulsion of Disabled Students.")

Students may be subject to discipline for violation of the Student Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board but where such conduct is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a District official or employee, or the property of such official or employee.

For purposes of this policy and the Student Code of Conduct/Student Discipline Code, the following shall apply:

- A. "Emergency removal" shall be the exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an ongoing threat of disrupting the educational process provided by the District. (See Policy 5610.03- Emergency Removal)
- B. "Suspension" shall be the temporary exclusion of a student by the Superintendent, principal, assistant principal, or any other administrator from the District's instructional program for a period not to exceed ten (10) school days. Suspension shall not extend beyond the current school year if, at the time a suspension is imposed, fewer than ten (10) days remain in the school year.

The Superintendent may instead require a student to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The student shall be required to begin such community service program or alternative consequence during the first full week day of summer break.

The Superintendent may develop a list of appropriate alternative consequences, and set forth such list in the applicable guidelines.

In the event, the student fails to complete the required community service or the assigned alternative consequence, the Superintendent may determine the next course of action. Such course of action, however, shall not include requiring the student to serve the remaining time of the suspension at the beginning of the following year.

The procedures for suspension are set forth in the Student Code of Conduct/Student Discipline Code and Policy 5611 - Due Process Rights.

Students are permitted to make up all work missed during a suspension for full credit.

- C. "Expulsion" shall be the exclusion of a student from the schools of this District for a period not to exceed the greater of eighty (80) school days or the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place or for one (1) year as specifically provided in this policy and the Student Code of Conduct/Student Discipline Code. Only the Superintendent may expel a student. The procedures for expulsion are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy 5611- Due Process Rights. When making a determination whether or not a student will be expelled or permanently excluded under this policy, the Superintendent shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

1. Firearm or Knife

Unless a student is permanently excluded from school, the Superintendent shall expel a student from school for a period of one (1) year for bringing a firearm or knife capable of causing serious bodily injury to a school building or on to any other property (including a school vehicle) owned, controlled, or operated by the Board, to an interscholastic competition, an extra-curricular event, or any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except that the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. Similarly, the Superintendent shall expel a student from school for a period of one (1) year for possessing a firearm or knife capable of causing serious bodily injury at school or on any other property (including a school vehicle) owned, controlled, or operated by the Board, at interscholastic competition, an extra-curricular event, or at any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. The expulsion may extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. The Superintendent shall refer any student expelled for bringing a firearm (as defined in 18 U.S.C. 921(a)(3)) or weapon to school to the criminal justice or juvenile delinquency system serving the District.

A firearm is defined as any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or silencer, or any destructive device. A destructive device includes, but is not limited to any explosive, incendiary, poison gas, bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter (1/4) ounce, mine, or other similar device.

A knife capable of causing serious bodily injury is defined as any weapon or cutting instrument consisting of a blade fastened to a handle; a razor blade; or any similar device (including sharp, metal martial arts weapons such as ninja throwing stars) that is used for, or is readily capable of, causing death or serious bodily injury.

The Superintendent may, in the Superintendent's sole judgment and discretion, modify or reduce such expulsion in writing, to a period of less than one (1) year, on a case-by-case basis, upon consideration of the following:

- a. the academic and disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.
- b. the degree of culpability given the age of the student and its relevance to the misconduct and/or punishment and/or evidence regarding the probable danger posed to the health and safety of others, including evidence of the student's intent and awareness regarding possession of the firearm or knife capable of causing serious bodily injury and/or
- c. applicable State or Federal laws and regulations relating to students with disabilities (for example, where the incident involves a student with a disability and the misconduct is determined by a group of persons knowledgeable about the child to be a manifestation of the student's disability);

2. Violent Conduct

If a student commits an act at school, on other school property, at an interscholastic competition, extra-curricular event, or any other school program or activity and the act:

- a. would be a criminal offense if committed by an adult;
and
- b. results in serious physical harm to person(s) as defined in R.C. 2901.01(A)(5), or to property as defined in R.C. 2901.01(A)(6)

the Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision.

The Superintendent may, in the Superintendent's sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, upon consideration of the following:

- a. applicable State or Federal laws and regulations relating to students with disabilities (for example, where the incident involves a student with a disability and the misconduct is determined by a group of persons knowledgeable about the child to be a manifestation of the student's disability); or

- b. other extenuating circumstances including, but not limited to, the academic and disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.

If at the time of the expulsion, there are fewer days remaining in the school year than the number of days of the expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

3. Bomb Threats

If a student makes a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat, the Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision.

The Superintendent may, in the Superintendent's sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, for the following reasons:

If at the time of the expulsion, there are fewer days remaining in the school year than the number of days of the expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

- a. for students identified as disabled under the IDEA, ADA, and Section 504 of the Rehabilitation Act of 1973, upon recommendation from the group of persons knowledgeable of the student's educational needs;

or

- b. other extenuating circumstances, including, but not limited to, the academic and disciplinary history of the student, including the student's response to the imposition of any prior discipline imposed for behavioral problems.

D. "Permanent exclusion" shall mean the student is banned forever from attending a public school in the State of Ohio. (See Policy 5610.01- Permanent Exclusion of Nondisabled Students)

If a student is expelled for more than twenty (20) school days or for any period of time that extends into the next school year, the Superintendent shall provide the student and the student's parents/guardians with the names, addresses, and telephone numbers of those public or private agencies in the community which offer programs or services that help to rectify the student's behaviors and attitudes that contributed to the incident(s) that caused the expulsion.

Suspension or Expulsion of Students in Grades Pre-Kindergarten through Three (3)

Except as permitted by law, suspension or expulsion proceedings shall not be initiated against a student in any of grades Pre-kindergarten through three unless the student has committed the following acts:

- A. The student brings a firearm or knife capable of causing serious bodily injury to a school building or on to any other property (including a school vehicle) owned, controlled, or operated by the Board, to an interscholastic competition, an extra-curricular event, or any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, or possesses a firearm or knife capable of causing serious bodily injury at school or on any other property (including a school vehicle) owned, controlled, or operated by the Board, at an interscholastic competition, an extra-curricular event, or any other school program or activity that is not located in a school or on property that is owned or controlled by the Board.
- B. The student commits an act at school, on other school property, an interscholastic competition, an extra-curricular event, or any other school program or activity and the act: 1) would be a criminal offense if committed by an adult; and 2) results in serious physical harm to person(s) as defined in R.C. 2901.01(A)(5) or to property as defined in R.C. 2901.01(A)(6).
- C. The student makes a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat.
- D. The student engages in behavior of such a nature that suspension or expulsion is necessary to protect the immediate health and safety of the student, the student's fellow classmates, the classroom staff and teachers, and/or other school employees.

Prior to suspending or expelling a student in any of grades Pre-K through three (3), the Principal shall, whenever possible, consult with a mental health professional under contract. If the events leading up to the student's suspension or expulsion from school indicate that the student is in need of additional mental health services, the student's Principal or the District's mental health professional shall assist the student's parent or guardian with locating providers or obtaining such services, including referral to an independent mental health professional, provided such assistance does not result in a financial burden to the District or the student's school.

If a student in any of grades Pre-K through three (3) is suspended or expelled, the student shall be afforded the same notice and hearing, procedural, and educational opportunities as set forth in Board policy and the law. The suspension or expulsion of a student in any of grades Pre-K through three (3) shall not limit the Board's responsibilities with respect to the provision of special education and related services to such student in accordance with Board policy and the law. Further, the Board shall not be limited in its authority to issue an in-school suspension to a student in any of grades Pre-K through three (3), provided that the in-school suspension is served in a supervised learning environment.

If the Superintendent or other designated District personnel determines that a student's behavior on a school vehicle violates school rules, the Superintendent may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Before a suspension from bus/vehicle riding privileges is imposed, the Superintendent or other designated District personnel will provide a student with notice of an intended suspension and an opportunity to appear before the Superintendent or other designated District personnel.

The Board authorizes the Superintendent to provide options to suspension/expulsion of a student from school which may include alternative educational options.

The Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion must be imposed for the same duration it would have been had the student remained enrolled.

The Board may temporarily deny admittance to any student who has been expelled from the schools of another Ohio district or an out-of-state district if the student's expulsion period set by the other district has not expired. The expelled student shall first be offered an opportunity for a hearing. This provision also applies to a student who is the subject of a power of attorney designating the child's grandparent as the attorney-in-fact or caretaker authorization affidavit executed by the child's grandparent and is seeking admittance into the schools of this District in accordance with Policy 5111.

The Board may temporarily deny admittance to any student who has been suspended from the schools of another Ohio district if the student's suspension period set by the other district has not expired. The suspended student shall first be offered an opportunity for a hearing.

When a student is expelled from this District, the Superintendent shall send written notice to any college in which the expelled student is enrolled under the College Credit Plus Program at the time the expulsion is imposed. The written notice shall indicate the date the expulsion is scheduled to expire.

If the expulsion is extended, the Superintendent shall notify the college of the extension.

The Superintendent may require a student to perform community service in conjunction with or in place of a suspension or expulsion. The Board may adopt guidelines to permit the Superintendent to impose a community service requirement beyond the end of the school year in lieu of applying the expulsion into the following school year.

5611 - DUE PROCESS RIGHTS

The Board of Education recognizes that students have limited constitutional rights when it comes to their education.

Accordingly, the Board establishes the following procedures which District Administrators shall use when dealing with students:

A. Student subject to suspension:

When a student is being considered for an out-of-school suspension by the Superintendent, Principal, or other administrator:

1. The student will be informed in writing of the potential suspension and the reasons for the proposed action.
2. The student will be provided an opportunity for an informal hearing to challenge the reason for the intended suspension and to explain his/her actions.
3. An attempt will be made to notify parents or guardians by telephone if a suspension is issued.
4. Within one (1) school day of the suspension the Superintendent, Principal, or other administrator will notify the parents, guardians, or custodians of the student. The notice will include the reasons for the suspension and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the suspension to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within five (5) calendar days after the date of the notice to suspend. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.
5. Notice of this suspension will also be sent to the:
 - a. Superintendent;
 - b. student's school record (not for inclusion in the permanent record).
6. If a student leaves school property without permission immediately upon violation (or suspected violation) of a provision of the Student Code of Conduct/Student Discipline Code or prior to an administrator conducting an informal hearing as specified above, and the student fails to return to school on the following school day, the Principal, Assistant Principal, Superintendent, or any other administrator, may send the student and his/her parent(s)/guardian(s) notice of the suspension, and offer to provide the student and/or his/her parents an informal hearing upon request to discuss the reasons for the suspension and to allow the student to challenge the reasons and to explain his/her actions, any time prior to the end of the suspension period.

Appeal of Suspension to the Board or its designee

The student who is eighteen (18) or older or the student's parent(s) or guardian(s) may appeal the suspension to the Board or its designee. They may be represented in all such appeal proceedings.

A verbatim record will be kept of the hearing which may be held in executive session at the request of the student, parent, or guardian, if held before the Board.

The procedure to pursue such appeal will be provided in regulations approved by the Superintendent. Notice of appeal must be filed, in writing, with the Treasurer or the Superintendent within five (5) calendar days after the date of the notice to suspend.

While a hearing before the Board may occur in executive session, the Board must act in public.

Appeal to the Court

Under Ohio law, appeal of the Board's or its designee's decision may be made to the Court of Common Pleas.

B. Students subject to expulsion:

When a student is being considered for expulsion by the Superintendent:

1. The Superintendent will give the student and parent, guardian, or custodian written notice of the intended expulsion, including reasons for the intended expulsion.
2. The student and parent or representative have the opportunity to appear before the Superintendent or designee to challenge the proposed action or to otherwise explain the student's actions. The written notice will state the time and place to appear, which must not be earlier than three (3) school days nor later than five (5) school days after the notice is given, unless the Superintendent grants an extension upon request of the student or parent.
3. Within one (1) school day of the expulsion, the Superintendent will notify the parents, guardians, or custodians of the student and Treasurer of the Board. The notice will include the reasons for the expulsion and the right of the student, parent, guardian, or custodian to appeal to the Board or its designee; the right to be represented at the appeal; and the right to request the hearing be held in executive session if before the Board. The notice shall also specify that if the student, parent, guardian, or custodian intends to appeal the expulsion to the Board or its designee, such notice of appeal shall be filed, in writing, with the Treasurer of the Board or the Superintendent within fourteen (14) calendar days after the date of the notice of expulsion. If the offense is one for which the District may seek permanent exclusion, then the notice will contain that information.

Appeal of Expulsion to the Board

A student who is eighteen (18) or older or a student's parent(s) or guardian(s) may appeal the expulsion by the Superintendent to the Board or its designee. They may be represented in all such appeal proceedings and will be granted a hearing before the Board or its designee.

A verbatim record will be kept of the hearing which may be held in executive session at the request of the student, parent, or guardian, if it is held before the Board.

The procedure to pursue such appeal will be in accordance with regulations approved by the Superintendent. Notice of appeal must be filed, in writing, within fourteen (14) calendar days after the date of the Superintendent's decision to expel with the Treasurer of the Board or the Superintendent.

While a hearing before the Board may occur in executive session, the Board must act in public.

Appeal to the Court

Under State law, the decision of the Board or its designee may be further appealed to the Court of Common Pleas.

C. Students subject to emergency removal:

Students whose conduct warrants emergency removal shall be dealt with in accordance with the rights and procedures outlined in Policy 5610.03 - Emergency Removal.

D. Students subject to permanent exclusion:

Students whose conduct is that for which permanent exclusion is warranted shall be dealt with in accordance with the rights and procedures outlined in Policy 5610.01 - Permanent Exclusion of Nondisabled Students.

E. Students subject to suspension from bus riding/transportation privileges:

Student whose conduct warrant suspension from bus riding and/or transportation services shall be dealt with in accordance with the rights and procedures outlined in Policy 5610.04 - Suspension of Bus Riding/Transportation Privileges.

In determining whether disciplinary action set forth in this policy is to be implemented, District Administrators shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

In addition, this statement of due process rights is to be placed in all student handbooks in a manner that will facilitate understanding by students and their parents.

These procedures shall not apply to in-school disciplinary alternatives including in-school suspensions. An in-school suspension is one served entirely in a supervised learning environment within a school setting. Nor shall these disciplinary alternative procedures apply to students who are prohibited by authorized school personnel from all or part of their participation in co-curricular, interscholastic, and/or noninterscholastic extra-curricular activities.

District Bullying Policy

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student(s), staff or third parties exhibit toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s), staff or third parties exhibit toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building

Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 – Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of

such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

5516 - STUDENT HAZING

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to or associated with Board-sponsored activities (e.g., extracurricular teams, clubs, or groups) or incidents that have occurred on school property. No administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District shall encourage, permit, authorize, condone, or tolerate any hazing activities. The preceding prohibition includes recklessly permitting the hazing of any person associated with the District. Additionally, no student shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any class, team, or organization or any act to continue or reinstate membership in or affiliation with any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm to any person, including coercing another to consume alcohol or a drug of abuse. No person shall recklessly participate in the hazing of another. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, employees, faculty members, teachers, and other people contracted directly or indirectly (through a third-party provider) with the board of education or volunteers of the District shall be alerted to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Additionally, no administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer of the District who is acting in an official and professional capacity shall recklessly fail to immediately report the knowledge of hazing to a law enforcement agency in the county in which the victim of hazing resides or in which the hazing is occurring or has occurred. Students, administrators, employees, faculty members, and teachers who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law. Likewise, other people contracted directly or indirectly (through a third-party provider) with the board of education, and volunteers associated with the District who fail to abide by this policy may be prohibited from continuing their involvement and/or participation in activities associated with the District and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students, Board employees, consultants, and volunteers, and shall incorporate it into building, staff, and student handbooks. It shall also be posted on the District's website. This policy shall be the subject of discussion at employee staff meetings or in-service programs.

Board employees, other people contracted directly or indirectly (through a third-party provider) with the board of education, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

Directory information shall not be provided to any organization for profit-making purposes.

Parents Right to Inspect, Review and Request Amendments to Student Educational Records

A parent or adult student has the right to:

A. inspect and review the student's education records within forty-five (45) days after the School receives a request for access or within such shorter period as may be applicable to students with disabilities. The School has a form that can be used to submit such a request. The Custodian of Records ("COR") (building principal) will notify the parent or adult student of the time and place where the records can be inspected. Parents and adult students are not permitted to inspect and review the education records of other students. If there is a valid reason why a parent or adult student cannot personally inspect and review a student's education records, or if the parent or adult student specifically requests copies of education records, the COR may arrange for copies of the requested records to be delivered to the parent or adult student directly. The Board may charge a reasonable fee for the copying of records, which may be waived under circumstances of unusual hardship.

B. request the amendment of the student's education records if the parent or adult student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. Parents or adult students who believe that a change is necessary should ask the COR to correct the record. Such a request should be made in writing and should identify the part of the record they want changed, and specify why it should be changed. If the record is not changed to the parent's or adult student's satisfaction or if the COR informs the parent or adult student that the record does not appear to be misleading, inaccurate, or in violation of any privacy right, the parent or adult student will be informed of his/her right to request a hearing. The parent or adult student may submit a written request for a hearing. The hearing will be conducted by a hearing officer who will submit his/her findings to the Superintendent. The Superintendent will make the final decision concerning whether to change the record. A parent or student who remains dissatisfied with the final decision of the Superintendent may request that an explanatory statement be placed in the student's file explaining the basis for the disagreement. The school has a form that may be used to identify which information in the record the parent or adult student believes is inaccurate, misleading, or a violation of the student's privacy rights, and to specify why it is inappropriate.
