Parental Authorization for Hearing and Vision Screening**

In order to meet the needs of students, Hearing and Vision Screenings are sometimes necessary. Parental permission is needed for those screenings. In the event a student fails either or both screening(s), the parent will either be contacted via telephone or a note will be sent to the parent for the child to be further evaluated by a physician. Please sign below if you give permission for your child to be screened for Hearing and Vision in the school's clinic.
