Remember why you are there, as you have the power to make your day great and someone else's day special. These are words I try to live by and pass on to people who pass through my life. As Red Devils we strive for the best so that we can achieve our ideal future. We take classes that will expand our opportunities, join a team to fuel our Red Devil spirit and we participate in clubs to understand what it means to be a part of something. Throughout this school year when we come across a peer or an adult that is new to our lives, I hope you seize the opportunity to bring someone into your network of friends, to make a positive impact in their life and change your life forever. The relationships we build in high school last beyond the four years you are on this campus. Make the most of it and remember why you are here.

As we prepare for the school year the Building Leadership Team, teachers and staff of Hinsdale Central set goals, including a social emotional goal. The Collaborative for Academic, Social, and Emotional Learning (CASEL) has identified five interrelated sets of cognitive, affective and behavioral competencies. They are Self-Awareness, Social Awareness, Self-Management, Relationship Skills, and Responsible Decision-Making. As you move through the school year, we ask you to be mindful of who you are & what you represent. There are moments in your day and in your life where your priorities change. At one moment you are a student, however you may also be a student athlete or a student of service or a student leader, whatever the role, remember why you are there. During the school day, your first priority is to be a student and we are here to teach you, help you achieve your ideal future. We are here to prepare you to be a student of academics, a student of life, and a student who strives to better our community, school and self. The choices you make while at Hinsdale Central will define your character, so make a commitment to excellence. Welcome to or welcome back to Hinsdale Central High School, make this year the best year yet.

It is important for you and your family to read and become familiar with our student planner and digital handbook. The digital handbook can be found online and contains information that will help with your transition and provide you a better understanding of all Hinsdale Central has to offer. As a former student, teacher and coach, Mr. Bill Huskisson would say *"it is a great day to be alive and a Red Devil."*

HINSDALE TOWNSHIP HIGH SCHOOL DISTRICT

Defining excellence.

# OUR VISION

WHERE WE ARE HEADED

District 86 will set the standard for excellence by inspiring passion, confidence and excellence In five years, the District will use the following components as evidence for achieving our mission and vision:

Coherent System	District 86, its two high schools, and communities are one coherent, unified system. Collaboration fosters respect, voice, and engagement among all stakeholders. Commitment to a shared mission, vision, and goals unites the District. Resources and opportunities are equitably provided to ensure that needs of all students are being met.
Critical Competencies	District curriculum, foundational knowledge, and competencies required for success after high school link to the life skills of critical thinking, creative thinking, problem solving, collaboration, and communication. These critical competencies link to character and leadership required for global citizenship. Learning expectations and experiences are rigorous, relevant, and equitable for all students.
Multiple Measures for Success	Student, team or department, school, and District 86 success links to a meaningful data and information system consisting of multiple measures for goal setting, reflection, analysis, and improvement of performance. Multiple measures are used at all levels to periodically assess and report progress. Improvement is the first criterion of success.
Student Well-Being	Students feel safe, challenged, confident, and responsible for their own learning. District 86 culture, programs, practices, and services foster student social and emotional well-being. Students report they feel well prepared for their future. Families report they feel their student is well prepared for their future.
Innovative Teaching and Learning Practices	Engaging teaching and learning practices ensure students explore big ideas, make real-world connections, relate their learning to their passions, and give students multiple and authentic ways to demonstrate their knowledge. Instructional tools, including technology, ensure learning takes place both inside and outside the classroom. Assessment leads to next steps in teaching and learning. Student growth is the first criterion of success.
Facilities	The facilities support a safe and secure learning environment that provides opportunities for multiple pathways leading to college, career and life readiness. The facilities provide opportunities for innovative teaching and learning practices, including technology. All facilities are fully ADA accessible and meet Life-Safety requirements.
Collaboration and Communication	Internal and external communication and collaboration activate student, teacher, and parent voice and improved stakeholder satisfaction. Enhanced communication and collaboration create clarity and understanding and promote transparency. Communication closes the gap between what is real and what is perceived.
Partnerships	District 86 cultivates partnerships with business, agencies, and other community organizations to further student learning, career, and workplace experiences for students. District 86 cultivates partnerships with sender districts to further college, career, and life experiences for students.
