

How to login to a Chromebook/Lenovo (Windows)

Enter your school email address (example – firstname.lastname@stu.spencer.kyschools.us)

Enter your password (example - 9999Xxx99)

If you do not know your email or password, please ask your teacher and they can get it for you.
You should now be logged into the computer.

When signing into Google, please do not create a personal account with your school email address. If you have, be sure to select Google Workspace account or you will be unable to access Google
