

# BOARD MEETING HIGHLIGHTS

## WESTMINSTER SCHOOL DISTRICT

---

### **NEW SUPERINTENDENT APPOINTED**

The Board of Trustees chose to appoint Dr. Gunn Marie Hansen as Westminster School District's new Superintendent. Dr. Hansen was most recently the Superintendent at Orange Unified School district and served there for nearly six years. She is officially in office beginning April 3. The district is excited and looking forward to new leadership. For more information about Dr. Hansen head to the [district website](#).

### **FINALSITE | DISTRICT'S NEW WEBSITE PLATFORM**

The Board of Trustees approved for WSD to partner with [Finalsite](#) to begin developing a new website for the district. Finalsite recently acquired Blackboard so they are a powerhouse platform that can help elevate the district's communication, marketing, and content management. The district plans to slowly rollout this platform over the next few months and will work with staff to train them to use Finalsite. More details will be available soon.

### **VIRTUAL ACADEMY**

Interim Superintendent, Dr. Charles Hinman clarified with the WSD Community that the virtual academy will still be available for students next school year. The District is also looking at options to expand the academy to folks outside of the district. Many families have said it is a great option for them to ensure their child's health and safety despite the pandemic slowly phasing out.
