2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Edison School is a neighborhood school nestled in an urban school setting. It includes approximately 435 students in grades kindergarten through fifth, a committed staff, and a robust Parent Teacher Association. It is a close-knit community of dedicated staff and supportive parents who work together to ensure all our students thrive as caring, prepared citizens, as referenced in the school's vision statement "Edison Elementary School is an inclusive community of learners committed to developing responsible, well-rounded citizens through the acquisition of academic and social skills". The entire school community undertakes efforts to show caring and understanding, which take various forms:

- The Edison community takes care of ourselves: Students work hard to reach their fullest potential, as well as using Lifelong Guideline skills such as Respect, Responsibility and Effort. Teachers at Edison use a caring, yet structured approach in guiding and facilitating student learning and achievement.
- The Edison community takes care of others: Our school, district and community all support the idea that Everyone Belongs Here. Through programs such as Socioemotional Learning (Toolbox and Soul Shoppe Peacemakers), Positive Behavior Interventions and Support (PBIS), and a strong Service Learning component, Edison students grows a strong sense of empathy and caring for others. Through use of Conflict Management and Restorative Practices, student can always feel heard and respected. In 2022, Edison School received a Platinum PBIS implementation recognition from the state.
- The Edison community takes care of our school, community and our world: Our school's strong volunteer base, including PTA and its numerous active committees, School Site Council, Dad's Club and individual volunteers put in thousands of hours each year in building a positive and rich school environment for our students to learn in. The school's Go Green Team helps raise awareness of how we all can minimize our impact on the environment, being recognized as both a state and national Green Ribbon School in 2020. And many other groups work tirelessly at efforts in growing a positive school climate.

The staff is made up of highly dedicated individuals with many years of experience in teaching. Edison's staff is comprised of extremely dedicated and talented individuals. All of our teachers work tirelessly and go above and beyond their duties, such as serving on the sites Leadership Team, the Schoolwide Positive Behavior Intervention and Support (PBIS) team or implementing the district's waste-reduction initiative. At each grade level, teachers work together to align their practices and develop lessons that meet the needs of our varied learners. Edison students care about each other and the world around them. They strive to uphold our school-wide rules and they follow the lifelong guidelines and life skills.

2022-23 School Overview

Our Socioemotional Learning program, Toolbox, gives students common language and skills in using "tools" to address problems that arise, to promote resiliency and problem solving for students in growing our positive school climate. Our goal is to promote the ideas of empathy, inclusion, celebration of diversity, and lifelong learning. Our PBIS program supports students with articulation of clear expectations in all aspects of school, positive reinforcement for students in exhibiting these expectations, and recognitions and celebrations that support these goals. Students demonstrate leadership by participating in Service Learning activities such as lunch waste monitors, Junior Coaches, and Kindergarten buddies. In addition to these, numerous other programs and initiatives help to promote a positive school climate and rich culture.

Edison's success is strengthened by our close partnership with our robust Parent Teacher Association, which engages in generous, ongoing fundraising and extensive volunteerism. Every day, the school is filled with parents, grandparents and guardians who support our work in the classrooms. Whether facilitating small reading groups, participating as garden and/or art docent, fundraising to support school-wide efforts such as classroom technology or counseling support, funding a kindergarten music teacher, or organizing our annual Readathon, Edison's volunteers make a huge difference at our school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	74	N/A	65	N/A	47
Mathematics (grades 3-8 and 11)	N/A	78	N/A	53	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Edison Elementary greatly benefits from supportive parents, guardians and community members who get involved in a variety of activities. We encourage volunteering and community service through a Volunteer Recognition program, where we appreciate volunteers at an event near the end of the school year. Volunteers serve as room parents, field trip chaperones, art or garden docents, reading group leaders, noon supervisors, Motor Fitness trainers, or by being "Lunch Buddies", amongst other roles. Parents also actively participate in School Site Council, English Learner Advisory Committee, and PTA.

The Edison PTA coordinates volunteer and fund-raising activities and sponsors community-building activities throughout the year such as Fall Festival, Book Fair, Walk and Roll to School Day, the annual Readathon, and much more. Edison also has a Dad's Club that hosts a variety of activities. It's Go Green committee has been a driving force in environmental education in the district, earning the school a California Green Ribbon Certification and a National Green Ribbon recognition in 2020. The school partners with PTA in promoting greater diversity and inclusion. This includes intentional activities aimed at including each of our stakeholders, to honor and celebrate diversity, and to establish a community of respect. Many parents contribute additional funds through our Direct Donation PTA program or through Alameda Education Foundation's classroom adoptions, in order to provide money beyond what is available from state and federal allocations. We ask all parents to attend Back To School Night, special events and concerts, and parent-teacher conferences. We love our volunteers! To volunteer at our school, please contact us at (510) 748- 4002 and ask for Nicci Woodward, Office Manager or visit our school website at <http://edison.alamedausd.ca.schoolloop.com>. Volunteers are also encouraged to sign-up online with Edison's PTA at www.edisonpta.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Safety is a primary concern at Edison. The school strives to remain in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Staff and parent volunteers monitor the school grounds before school, at recesses, at lunchtime, and at dismissal. Kindergarten students have a designated play area and a fifth grade Kindergarten Buddy program to help ensure their safe play. All visitors must sign in at the office, where they receive a visitor's badge.

Teachers regularly review the rules for safe, respectful and responsible behavior with students through our Positive Behavior Intervention and Support (PBIS) program. This includes review of student expectations in each area of the school several times each year, enforcement of these expectations, and frequent recognition of students exhibiting the expected behaviors. Additionally, the Toolbox SEL program promotes a positive school climate through explicit instruction on problem solving and conflict mediation strategies. Edison also has a structured recess program that promotes students being active in a variety of game options, as well as structured procedures for playing each game and a conflict resolution process for when disputes arise. A school counseling intern, funded by the Edison PTA, works with small groups of students to develop social skills, manage anger and frustration, and build friendships.

School staff revises the Comprehensive School Safety Plan annually. The plan includes procedures for emergencies such as fire, earthquake, critical incident lockdown, intruders, and shelter-in-place. These procedures are available for review through the school's main office. The Safety Plan is approved annually (last approved Spring 2022), procedures are shared and reviewed with all staff during regular professional development, and all classrooms have a stocked emergency bag. We practice monthly emergency drills, including annually practicing search and rescue, first aid, and parent release scenarios. We have enough emergency supplies, equipment, and rations stored on site for three days.

2021-22 Types of Services Funded

Edison is a place where safety and learning are the highest priorities. Our vision is aimed at helping our students grow and flourish in an environment that is based in safety and inclusion. We serve our students' academic, behavioral and socioemotional needs through our Positive Behavior and Intervention Supports (PBIS) as well as our Coordinated Services Team (COST). We empower students to be successful in school by carefully articulating expectations and reinforcing positive behavior. Behavior trends are analyzed and Tiered Fidelity Inventories (TFI) are conducted several time a year to provide data to staff in improving PBIS. These supports are echoed in the school focus for all to be safe, respectful and responsible, and reinforce our priorities of inclusion, acceptance, and celebrating uniqueness.

Student achievement is at the center of our work. We utilize technology, innovation, project-based learning, and a strong emphasis on reading. Staff has fully implemented the Center for the Collaborative Classroom (CCC) Literacy curriculum, as well as the Eureka Squared Math adoption over this school year. We embed best-practices and quality supports as we weave Inquiry by Design, English Language Development (ELD) support, Bay Science, Service Learning, and our Response to Intervention (RtI) model into our instructional practices. At each grade level, teachers work together to align their practices and develop lessons that meet the needs of our varied learners. Progress is monitored by classroom and district-wide formative assessments, including the use of Star 360 as an assessment management system in Grades K-5, as well as other measures. Our faculty and staff are committed to implementation of these tools and practices to the benefit of our students.

Our goals require strong and broad leadership. Our staff is driven by an inertia that is caused by each of us committed to learning in a changing world. Several site committees take on a leadership role in the school: The Instructional Leadership Team (ILT), the PBIS team, and COST members. Each of these teams play a significant role in helping plan for and shape the instructional vision for the school, implementation of instructional and intervention practices, developing and leading professional development, planning the school-wide priorities for the year, and serving as a means of communicating and problem solving throughout the staff.

Edison's success is strengthened by our close partnership with our robust Parent Teacher Association. The parent community engages in generous, ongoing fundraising and extensive volunteerism. Every year community members put in thousands of volunteer hours including facilitating small reading groups, providing supervision and classroom support, teaching Art docent lessons. The generous financial contributions from parents help to fund school initiatives both large and small, including the Garden Program, field trips and assemblies, technology, organizing the annual Readathon, and many other contributions. Edison's volunteers make a huge difference at our school, and we are quite fortunate to have this support and encouragement to operate at high levels.

Edison has its share of both successes and areas of growth. Our most recent SBAC Reading and Math assessments have 76.2% and 79.8% of students at or above proficiency in these subject areas, respectively. Maintaining high expectations for all students through use of effective curriculum, rigorous instruction and ongoing professional development will work to continue this success. However, we do have students working below grade level, and use a number of academic and intervention strategies to meet the needs of some of our underserved students. In particular, our Special Education, Latino and Socioeconomically Disadvantaged subgroups are students where intervention support can me most greatly focused. This support will take the form of increased intervention academic and behavioral services as informed by COST, implementation of a Socio-Emotional Learning program for the upcoming school year, continued work on our PBIS program, and focused staff Professional Development regarding best practices in Literacy, Math and English Language Development instruction.

Professional Development

Edison School's professional development is aligned to the following AUSD Priority Teacher Practices: 1) Use grade-level standards, text, and tasks for Small Group, differentiated Tier I instruction. 2) Design frequent student talk opportunities that support meaning-making, critical thinking, writing and academic language practice in service of grade-level standards. 3) Build positive relationships with and among our students to create conditions for learning. 4) Culturally Responsive Teaching - Use of protocols and practices to provide equitable learning opportunities for all students. Areas were determined using assessment data, student and staff survey data and district focal areas.

There are several professional development opportunities offered via schoolwide staff sessions, grade-level collaboration, as well as cross-site and district wide opportunities. Site professional development sessions take place during staff meetings and district professional development days. The site's Instructional Leadership team sets the agenda for staff meeting and professional development sessions. These are facilitated and supported by the school's Principal, Intervention Lead teacher and a district Instructional Coach. Professional Development topics included: Small Group Instruction, Student Talk Routines, ELD implementation, use of data to guide instruction, socioemotional learning, Culturally Responsive Teaching and Anti-bias work, and instructional equity. All staff attended 2 Staff Development Days prior to the start of school 2 during the school year as developed by the school district, plus 6 more Collaboration sessions (1 hour each) throughout the year. Teachers are supported in their professional growth in numerous ways throughout the year including working with the instructional coach, coaching from the site principal and site teacher specialists, site-based professional development during staff meetings and collaboration times, and outside professional conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
