2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Principal's Message: Otis Elementary School is a very special place. We are a community where everyone is welcome and everyone plays an important role in maintaining our strong and supportive environment. Our students receive high quality and rigorous instruction in a nurturing atmosphere. Our families are recognized for their partnership and the role that they play in not only their children's success, but in success for all. Otis teachers believe in the power of education and see the potential in all children. Our support staff are active participants in the fostering of our happy school community. We are a proud PBIS school, and we LOVE owls!

Mission: Otis Elementary School provides a joyful, holistic, and rigorous educational experience that fosters enthusiasm for learning, encourages a growth mindset, and nurtures both cognitive and socio-emotional development of all students. The school recognizes and supports diverse learning styles, emphasizes personal and social responsibility, and encourages leadership and self-advocacy.

Vision: The students at Otis Elementary will emerge as empathetic, resilient, independent, socially conscious learners, who acquire the 21st century skills of creativity, collaboration, communication, critical thinking and problem-solving.

About our school: Otis Elementary is a Kindergarten through Fifth grade school serving 541 students and their families. We are located in Alameda California where the student/family population reflects the diversity of the larger community. Children are seen and celebrated as individuals, therefore a holistic approach is taken to teaching and learning. Otis offers a rigorous and enriching program. Students have access to the latest technology so that they develop 21st century learning skills. Art, science, community-building, and social emotional development are tethered to all we do.

The Otis culture is welcoming and embracing to all families regardless of life circumstance, family structure, or culture. School staff work in partnership with families to ensure that children remain on a trajectory to meet their full potential. In addition, families are seen as key stakeholders, and are instrumental in the decision making process. Family committees include the PTA, SSC, ELAC, and the Equity and Inclusion Committee. There are many opportunities to volunteer throughout the school and in the classroom, as well as community and culture-building events.

Otis teachers are highly qualified, creative, and devoted to their students and their practice. We see ourselves as lifelong learners and remain engaged in the latest research regarding child development and best instructional practices.

2022-23 School Overview

Otis is an equity-centered school where we are committed to strategic allocation of resources, individualized instruction, and physical and emotional safety for all.

We are a Positive Behavior Intervention School, receiving gold status by the California PBIS Coalition.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	68	N/A	65	N/A	47
Mathematics (grades 3-8 and 11)	N/A	64	N/A	53	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Families are seen as key stakeholders as well as critical partners. It is imperative that family voice is elevated and prioritized in the programmatic and fiscal decision making process. Otis has a very active and welcoming PTA, and a robust ELAC, SSC, and Equity and Inclusion committee, all of which support our school's vision and mission. Many of our enrichment and intervention programs are supported through the fundraising efforts of our family community.

So far this year we have engaged families with events such as the Welcome Back to School BBQ, and the Fall Carnival. We plan to hold a literacy night in the near future during which families can attend and learn how to support their readers at home.

Otis is also using the District purchased program, FASTalk in order to reach out to our k-3rd grade families multiple times per week in their home language with standards aligned activities that they can do with their child.

We actively encourage all families to participate in events, join committees, and spend time in their child's classroom. Volunteers can be seen in the garden, lunchroom, media center, playground, and throughout the school.

2021-22 Chronic Absenteeism by Student Group

Student Group	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.60	1.63	2.45
Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

AUSD and Otis Elementary take the safety of students, staff, and families seriously. The Otis safety plan was most recently updated on November 2, 2022, and this plan was communicated to staff November 16, 2022.

Our comprehensive safety plan includes designated safety teams, including search and rescue, release of students, evacuation plans and signals, as well as communication.

Students and staff participate in monthly drills, including fire, earthquake, shelter in place, and lockdown drills.

Professional Development

Equity is a priority at Otis, and our professional development reflects this. We are currently working to deepen our knowledge of culturally and linguistically responsive practices. During vertical and horizontal collaboration we focus on dismantling barriers that lead to disproportionate outcomes for students of color and English learner. Our goal is that all students, regardless of race, language, or zip code have the essential literacy skills to become fluent readers and critical thinkers. Thus we are looking at literacy practices, how we teach reading fundamentals, and asking ourselves if the books we chose represent the experiences of all of our students and families. We are also deeply committed to closing the equity gap for our English Learners and have been engaging in PD surrounding the quantity and quality of student discourse happening in the classroom.
