HOCKING COLLEGE

College Credit Plus Pathway: Health Career

COLLEGE CREDIT PLUS PROGRAM

Providing students with dual credit opportunities is a proven educational strategy. Effective dual credit systems have been linked to positive student impacts at both secondary and postsecondary levels. College Credit Plus has the capacity to create systemic collaboration, which will be necessary in order for Ohio to meet its college-ready, career-ready, and postsecondary completion goals. This program also has the added benefit of creating a reliable and seamless bridge for students to transition from high school into postsecondary endeavors.

Hocking College continues to be a leader in dual enrollment partnerships as we provide pathway opportunities and support to our many high school partners.
