# The Communicator

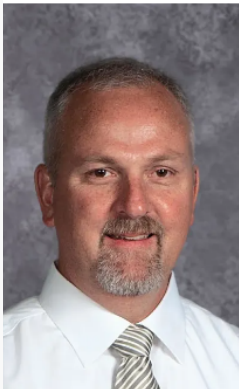

Elgin Local Schools

This will be the last Communicator mailed out to the community. We will be updating our annual newsletter format which will be uploaded directly to [elginschools.org](http://elginschools.org) to help get information out to you faster and easier!

## Message from the Superintendent

Mr. Lane Warner

I trust this message finds our students, families and staff well-rested and enjoying summer break. As I write this message I find it very hard to believe that we are ready to turn the calendar from July to August and begin to actively prepare for our school campus to be busy with student activities. The first day of school for students is Thursday, August 17, so that means we are less than one month away from our classrooms being filled with young people ready to learn and continue their growth into mature young men and women. I sincerely hope that you have been able to have quality time with your families, friends and neighbors this summer and that you can enjoy the last few weeks before the hustle and bustle of the school year begins. Parents, you should be receiving a notice from Final Forms to review/complete all of the enrollment documents for your child(ren) online. If you have any questions, please don't hesitate to contact your student's office directly at 740-223-4300 (high school and middle school) or 740-223-4301 (elementary). We look forward to seeing you all in the coming weeks!

## Principal's Message

Elgin community,

We finished the 2022-2023 school year on a very high note. We were able to celebrate the accomplishments of our students during the month of May. Our preschool has continued to prepare our students to be kindergarten ready for the next school year. Our Kindergarten students participated in Safety Village (fire and safety training) and had a graduation ceremony on the last day.

We held our first Mental Health Day at the elementary. Students had interactions with first responders and had a guided tour through their emergency vehicles. We had a therapy dog and a petting zoo that was supported by the high school staff and students.

A big thank you to our PTO for helping to support our students through fundraisers and providing fun opportunities such as our Inflatable Day. We have such great parent support at Elgin!

Thank you to our tremendous staff and high school students for helping to be great influences and shaping our next generation of leaders in our community. We are looking forward to the start of the 2023-2024 school year. Our open house will be on Tuesday, August 15th from 4:30 to 6:00 and our first day back to school will be Thursday, August 17th. I hope everyone has a great summer and we look forward to hearing about all of your adventures.

Matt Holsinger  
Elgin Elementary Principal

Thank you to this amazing group of ladies for helping to plan literacy night. We had over 430 people attend this amazing event.

## Camp Invention

Elgin Local Schools was proud to host Camp Invention from June 5th-9th again this year! Camp Invention is a confidence-boosting STEM summer camp where kids build creative inventions and lasting friendships. Led by qualified local educators, our camps offer new and exciting hands-on activities every year. In attendance were 95 campers, 3 Middle School Leaders in Training, 12 High School Leadership Interns, 9 staff members in attendance. These campers and leadership interns were from 12 different districts in Marion and surrounding counties, as well as home school students.

This year's modules were:

- 1) Pop-Up Venture. Children became innovative entrepreneurs as they designed their own mini pop-up business! Campers created a business plan and chose how to spend their startup funds. Employing their imaginations, they added lights, greenery, logoed signage, and other features to attract customers to their business. After inventing unique ways to distribute their products, children launched their businesses on Friday and were able to "buy" and "sell" their products with each group.
- 2) Catching Air- Campers built their own mini skate park with ramps, bowls and rails. They took an exciting ride through physics, design engineering, and art! Campers personalized their mini skateboards, created DIY skateboard riders and designed awesome skate park features. On Friday, students were able to grind the rails of innovation as they kickflipped their way through each other's one-of-a-kind skate parks!
- 3) MimicBot- Children investigated their inner workings of their very own MimicBot- a robot that mimics sounds- and transformed it into a one-of-a-kind animatronic stuffie! They found inspiration in nature, got hands on with design and use of the power of intellectual property to protect their stuffie from the idea-stealing "Copy Cat". Then campers took their stuffie home to keep creating and innovating!
- 4) Invention Celebration- To create the best celebration ever, children became confident event planners! They had fun engineering light-up party hats, inventing a Party Assistant to help with their big plans, explored color with bubble art banners, and experimented with sound as they created instruments. On Friday, children rotated between fun stations as they had a giant celebration for their amazing accomplishments.

We look forward to welcoming returning and new campers in June 2024!

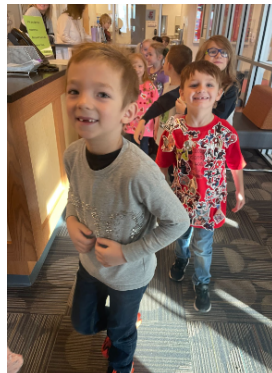

A school supply giveaway will be provided by area churches on Tuesday August 8th from 6:30-7:30pm. It will be held in the elementary parking lot. It will be drive thru style and first come first serve. This is intended for student k-5 with a very limited set of basic supplies for MS/HS.

Kindergarten students working hard in the Digital Media Center

We had our very first Mental Health day for staff and students. Students got to have interactions with first responders and have a guided tour through their emergency vehicles. We had a therapy dog and a petting zoo that was supported by the high school staff and students. It was an overall successful day.

Read Across America Week (Career Day)

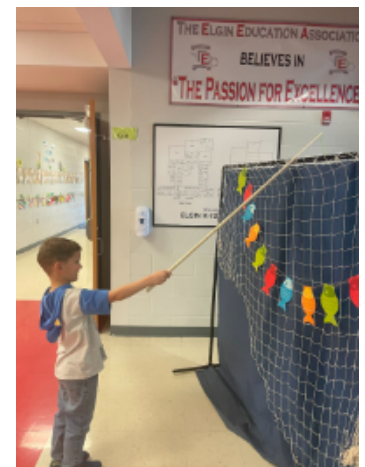

Thank you to the PTO for supporting teacher appreciation week and inflatable day. Our students had a blast celebrating with their teachers and classmates.

Mrs. Swonger had several high school students read to her 5th grade class. Just another great idea of collaboration with our district.

For grades K-5 school fees are \$10, which covers the Technology Fee and CANNOT be waived because of Free/Reduced Lunch status.

We had numerous PBIS reward activities that students purchased with their Comet Cash. We had a trip to the SPEEC supported by Mr. Pasma and his high school students.

Mr. Moses and Cosmic Beat for performing at Tri-Rivers.

## HS/MS Attendance and Tardiness

### Excessive Absence and Tardiness Issues

It is important for every student in Ohio to attend school every day. Missing too much school has long-term, negative effects on students, such as lower achievement and graduation rates. There are many reasons students miss school, but districts often can directly impact their students' attendance. By using data to identify and support students who may need extra support and services, districts can target supports to get students to school every day.

In December 2016, the Ohio General Assembly passed House Bill 410 to encourage and support a preventative approach to excessive absences and truancy. Beginning with the 2017-2018 school year, several changes take effect. Schools cannot suspend or expel students for missing too much school. Districts will amend or adopt policies that outline their interventions and plans for students who miss too much school.

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the district will partner with students and their families to identify and reduce barriers to regular school attendance. The district will utilize a continuum of strategies to reduce student absence including, but not limited to:

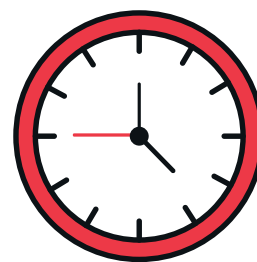

- Notification of student absence to the parent or guardian;
- Development and implementation of an absence intervention plan, which may include supportive services for students and families;
- Counseling
- Parent education and parenting programs;
- Mediation
- Intervention programs available through juvenile authorities
- Referral for truancy, if applicable

### DEFINITION OF TRUANCY AND EXCESSIVE ABSENCES

1. 'Chronic truant' is removed from the law;
2. Definition of 'habitual truant' changed from days to hours. The new definition is:
  - a. Absent 30 or more consecutive hours without a legitimate excuse;
  - a. Absent 42 or more hours in one school month without a legitimate excuse; or
  - a. Absent 72 or more hours in one school year without a legitimate excuse.
3. Includes 'excessive absences':
  - a. Absent 38 or more hours in one school month with or without a legitimate excuse; or
  - a. Absent 65 or more hours in one school year with or without a legitimate excuse.

### TRUANCY IS DECRIMINALIZED WITH SEVERAL CHANGES

1. A district must remove 'excessive truancy,' from its zero tolerance policy for violent, disruptive or inappropriate behavior;

### TRUANCY IS DECRIMINALIZED WITH SEVERAL CHANGES

1. A district must remove 'excessive truancy,' from its zero tolerance policy for violent, disruptive or inappropriate behavior;
2. Students cannot be expelled or suspended (out of school) for being truant (beginning July 1, 2017); and
3. A district must take several steps to engage the student and his or her family before filing a complaint with juvenile court (including parental notification, an absence intervention team and an absence intervention plan detailed below). Juvenile court should consider alternatives to adjudication and adjudication should be used as a last resort. A complaint cannot be filed until:
  - a. after failed implementation of an absence intervention plan; or
  - a. A child has been absent without a legitimate excuse for 30 or more consecutive hours or 42 or more hours in a school month during the implementation of an absence intervention plan.

### STUDENT DISCIPLINE CHANGES

1. Schools may permit students to make up missed work due to out-of-school suspensions per district policy; and
2. Schools cannot apply any remaining part or all of a suspension to the following school year, but the superintendent may require a student to participate in community service or an alternative consequence for the number of hours equal to the time left on the suspension.

### EMIS REPORTING CHANGES

1. When a district notifies a parent that a student has excessive absences;
2. When a child has been absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one school month, or 72 or more hours in one school year;
3. When a child, who has been adjudicated an unruly child for being a habitual truant, violates the court order regarding that adjudication; and
4. When an absence intervention plan has been implemented for a child who is habitually truant.

### DISTRICT RESPONSIBILITIES WHEN A CHILD HAS EXCESSIVE ABSENCES

When a student is excessively absent from school, the following will occur:

1. The district will notify the student's parents in writing within 7 days of the triggering absence;
2. The student will follow the district's policy for addressing excessive absences; and
3. The district may refer the student and family to community resources as appropriate.

## HS/MS Attendance and Tardiness

### DISTRICT RESPONSIBILITIES WHEN A CHILD IS HABITUALLY TRUANT

When a student is habitually truant, the following will occur:

1. Within 7 school days of the triggering absence, the district will do the following:
  - a. Select members of the absence intervention team;
    - a. Make 3 meaningful attempts to secure the participation of the student's parent or guardian on the absence intervention team.
  2. Within 10 days of the triggering absence, the student will be assigned to the selected absence intervention team;
  3. Within 14 school days after the assignment of the team, the district will develop the student's absence intervention plan; and
  4. If the student does not make progress on the plan or continues to be excessively absent, the district will file a complaint in the juvenile court.

**Districts must establish an absence intervention team to be deployed only when a student is deemed habitually truant. Intervention teams for students excessively absent is at the discretion of the local district.**

The purpose of the absence intervention team is to establish a student-centered absence intervention plan for every child who is habitually truant by identifying specific barriers and solutions to attendance. The team is cross-sector and ideally includes the participation of the student and the parent. This requirement is new and is aimed at breaking down barriers to attendance without filing criminal complaints against the student in juvenile court.

1. Districts with a chronic absenteeism rate of 5 percent or greater must establish absence intervention teams for students who are habitually truant beginning with the 2017-2018 school year;
2. Schools are permitted to have their own absence intervention teams, but the district is responsible for developing a team if the school does not have one;
3. Membership of each team should vary based on the needs of each individual student, but each team MUST include:
  - a. A representative from the individual's school or district;
  - a. Another representative from the school or district who has a relationship with the child;
  - a. The child's parent (or parent's designee) or the child's guardian, custodian, guardian ad litem or temporary custodian.
4. The district or school may consult or partner with public and nonprofit agencies to provide assistance, as appropriate, to students and their families to reduce absences.

### Extra-Curricular Attendance Policy

Students involved in extracurricular activities must be present and in class by 11:15 am and must remain in class the remainder of the day. This represents the last half of the day of the contest or extra-curricular to participate in a contest/extra-curricular. Any student must be present the last half of the day to attend an extra-curricular activity. Exceptions are:

1. Death in family
2. Dr's Appointment due to a previous illness or injury
3. Other problems that can be met with approval by the Administration

### Parent/Guardian Responsibility When a Student is Absent

When a student is absent, the parent/guardian must place a phone call to the school prior to 9:00 AM. If a parent/guardian has not contacted the school, Elgin's Call Alert System will contact the parents at the number listed on the student's Emergency Medical Form (This system is set up to allow one number per student to be contacted or called.). Calls from students (even if they are 18 years old) or siblings are not sufficient.

**In addition to a phone call to the school, documentation must be provided to the school to verify the student's absence upon returning to school.**

**All forms of excuses must be provided within (3) days of the student's absence.**

If the school does not receive a written excuse from a parent or documentation for a super excused absence as listed below the student absence will be considered unexcused. Parental excuses for absences shall not exceed 34 total hours (five days) per 9 weeks.

Therefore, parental excuses for absences in excess of 34 total hours (five days) per 9 weeks will be considered unexcused absences unless a valid written doctor's excuse, court documentation, funeral, religious holiday is provided. Failure to provide the "super excuse" may result in the school implementing an Absence Intervention Team for truancy with the student and his/her parents.

### HS/MS Approved Snacks and Beverages during School Hours

HS/MS Approved Snacks and Beverages during School Hours Student Wellness is a very important piece in the academic lives of our students. During school hours, there are guidelines that students will need to follow in regard to this. Only water or clear refillable water bottles are permitted during academic hours (7:30 - 2:35). All students have access to water fountains throughout the day. Students are encouraged to bring a CLEAR refillable water bottle that can be refilled at break times using the water fountains provided. Only snacks or other food items (aside from items sold from the cafeteria) approved by the administration, will be permitted.

The following actions may be taken:

- If students are found with an open energy drink or any beverages other than water, staff will request for the drink to be disposed of or confiscated and stored by a staff member until the end of the day if not opened.
- Failure to comply with staff requests to dispose of energy drinks or any beverages other than water to school, such as behaviors listed below will lead to further disciplinary consequences and contact will be made with parents/caregivers.
- Consuming the energy drink or any beverages other than water rather than providing the drink to staff or refusal to dispose of the open energy drink or other beverages other than water into a trash container will be given immediate disciplinary consequences.
- Food and drink (with the exception of water) is not permitted in the halls, gymnasium, stairwells, DMC, or courtyard.

## Principal's Message

Elgin Community,

I want to welcome all of our students, parents, guardians, and community members to the start of the 2023-24 school year. With great anticipation, the excitement for another school year for all of our Middle School students is upon us and we know that our teachers, aides, and administration are also eager to provide the best education possible to move them forward to high school.

My name is Kirk Ballinger and I have had the privilege and pleasure to accept the position of head principal here at Elgin Middle School. I also want to welcome our new assistant principal, Nate Dendinger, who comes to us with 24 years of educational experience and the knowledge that will provide our 6-12 students with the guidance and professionalism on a daily basis. With that said, I want to assure you that I will be dedicated to our students and parents to provide the best academic atmosphere possible. The educational culture in today's society needs discipline and dedication for our students to become better students and citizens and I believe with my previous 42 years in education I can provide that service with the utmost confidence. I am humbled by the opportunity to work with your students and I hope during the school year that we can work together to find the best path for your child. Please know that your concerns are important to me and my door is always open.

Academics are certainly an important aspect of your student's progress, but I encourage you to talk with your children about the importance of being involved in our school's extracurriculars. Any time a student is involved in something extra it provides them a sense of belonging and social acceptance. We have many opportunities for your child and I hope they take advantage of our arts, music and /or athletics.

Again, I want to welcome you to another school year as I hope as we work together we continue the great educational pathways for all of our students.

Kirk Ballinger  
High School Principal

## Principal's Message

Elgin community,

Welcome back to the 2023-24 school year at Elgin High School!

As we begin the 2023-24 school year, we are excited with the opportunities that our students will have in preparing for their futures! We all anticipate and look forward to what this school year will bring!

Being involved in your student's education is proven as a contributing factor in their positive development both as a student and individual. Seek opportunities to become involved in the school and encourage your student to do the same. Studies show that students that are actively involved in school and school activities have a greater, positive academic performance.

Encouraging your student to become involved, ask questions, be active during their time in High School will and can contribute to their positive success as a student! Talk to your student often. Encourage them to do their best in all they attempt. Ask them "What's Your E?!" This is the slogan that we have adopted at Elgin High School to assist your student in planning for their future.

### What's Your E?

High School goes by so fast with so many ups and downs, comings and goings, changes that happen constantly. Students are required to focus on their futures at an earlier age than ever before. Opportunities after high school are enormous, but what direction should you go, what do you want to do when you graduate, how do I get there? What's Your E?

## Enroll. Enlist. Employ.

**To register at a community college, university, or trade school**

**To join one of the six branches of the U.S. military**

**To become a part of the workforce.**

What's Your E? is the driving force for all our students and we want to help in the development of a focus, whether that be Enrolled (further education), Employed (a job), or Enlisted (the military), What's Your E?. Elgin High School, School Counselor Mrs. Christy Smith and Career Pathway Coordinator, Mrs. Caitlin Gracely, will work with all students to assist students in making the choice for their individual career path. The goal for all students is for them to find their best pathway to pursue following graduation and determine Where Will They Find Success? by determining What's Your E? Parents, throughout the year, ask your student What's Your E? Be on the lookout for more information and opportunities available to your student.

Please visit the school website ([www.elginschools.org](http://www.elginschools.org)) and click on the High School link for more information concerning important dates and details for all students as the school year progresses.

Elgin High School is here for you and at any time we are here to help. If at any time you or your student is in need of assistance, please do not hesitate to contact the high school office to set up an appointment with any staff member. We look forward to working with both the students and parents to make the high school experience a great one! We also encourage you and your student to be actively engaged in the activities and programs available to them as a student at Elgin High School! Best of luck to all students for an exciting 2023-24 school year!

Go Comets!

Yours in Education,  
Mr. Chad Cunningham

FFA Hosts Backyard Petting Zoo

On May 10th, 2023, the elementary asked us to do a petting zoo for their mental health day. We held this right outside our shop doors so that it was easily accessible for the FFA members and the elementary. We asked members to bring in animals of their choosing.

**Questions call 740-223-4300x 6000 or  
email [vermillion\\_t@elginschools.org](mailto:vermillion_t@elginschools.org)**

- Most School Fees are reduced or waived for your child
- School Lunches and Breakfasts are completely free or charged at a reduced price.
- The greater our number of students who complete the application and qualify increases money for Title I (Reading & Math) E-rate (Technology) and other Federal Funds.
- The greater our number of students who complete the application and qualify increases State Funding for the school in several financial ways as well.
- The greater our number of students who complete the application and qualify strengthens our school grant applications and so expands grant opportunities.
