

The New Parent Portal

We are excited to share the new Parent Portal with you! This new portal on Veracross allows you to quickly and easily monitor your child(ren)'s education and activities at school by putting everything you need in one place. We have highlighted some features below.

This Week ensures you don't miss important events at school.

Back-To-School Forms are located in a single place so you can quickly sign and return automatically.

Communication is where you can find the directories and easily connect with teachers.

My Tools gives you quick access to Magnus Health, SchoolPass, the full Calendar, and your profile information.

Quick Links provide direct access to Athletics, the HSA, the Spirit Store, and our Facebook feed.

My Children is where you can find all your child(ren)'s school information including schedules, report cards and assignments.

Resources is where we will be adding the Parent/Student Handbook and other documents you may want to access regularly.
