Driving & Parking Lot Rules

1. Parking at school is a privilege and is at the discretion of school administration. Any violation of these rules will result in revocation of parking privileges and/or vehicle being towed.
2. All automobiles parked on the CCHS parking lot must be registered with the school and display a valid CCHS parking tag.
3. Students must drive in a safe, appropriate manner and obey all traffic laws. Speed limit in the parking lot is 10 mph.
4. No profane, sexual, offensive, suggestive material or contraband (drugs, alcohol, weapons etc.) are permitted on/in the vehicle while on Campus. Vehicles may be searched if there are reasonable grounds to believe illegal contraband is present.
5. Students must attend school on time and regularly. Failure to do so will result in loss of parking privileges. Students who violate the CCHS discipline code may also have parking privileges revoked.
6. Sharing an assigned permit/spot is not allowed. This will result in automatic removal of parking privileges. If your permit is taken away for any reason, you MUST turn the tag into the office; you may NOT give/sell it to anyone.
7. Vehicles must be parked and locked upon arrival at school. Students must enter the building after parking their vehicles (no loitering). Students are not permitted to return to their cars during the day unless they have a pass from an administrator.
8. Delinquent fees of any kind may result in having parking privileges revoked.
9. CCHS Student Parking Passes are non transferable and are not to be sold.
10. **Students with a parking pass will be subject to random drug screening.**

The **No Pass/No Drive Law** (KRS 159.051) was passed during the 2007 legislative session, and affects every public and private school in Kentucky (including home school students). The law says that schools will use academic and attendance data from the previous semester of the school year to determine whether 16- and 17-year-old students are compliant with the law. If deemed noncompliant, the student's current driver's license or learner's permit is revoked. This process occurs on a secure web portal that directly connects schools with the Kentucky Department of Transportation, Division of Driver Licensing.

159.051 Loss of license or permit by student for dropping out of school or for academic deficiency.

(1) When a student age sixteen (16) or seventeen (17) drops out of school or is declared to be academically deficient, the school administrator or his designee shall notify the superintendent of schools of the district in which the student is a resident or is enrolled. The reports shall be made at the end of each semester but may be made earlier in the semester for accumulated absences. A student shall be deemed to have dropped out of school when he has nine (9) or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. A student shall be deemed to be academically deficient when he has not received passing grades in at least four (4) courses, or the equivalent of four (4) courses, in the preceding semester. The local school board shall adopt a policy to reflect a similar standard for academic deficiency for students in alternative, special education, or part-time programs.

(2) Within ten (10) days after receiving the notification, the superintendent shall report the student's name and Social Security number to the Transportation Cabinet. As soon as possible thereafter, the cabinet shall notify the student that his operator's license, intermediate license, permit, or privilege to operate a motor vehicle has been revoked or denied and shall inform the student of his right to a hearing before the District Court of appropriate venue to show cause as to the reasons his license, permit, or privilege should be reinstated. Within fifteen (15) days after this notice is sent, the custodial parent, legal guardian, or next friend of the student may request an ex parte hearing before the District Court. The student shall not be charged District Court filing fees. The notification shall inform the student that he is not required to have legal counsel.

(3) In order for the student to have his license reinstated, the court shall be satisfied that:

- (a) The license is needed to meet family obligations or family economic considerations which, if unsatisfied, would create an undue hardship; or
- (b) The student is the only licensed driver in the household; or
- (c) The student is not considered a dropout or academically deficient pursuant to this section.

If the student satisfies the court, the court shall notify the cabinet to reinstate the student's license at no cost. The student, if aggrieved by a decision of the court issued pursuant to this section, may appeal the decision within thirty (30) days to the Circuit Court of appropriate venue. A student who is being schooled at home shall be considered to be enrolled in school.

(4) A student who has had his license revoked under the provisions of this section may reapply for his driver's license as early as the end of the semester during which he enrolls in school and successfully completes the educational requirements. A student may also reapply for his driver's license at the end of a summer school semester which results in the student having passed at least four (4) courses, or the equivalent of four (4) courses, during the successive spring and summer semesters, and the courses meet the educational requirements for graduation. He shall provide proof issued by his school within the preceding sixty (60) days that he is enrolled and is not academically deficient.
