

# LETCHWORTH CSD

# CAPITAL IMPROVEMENT PROJECT

INNOVATION TODAY - TRANSFORMING  
STUDENTS FOR TOMORROW

**VOTE DAY**

DECEMBER

**15**

NOON - 9PM

On December 15th, Letchworth Central School District residents will have the opportunity to vote on a \$20.35 million Capital Improvement Project. Continuing off of the successes of the previous work at Letchworth, this project represents the District's commitment to program-based learning and redesigning spaces to fit the educational needs of Letchworth students. **This project will result in no additional tax impact for community residents.**

The District and Board of Education have developed this Capital Project with the priority of creating instructional spaces to promote more collaboration amongst peers and teach technical skills to prepare students for their next steps after graduation.

This project will focus on creating classrooms to expand upon existing instructional programming as well as continuing to upgrade the building's aging infrastructure. A major portion of this project is creating dedicated Science, Technology, Engineering, Agriculture and Math (STEAM) classrooms for all students to use.

This project will result in no additional tax impact for Letchworth CSD residents and is fully funded by leveraging New York State Building Aid, managing debt service payments, and using the District's existing capital reserve funds.

## PROJECT SCOPE ITEMS

**INFRASTRUCTURE  
IMPROVEMENTS**
