## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Dr. Manuel M. Lopez Academy of Arts and Sciences serves students in grades 6-8 in the Oxnard School District. As a result of the district's open enrollment policy, Lopez Academy draws students from all across the Oxnard School District. With focused attention on providing a strong instructional program that incorporates arts and sciences, Lopez's enrollment is approximately 815 students. Lopez Academy was previously known as Haydock Academy until July 1, 2020.

Lopez strives to meet the needs of all our students through a diverse offering of educational settings and courses. Students with specialized needs are served in a variety of settings including three mild to moderate SDC classes, two moderate to severe SDC classes, and five resource teachers that provide instruction in both the co-teaching and pull out SAI models. Lopez students that need designated ELD support are placed into designated ELD classes to provide for maximum targeting of instruction to support English Learners. Students receive 180 days of instruction during our normal 8 period day, with one period serving as lunch, and another as advisory. Academic intervention and support is offered to students before, during, and after school.

Lopez Academy is focused on providing a safe, healthy, positive, and respectful environment in which creativity, critical thinking, and responsibility is fostered with all students. Some important aspects of our educational program include student led conferences, designated ELD, access to technology (including one to one iPad devices), student incentives, after school program, and an Academy focus (Arts and Sciences). We also strive to work as a cohesive team with our parents. Parents are provided various opportunities to become involved in Lopez including parent workshops/trainings, ELAC, School Site Council, and PTA. Other family events and parent trainings are included throughout the year.

Lopez will develop the School Plan for Student Achievement (SPSA) to align with the approved Local Control and Accountability Plan (LCAP) for the Oxnard Elementary School District. The Lopez Academy School Site Council meets regularly throughout the school year to ensure that the SPSA is being implemented as written, and that any necessary adjustments are made as authorized by the school site council. The school site council members includes an equal representation of school staff members and Lopez parents/community members. Throughout the school year the site council will continuously analyze the goals within this plan, along with the corresponding action items, to ensure that we are making necessary adjustments to serve the needs of our students. School Site Council shall also have the proper balance of members to reflect an equal representation of the school staff and parents/community members.

The Lopez Academy school plan is intended to closely align with the newly adopted Oxnard School District student profile. This student profile guides educators within the Oxnard School District regarding the traits and abilities that students are expected to demonstrate upon promoting out of the district. District and site instructional decisions and programs should closely align with the board adopted student profile.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Student, parent, and staff feedback are received in a wide variety of ways throughout the school year. We strive to keep our parents aware about what is happening at Haydock Academy, and therefore receive ongoing feedback about our academic program and other offerings. We also utilize several student feedback surveys, including the California Healthy Kids Survey which provides valuable information about the well being of our students and their perceptions about the overall school climate including school safety, connectedness, and sense of belonging. Parents are also given the opportunity to complete the annual needs assessment survey which is developed and monitored by ELAC.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classroom observations are conducted on a regular basis at Lopez Academy. The purpose of classroom observations is for school staff to be knowledgeable about the standards. These frequent classroom observations also provide an opportunity for measuring progress towards school wide and district wide goals. Furthermore, classroom observations provide an opportunity for school staff to give specific and constructive feedback that helps teachers incorporate best practices and effective, research proven strategies to maximize instructional effectiveness. Classroom observations are monitored by the administrative team to ensure all classrooms are visited on a regular basis. During classroom observations an emphasis is placed upon noting areas of need and exemplary areas, particularly in light of school wide goals for English Learner students.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## **Standards, Assessment, and Accountability**

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

At Lopez Academy we utilize the results of state and local assessments to plan, reflect, and modify instruction and instructional planning to meet the needs of our students. We closely examine the results from the California Assessment of Student Performance and Progress (CAASPP) to measure how effectively our instruction and curriculum have been with our students. CAASPP results include information regarding English-Language Arts, Math, and Science. CAASPP testing was suspended for the last two school years but is scheduled to return in spring 2022. Any CAASPP results shared in this document are from the 2018-19 school year, the last year that CAASPP was administered. We also examine the results of the English Language Proficiency Assessments for California (ELPAC) to measure the progress of our English Learner students have made in the area of Oral Language, Written Language, Listening, Reading, Speaking, and Writing. Lopez also utilizes the results of local assessments, including the STAR 360 Reading and STAR 360 Math assessments, which are administered a minimum of three times per year. Local (district) writing exams and an ELD assessment for our ELL students are also given throughout the school year to assist in monitoring our students' progress towards meeting the California Common Core State Standards.. We are also fully implementing the Panorama Social-Emotional Survey Platform to assess and provide additional supports for our students this school year. The Panorama Survey will be administered at least twice annually for all students. Suite 360 is being piloted by the administrative and counseling team to address individual social-emotional learning with individual students and small groups. Throughout the school year English-Language Arts and Math teachers also administer SBAC Interim-Assessments which can provide additional feedback about student progress towards meeting the California Common Core State Standards. A limited number of students take the California Alternative Assessment (CAA) for Math, English-Language Arts, and Science as determined by their IEP team. Lopez also administers the Oxnard School District Gate assessment annually to identify students that meet the qualifications for GATE classification.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

At Lopez we use data to inform our planning and instruction. The sources of data include both state and local assessment data, as well as ongoing informal and formal assessments within the classroom. This year Lopez teachers will have additional time within their learning (PLC) teams to analyze data, reflect upon results, and make instructional decisions based upon the data. All PLC teams are also tasked with developing pacing guides and common assessments to be rolled out this year, and will be focused on maximizing instructional opportunity in the distance learning setting. We will also continue to analyze STAR 360 data for both Math and English-Language arts throughout the year to measure student progress and make curricular and instructional adjustments to best meet the diverse needs of our students.

## **Staffing and Professional Development**

Status of meeting requirements for highly qualified staff (ESEA)

Oxnard School District ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. For this school year, all Oxnard School District teachers received an additional three full days of professional development prior to the first day of school. Three additional staff development/professional development days were added to the teacher calendar for the 2021-22 school year. The professional development activities outlined in this plan are intended to align with the newly adopted OSD student profile which serves as a guide to planning curriculum and programs within the Oxnard School District.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors and Managers who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services and Equity and Family and Community Engagement. An Instructional Specialist for science and a Math Manager work directly with teachers to support instruction in Science and Math. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers prior to the start of school for students. Professional development was provided in the following areas:

All grade levels: Literacy strategies and Culturally Responsive Teaching

TK-5: new standards-based report cards, math strategies

Grades 6-8: PBIS strategies; SEL data collection; math, science and PE for content teachers

Special Education: Curriculum, NCI Training, SEL behavior support

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers regularly collaborate through the Professional Learning Community model. Time is set aside for staff or PLC meetings every Tuesday after school. Additional funding is provided through several funding sources in this plan to add additional time for teachers to collaboratively plan, grade, analyze data, and develop/monitor common assessments throughout the school year. Time will also be provided to release teachers on various school teams including PBIS and other school based teams. Additional time will be necessary for the continuous identification of essential standards, development of pacing guides, and creation/administration of common assessments.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs. Lopez Academy teachers are continuing to develop and adjust site level pacing guides for this school year.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials. Lopez Academy conducted our annual Williams Visitation on September 1, 2021.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Lopez is committed to effectively serving all students, including students that are not successfully accessing state content standards. A special emphasis is placed on our English Learner students, particularly those that are long term English Learners who are still in need of additional support to access grade level standards and ultimately qualify for reclassification to leave the ELL program. Our special education population is also performing at lower levels than their peers, and Lopez is working to provide additional opportunities for these students, specifically inclusion in a co-teaching model when deemed appropriate by the IEP team. Co-teaching classes allow for students receiving special education services to access grade level content standards with general education peers. We recognize that the most effective way to address the needs of underperforming students is to guarantee high quality first instruction within every classroom. All core curriculum adoptions provide additional resources and activities including universal access information to support students that are not currently meeting grade level state standards. Another tool for supporting underperforming students includes the 1 to 1 iPad implementation for all of our students. The iPad deployment allows for students to interact with the state content standards and core curriculum in an engaging manner. Through the use of Title 1 and LCFF funding, Lopez offers ample tutoring opportunities for students that are not currently accessing the state content standards. Tutoring is provided in all core academic areas to support student progress towards meeting state grade level standards. Site based interventions (before and after school) are focused to meet the needs of students that are struggling to access grade level standards. Many Lopez students also participate in the Oxnard Scholars After School Program which offers a number of academic and extracurricular opportunities for students, including additional support from the after school staff and certificate staff members. Lopez systematically utilizes the Accelerated Reader (AR) program to increase student reading levels which assists with closing the achievement gap between our students at grade level, and those below grade level standards. All students take at least one AR diagnostic test each trimester and accrue points throughout the year by successfully taking accelerated reading tests on books they have read. As discussed in the analysis section, English Learner students at Lopez are scoring significantly lower on assessments, and are therefore a focus area for the school. An instructional assistant position is funded to support designated ELD classes during the 2021-2022 school year. The instructional assistant provides in class support and assistance within integrated and designated ELD classes.

### Evidence-based educational practices to raise student achievement

The Lopez staff recognizes that high-quality first instruction (Tier 1) is the most crucial element to support students that are not meeting state content standards. Furthermore, we recognize that instructional best practices require regular and productive collaboration by teachers within and across grade levels and departments. Teacher collaboration is targeted and responsive to student needs so that curriculum adjustments and re-teaching when necessary is built into all classrooms. Teachers also regularly utilize the IPAD technology available to students to plan and deliver highly engaging and rigorous curriculum. Additionally, all teachers at Lopez have 2-3 hours monthly to collaborate with their department/grade level peers to discuss student progress, analyze data, and target instruction towards standards mastery. Most content area teachers also have common prep periods during the school day to provide additional collaboration/planning opportunities. The staff will be continuing to develop Professional Learning Communities (PLCs) over the course of this year and in the future.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents are invited and encouraged to participate in the Lopez community throughout the year. PTA provides parents an opportunity to participate in supporting school programs, such as PTA Reflections, participating in fundraising opportunities, and identifying ways in which PTA can positively impact the school community for all students. Parents participating in ELAC provide feedback on issues relating to English learners and give feedback directly to the School Site Council on the school plan. Parents can participate as elected officers or general members. School Site Council requires the election of parent representatives and this council approves the school budget and school plan. School Site Council meets with the principal directly and provides feedback on issues relevant to school governance and conducts annual reviews of the School-Parent Compact and Parent Involvement Policy. Funding has been allocated within the school plan to provide materials for parents participating in school site council, PTA, and ELAC.

Parent trainings and workshops are offered throughout the year, including Mother-Daughter workshops, and parent education nights conducted at the school site. Lopez is also offering additional parent information/Q&A sessions throughout the school year to support parents and students better understand how to succeed during the distance learning model.

Parents are also encouraged to attend school events such as Back to School Night, student-led conferences, arts performances/show throughout the school year. Our AVID program in particular supports college and career exploration. It is important to note that a majority of these events will take place virtually this year in light of the continued COVID-19 Pandemic.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parent input is crucial to the development of school site and district level decisions about curriculum, budget allocations, and other important educational functions. Parents can directly participate and provide input through school site council, PTA, or ELAC. Parents are also encouraged to reach out to the school at any time they have a concern or feedback for the school. Lopez has a representative on the district DELAC team as well as the district parent advisory committee. Lopez parents also have opportunities to provide school specific and district specific feedback throughout the development of the Oxnard School District Local Control Accountability Plan.

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

A variety of services are detailed within the school plan for student achievement (SPSA) that support students who are not currently meeting state content standards. Extra hours for teachers to provide support to on campus clubs including our site Arts, Music, and Science strands. Additionally, funding is provided for teachers to be released to plan additional supports for our English Learner students, particularly our long term English Learners, as well as funding to support students in their transition from middle school to high school. Within the SPSA funding is also provided to allow for teacher release time to analyze data, plan assessments, and design curriculum to specifically meet the needs of students that are not presently meeting grade level standards. Within the Lopez SPSA an instructional assistant is funded to support English Learner students within their ELD and AVID Excel courses. Additional funding is provided for instructional materials/supplies to support English Learner students. Another service called out in the SPSA is funding to support teacher and administrative opportunities for professional development, including both on site and off site training. Funding has also been allocated to continue with the purchase of new books for our school library with a focus on multiple genres to engage students that are not currently reading at grade level. Specific funding is also assigned to purchase high interest Spanish books for our library to support our growing DLI program. Finally, Lopez has a large number of parents that do not speak English as a first language, therefore ample funding has been provided to support additional translation as necessary at school events, parent phone calls home, parent conferences, and other events as necessary so that all parents will be aware of their child's progress towards meeting grade level standards.

## Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement. Title and categorical funds are used for a variety of purposes to support underperforming students.

## **Stakeholder Involvement**

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

The development of the SPSA includes the involvement from all stakeholder groups. The Lopez Academy leadership team provides input and feedback about proposed expenditures and has the opportunity to provide guidance. The SPSA and its goals were also shared with the ELAC committee. In turn, ELAC provided crucial feedback to school site council regarding the planned actions and programs designed to support English Learners at Lopez. ELAC will continue to provide feedback to the School Site Council throughout the year. The SPSA, along with the site budgets for Title 1 and Title III, will be reviewed and approved by the School Site Council. . Both ELAC and School Site Council will provide opportunities for parent feedback and engagement throughout the school year. Stakeholder feedback is valued and utilized to enhance the school plan throughout the school year. This School Plan for Student Achievement shall be available for any parent/community

member upon demand in the front office. Parent and community members may also provide feedback and suggestions during ELAC and School Site Council meetings.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

In examining the previous year's SPSA, there were several action items that were not fully implemented. Due to distance learning, intervention funding was not fully utilized. Additionally, teachers were limited in the amount of time available for release planning time because of a shortage of substitute teachers within the district. This shortage of substitutes also limited the amount of professional development opportunities available during the day as coverage was not always readily available. Another area of concern is the high rates of chronic absenteeism at Lopez. Although chronic absenteeism has a detrimental effect on student achievement, those effects are largest for under performing students. Prior to the beginning of distance learning in March, 2020, Lopez was able to continue to lower the overall suspension rate, there were a high number of suspensions, which resulted in time away from instruction which makes it more difficult for students to access grade level content standards. Lopez staff and the School Site Council shall continue to monitor resource inequities throughout the 2021-22 school year. Student participation in school during distance learning was a significant challenge during the 2020-21 school year. This loss of instruction has contributed to learning gaps for some students that will need to be addressed during this and following school years. Resources have also been dedicated to providing additional social-emotional supports that are aimed at continuing to lower the overall suspension rate for Lopez Academy students and the general increase in needs for Social-Emotional supports for students since we returned to fully in-person instruction.

Grade 7	302	304	300
Grade 8	297	307	307
<b>Total Enrollment</b>	895	905	884

### Conclusions based on this data:

Lopez Academy of Arts and Sciences serves a diverse student population in grades 6-8. As a result of the district's open enrollment policy, Lopez Academy draws students from across the city of Oxnard and Oxnard School District. Our instruction focuses on California Content Standards with an emphasis on incorporating our strands, Art and Science within the educational program. Lopez's enrollment is currently around 815 students. Our enrollment by grade level is fairly consistent, with approximately 275 students per grade level. Our student demographics are diverse with nearly 95% of students identifying as Hispanic/Latino and just over one-third of students identified as English Learners, primarily long term English Learners.

# School and Student Performance Data

## Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21
English Learners	266	261	289	29.7%	28.8%	32.7%

Reclassified Fluent English Proficient (RFEP)	62	47	58	19.4%	17.7%	22.2%

### Conclusions based on this data:

English Learners currently make up about one-third of our entire student population, but close to 80% of students at Lopez have been classified as English Learners at one point during their academic career. A vast majority of English Learners at Lopez Academy are considered Long Term English Learners. Long term English Learners are defined as an EL student who is enrolled in grades 6-12 and has been enrolled in school in the United States for more than six years, has remained at the same English Language proficiency level for two or more consecutive years as determined by the English Language Proficiency Assessment for California (ELPAC), and scores "standard not met" on the smarter balanced ELA test. Throughout the school year Lopez Academy monitors the progress of English Learners to determine if they meet the district qualifications for reclassification. English Learner students who are reclassified are monitored for four consecutive years after reclassification to ensure that they are receiving any needed supports to meet state content standards. On the most recent CAASPP ELA test, less than 1% of English Learner students scored "met standards" or above. In the area of mathematics, 1.2% of students scored "standard met" or higher on the smarter balanced summative test. In contrast, nearly 23% of Lopez students scored "met standard" or above on the summative ELA test, and 13.2% of students overall scored "met standards" or higher on the summative math test. The academic performance of our Lopez Academy English Learner students is a high priority with specific sub goals within this plan. It is important to note that the specific needs of English Learners addressed within this plan are also aligned to the newly adopted OSD student profile.

The data shows that the percentage of English Learner students at Lopez Academy has increased over the last few years, presently at just under one-third of all students. 67% of students at Lopez are classified as either Fluent English Proficient (FEP) or Reclassified Fluent English Proficient (RFEP). This data is important as it underlines the need for a continued focus on the academic achievement of our English Learners who have historically performed at lower levels than their peers. Strategies and curriculum that is research based and focused on the diverse needs of English Learner students is an important piece of the plan for student success at Lopez Academy. We must also continue to monitor and support students that have been previously reclassified as they may still have needs in the areas of mathematics or Language Arts.

<b>Grade 8</b>	285	127	45%	64	22%	42	15%	52	18%	2.1	648

### Conclusions based on this data:

Due to COVID-19 and distance learning, the CAASPP assessment has not been administered for the last two years. Oxnard School District utilized the STAR 360 Math and Reading Assessment to measure student progress for the 2020-21 school year. In the area of STAR Reading, 42% of grade 6 students scored level one. Another 24% scored in Level two. Both level one and level two are considered "Less than Proficient." 33% of 6th graders scored level 3 or level 4, also known as "Proficient." In Grade 7, 67% of students scored less than proficient (level 1 or level 2), while 33% scored "proficient" or level 3 or 4. In grade 8, 67% of students scored in the lowest two levels, or "less than proficient" while 33% scored in the proficient range. STAR 360 will continue to be a goal in this year's school plan.

In analyzing the data for STAR Reading, it is evident that a large percentage of students at Lopez are in need of intervention and supports in the area of reading. Most importantly, high quality tier 1 instruction is necessary in all classrooms and content areas. The yearly focus for teachers at Lopez Academy is all students reading, writing, speaking, and listening every day, every period. In order to decrease the number of students needing reading intervention, a focus on reading and best practices must be evident in all classrooms. This focus on literacy should be present in every class, every day. We must also continue to challenge our at/above grade level readers so they can continue to grow and be challenged. This challenge includes rigorous and standards based instruction in all class settings. While tier 1 instruction is crucial for students needing reading intervention, internet support providers (ISPs) will be supporting students in the tier 3 intervention setting for students needing more support.

### Conclusions based on this data:

Oxnard School District utilized the STAR 360 test instead of the CAASPP to measure student progress during the 2020-21 school year. In the area of math, 59% of 6th graders scored level 1 or level 2, which is considered "less than proficient." 41% of 6th graders scored in level 3 or 4, which is "proficient." In grade 7, 54% of students scored less than proficient, with 46% scoring in the proficient band (levels 3 and 4). 53% of 8th grade students fell within the "less than proficient" range, while 48% scored in the "proficient" range. Star 360 math scores will continue to be a goal in this year's plan.

When analyzing the data, it is evident that mathematics continues to be an area of struggle for many Lopez students. Over 30% of our students scored in the urgent intervention range, meaning they are significantly below grade level. This data also points out the need for targeted, well-planned, research based instruction in all mathematics classes. There also needs to be a continued focus on tier 1 best instructional practices in math classrooms. Lopez Academy must also continue to engage at/above grade level students in the area of mathematics including the implementation of honors courses. The area of mathematics continues to be the largest area of deficit and need at Lopez Academy, particularly for English Learner students and students with disabilities.

## Annual Review

### SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The school site goal for the 2020-2021 school year was "All students will reach high academic standards in reading and mathematics." Because of the COVID-19 CAASPP testing did not take place in the spring. In the previous administration of the CAASPP during the 2018-2019 Lopez Academy students increased the percentage of students scoring "met" or "exceeded" by 5.57% for English-Language Arts. For the 2018-19 CAASPP administration Lopez students increased by 3.89% in the area of mathematics. It should be noted that the administration of STAR testing was different at the end of the year since students were not physically on campus. The goal for this year is to exceed the percentage of students scoring "met or exceeded standards" when compared to the last administration of the CAASPP assessment during the 2018-19 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Student intervention will continue to take place before school, during school, and after school for students that are struggling to meet the state standards.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The return to in-person instruction should serve to make this goal more accessible for students. Many students struggled during distance learning in the regular class setting and in the intervention setting. Participation in class lessons, discussions, small group interactions, and interventions will increase as compared to the distance learning environment that was present for most of the 2020-21 school year. The Youth Cinema Project is also new to Lopez Academy and will directly impact

30 6th grade students. The addition of two district funded Intervention Support Providers (ISPs) before, during, and after the school day will also provide additional access to tier III interventions for students in need.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Social Emotional Support and School Climate

## LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

## Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

## Identified Need

To decrease the suspension rate  
 To increase positive behavior  
 To provide wrap-around services to ensure students come to school ready to learn  
 To provide resources/support to students that need additional supports during distance learning and/or hybrid school setting  
 To provide ample incentives for students to keep them academically and socially engaged in learning, particularly during distance learning and/or hybrid school setting

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	Suspension Rates for 2018-2019 were 8.64%. No data available for 19-20 at this time	Suspension Rates for 2021-2022 will decrease to 8%.
Panorama Social-Emotional Survey	48% of Panorama Respondents report a strong sense of belonging (spring 2021 administration)  66% of Panorama Respondents report a strong teacher-student relationship (spring 2021 administration)	55% of Panorama respondents will report a strong sense of belonging (spring 2022 administration)  70% of Panorama respondents will report a strong teacher-student relationship (spring 2022 administration)
Attendance Data	Due to the COVID 19 Pandemic accurate attendance data for the 2020-21 school year	Attendance data for 2021-2022 will be monitored with the following goal:

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		The number of students with Chronic Absenteeism will be 16% or less
Panorama Social-Emotional Survey	89% of students took the Panorama test during the 2020-21 school year.	93% of all students will take the Panorama Survey during each testing window. Administrators, Counselors, teachers, and other support personnel will utilize the results to create meaningful interventions and supports for students in need of additional resources.

## **Annual Review**

### **SPSA Year Reviewed: 2020-21**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

# ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The second goal in this plan addresses the social-emotional and health of our Lopez Academy students. Due to the COVID 19 Pandemic attendance data is not a fully accurate measurement of the effectiveness of this goal. In addition to attendance, suspension rates will be examined for the 2021-22 school year. Furthermore, all Lopez students will take the Panorama Survey at least three times during the 21-22 school year and the data will be analyzed to draw conclusions and prescribe next steps for our campus. Panorama data was used throughout the 2020-21 school year to identify areas of social emotional need for students, as well as identify specific students in need of individual supports.

Chronic Absenteeism has been a concern at Lopez Academy for a number of years. Due to the COVID 19 Pandemic, attendance rates were higher during the 2020-21 school year than other years. With that said, our attendance team (ORC, Attendance Tech, counselors, administration) will continue to conduct home visits and address unnecessary and unexcused absences throughout the new school year to help maximize student attendance.

These Lopez academy activities align with the newly adopted OSD student profile. The OSD student profile displays the traits and skills that students should demonstrate upon promoting from 8th grade in the Oxnard School District.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to the onset of distance learning in March 2020, data is not currently available to measure official attendance and suspension data accurately for the 2020-21 school year. The budget expenditures were consistent with what was planned.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Due to the pandemic, attendance rates were low during the 2020-21 school year. Out of school suspensions were very low, largely due to the fact that students were in the distance learning model for most of the 2020-21 school year.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Parent and Family Engagement

## LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

## Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

## Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities  
 To facilitate parent involvement in the educational and social-emotional well-being of their children  
 To effectively communicate regularly with parents, including verbal translation as needed for conferences, parent workshops, parent-teacher meetings, etc.  
 To provide ongoing parent trainings throughout the school year to assist parents in effectively navigating the challenges of middle school with their student  
 To offer parent trainings, particularly in the first trimester of the school year, to support parents during distance/hybrid learning models.  
 To regularly produce parent updates (print and video)

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Attendance at Fall Conferences	According to teachers, parent attendance at conferences was approximately 80% for the fall 2020 virtual conferences	Maintain or increase the percentage of parents participating in parent conferences for the fall 2021-2022 school year.
Average Attendance at site initiated on site and virtual parent trainings	NA-this is a baseline year	Monthly attendance at site led parent training opportunities will be at least 20/training
Average Attendance at ELAC	ELAC averaged 18 parents in attendance for the 2019/20 school year	ELAC will maintain or increase attendance to an average of at least 18 parents for the 2021-2022 school year.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

**Annual Review**

**SPSA Year Reviewed: 2020-21**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

**ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal three in the 2020-21 SPSA stated, "Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth." The activities in this goal were carried out last year including a number of parent workshops, campus tours, updating of student-parent compact. Lopez also continued with student conferences and had a strong turnout. The outreach specialist met frequently with parents to discuss additional wrap-around services and supports for students and families in need. PTA, ELAC, and SSC meetings were held with consistent attendance. It is important to note that all parent meetings were held virtually during the 2020-21 school year due to the COVID 19 Pandemic and distance learning environment.

During this school year, we will continue to offer parents a variety of different opportunities to be meaningfully involved with their child's academic and social growth at Lopez Academy. This will include structured meetings like Back to School Night, fall and spring conferences, as well as other parent and family training opportunities. We are committed to making parents feel like they are welcomed and valued on our campus. This also includes regularly communicating with parents about important events and opportunities on our campus and within the Oxnard School District. It is likely that most parent collaboration during the 2021-22 school year will continue to be virtual as the COVID-19 pandemic is still present.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This goal was implemented as planned for the 2020-2021 school year, but it is important to note that most activities were held virtually through zoom.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Parent participation remains a strong focus area at Lopez and within the Oxnard School District. All of the previous activities will continue, with additional parent opportunities provided for this year. Funding has been set aside for ample verbal translation as necessary for school events, parent workshops, and whenever needed. The school team will continue to post on social media to expose parents and community members to what is happening at Lopez Academy. We have increased our social media presence as we are now on Facebook, Twitter, Instagram, and YouTube. As additional funding becomes available, school site council will continue to explore other strategies to involve parents at Lopez.

# Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

## Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$108,239.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$288,055.00

## Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$85,119.00
Title III	\$23,120.00

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Dr. Scott Carroll	Principal
Eric Steiner	Classroom Teacher
Dr. Alberto Hananel	Classroom Teacher
Lauren Mendez	Classroom Teacher
Kimberlee Ramirez	Other School Staff
Zachary Wentz	Parent or Community Member
Jessica Vargas	Parent or Community Member
Marisela Alvarez	Parent or Community Member
Maria Elena Gonzalez	Parent or Community Member
Elias Espinoza	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

### Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Committee or Advisory Group Name

Clear

School Site Council

Clear

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

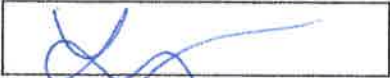

This SPSA was adopted by the SSC at a public meeting on 10/28/2021

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

### **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

### **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
