Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

As described within our Vision and Mission Statement, Curren School is committed to providing the best educational program possible for our students. Our Vision and Mission have not changed due to COVID-19 and Distance Learning, but have evolved and adjusted to meet the needs of our students. Our vision of empowering all students not just to know, but to become has been highlighted under the current circumstances. We want students to become mathematicians, not just know Math. At Curren, we give everything we can to our students, but more importantly we want them to obtain it for themselves as we recognize that empowering them is greatest gift we can give as educators. Owning their own learning is an important quality and emphasis within our mission statement. That statement is crucial in a virtual setting where we rely more on the individual and home setting more than ever before. Empowering students to exercise their growing autonomy, discover opportunities for carving their own versions of success, and ensure they become responsible members of our global society allows us to focus on differentiation and the whole child. Our focus for this year will be best first instruction, which will be highlighted through: Common Core Standards, 21st century skills, use of technology, differentiated instruction, social, emotional and behavior support, professional learning communities, and community engagement. Due to COVID-19 and the expected learning loss for students – we will concentrate our efforts on priority instructional standards about content priorities by leveraging the structure and emphases of college- and career-ready mathematics and ELA/literacy standards. At Curren, this would include a clear set of math skills and concepts aimed to solve real-world problems as well as literacy skills centered on reading comprehension and oracy that will. We will continue to look for new efficiencies in the curriculum that are critical for the unique challenges that have resulted from school closures and anticipated disruptions in the year ahead. Curren’s plan is to be dynamic and intentional with

instruction and build professional learning communities (PLCs) to support this endeavor. Offering a rigorous academic curriculum taught using data driven instructional practices will require collaboration and practice. We want to continue our efforts in providing the time and support needed for both students and staff to be able to explore and create a deep understanding of the standards and their application to learning. Through these efforts with our students, we will look to build life-long learners prepared to meet the demands of an ever-changing world. Critical thinking, creativity, communication, collaboration, and character (the 5 Cs) will continue to be focal points across content areas. While academic excellence is our focus, we also encourage and teach character education as well as leadership. This is never more needed than in the current political and social environment in which we live. We want to build strong leaders that are empathic, responsible, and can help build both our local and national community. In order for students to achieve their fullest potential, we know that parental involvement is a critical factor to ensure students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, offer and encourage parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provides clear guidelines/expectations for parents during Distance Learning and with this ever-changing school year. Our Back to School Night, Math and Literacy Nights, along with monthly Coffee with the Principal meetings, further support and foster meaningful and productive parental opportunities to participate in their child's academic and social-emotional growth. By achieving high academic standards across all content areas, supporting the socio-emotional growth of our students in a safe, positive learning environment, and strengthening our home-school partnerships to increase parental involvement, Curren School will meet the goals identified within this School Plan for Student Achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Based on classroom observations, the needs of EL Learners should continue to be a focus for this school year. Observations from last year both in-person and via a virtual platform like Zoom has highlighted the need for teachers to be trained and provided opportunities to review ELD standards and supports and what those practices look like as described in Goal 1, both in a virtual setting and in-person. Classroom observations revealed the need for teachers to have more meaningful opportunities to collaborate and constantly participate in the cycle of inquiry related to the Common Core State Standards and other relevant data points such as STAR 360 data to refine best first instruction and, given the unique challenges of this year and expected disruptions, find new efficiencies in the curriculum that are critical due to school closures. Dual Language Immersion teachers need specific time to collaborate as Spanish/English counterparts to work on the bridging and unit mapping. Professional development and collaboration centered on progress monitoring using various data points and SMART goals such as STAR 360 and the LLI program would help improve the overall reading level of our students. Math continues to be an area of concern. Rigor, higher levels of depth of knowledge, and critical thinking is required so the instruction matches the standards.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

It is important to note that due to the COVID-19 Pandemic, State assessments were not administered this past year. Local and school assessments indicate the need is still there to improve instruction in the areas of ELA and Math, specifically with English Learners. Following data from past state assessment, English Learners are our lowest performers on state tests. The universality of mathematical symbols is not transferring to English and the past scores indicate a need to improve reading comprehension and literacy in order to achieve higher performance. Based on past assessment results, lessons should integrate the knowledge and skills ELLs have from another subject area into their literacy instruction.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

The school and district use an assessment calendar with expectations for assessment. Frequent administration of specific assessments such as STAR 360 Reading and Math allow the school to adequately monitor student progress. Curriculum-embedded assessments from Wonders, Maravillas, and Study Sync can be used for diagnostic purposes and provide intervention when needed. These forms of assessment provide meaningful sources of information for teachers. They in turn use this information to identify what the students comprehended and what they need to work on. Data from assessments provides valuable information on the desired learning goals. Learning goals and instruction are then modified to meet the accommodate differences in students' learning styles and intelligences.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. Site Principals function as instructional leaders.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher collaboration is set for the school year at the beginning of each year. School schedules were modified to meet both a distance and hybrid learning environment. Wednesday is dedicated time for collaboration. There is specific time set aside for both grade level and staff collaboration. Teachers meet weekly in grade levels to review data and work on a focus question based on the cycle of inquiry to help drive instruction. Teachers also look at present levels of performance of students in their class to adjust units/lessons as needed to ensure the standards are being taught in a clear, intentional method that is student focused. Teachers are also afforded meaningful opportunities to participate in site-based Professional Development workshops on Wednesdays or other days indicated by the calendar. Topics for mini workshops include AVID strategies, SMART Goals, Classroom Management, STAR 360, and scaffolds and supports in classroom instruction.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers and classes provide students with multiple services and supports, which enable them to meet the standards. Within the classroom, small group intervention is used to help underperforming students. Various types of strategies (activities) and scaffolds (supports) are utilized such as interactive, graphic, and sensory to meet the needs of diverse learners. Sentence frames, word walls, graphic organizers, guided reading, and math mindset are tools utilized to accommodate differences in students' learning styles and intelligences. An ISP is designated to work with small groups in both primary and secondary grade levels to address their literacy skills. Instructional Aides and other adult support in the classroom help to assist in bringing students up to the standard. When applicable for this school year, after school tutoring will be offered specifically for at-risk and underperforming students.

Evidence-based educational practices to raise student achievement

Current school uses a variety of evidence-based educational practices to raise student achievement. Teachers provide explicit learning objectives that are tied to demonstrations of learning. Differentiation is a Tier 1 support utilized for all learners. Students are engaged in rigorous, relevant learning. Small groups instruction, clear and effective learning feedback, and assessment results and progress monitoring of goals with Lexia, ST Math, AR, and STAR 360 (see Goal 1 Action 9, 15, and 24). Discovery based teaching is implemented using Mystery Science for K-5 and McGraw Hill Inspire Science Curriculum for 6-8 and Inspire that align with the NGSS standards. Tutoring and reteaching are used to help raise student achievement (See Goal 1 Action 11)

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents are involved in school activities via School Site Council, English Language Advisory Council, Parent Teacher Association, organizing student events, classroom volunteering, parent conferences, coaching sports and advising student clubs - the latter be offered in accordance with county and district health guidelines regarding COVID-19.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Stakeholders are involved in the process and implementation of ConApp programs on campus. Parent/Community led groups such as our English Learners Advisory Committee play an important role on campus from volunteer opportunities to ensuring that our English Learner students' needs are met and resources are available for them. For example, the parents requested that we have culturally relevant family nights to promote a strong community at the school. They participate in and attend the local California Association of Bilingual Education (CABE) Conference. Teachers organized tutoring that is specific for socioeconomically disadvantaged students and English Learners for extended breaks from school. This year, stakeholders requested academic "bootcamps" again to provide students with another resource after school to prepare for important assessment such as the ELPAC test and CAASPP, especially given the learning disruption and unique challenges presented by the current COVID-19 pandemic.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Title I funds are used to support underperforming students in the area of first instruction. Looking at past data, the school identified a need to improve first instruction and focus on implementing Common Core State Standards. Funds were also utilized to address unique challenges of this school year and a need to adjust to a virtual setting. Headphones were provided for each student to utilize in the home as well as school materials and workbooks. A paraeducator was hired to address the needs of primary grade level students in 1st grade both in a distance and hybrid model. Tutoring during extended breaks and after school tutoring – when we return to in-person class – along with academic boot camps were created to address the needs of our underperforming and most vulnerable populations.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Once student achievement data is made available, the Site Leadership Team meets to analyze the data to determine students' academic and social/emotional/behavioral needs. Data is shared with and input is elicited from ELAC, PTA and school staff. The School Site Council then analyzes the data, takes recommendations from the other stakeholder groups and aligns the agreed upon actions with the budget.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Shortage of substitutes did not allow for dedicated days set aside for teacher collaboration this past year. Many times, collaboration dates were cancelled as a result of no coverage.

Conclusions based on this data:

Curren school's enrollment and demographics have remained largely unchanged from last year. The data shows that the majority of our school population (97%) is of Hispanic or Latino origin, so culturally relevant activities and lessons in class are needed to involve our families and make connection to prior knowledge and background information about our students. Grades are evenly distributed with no large discrepancies in enrollment by cohorts. Full implementation of Dual Language Immersion program in Kindergarten and 2nd grade have not changed the enrollment of the school.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	17-18	18-19	19-20	17-18	18-19	19-20
English Learners			485			47.7%
Fluent English Proficient (FEP)			274			26.9%
Reclassified Fluent English Proficient (RFEP)			81			15.9%

Conclusions based on this data:

The number of English Learners continues to be above 50% of our student population. Due to the disruption of the 2019-2020 school with the COVID-19 pandemic, students were unable to take the ELPAC test and reclassify last year. In 2019-2020, 74 students met the criteria to reclassify based on previous scores from 2018-2019 school year. Due to school closures, distance learning, and projected interruptions to the school year it will be difficult to project the reclassification rate for the 2020-2021 school year. 95+% of our English Learners primary language is Spanish. It is important to have culturally relevant topics and opportunities for students to make connections to their Native Language in class. One area of concern continues to be Long-Term English Learners (LTELs). The number of students that are LTELs in the middle school continues to be an area where we need improvement. Reclassification rates, based on 2018-2019 data show that do not reclassify at the same rate in grades 6-8 as 2-5.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined as CAASPP testing was suspended due to the COVID-19 pandemic during spring 2020. The data and analysis remains largely unchanged from the previous year. Curren has made slight progress in the area of Language Arts. From grades 3-8, we made between 2-9% growth in the Met/Exceeds area for the 2018-2019 school year. In grades 6th and 8th, the percentage of students in the M/E category has fluctuated depending on the year. None the less, two thirds of our students continue to perform below grade level. The areas of greatest concern are in written language and research/inquiry. Students continue to struggle with analyzing and presenting information. Further examination of the data revealed that processing the text and application were areas. In order to improve writing and research, students need to have better reading comprehension skills.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined as CAASPP testing was suspended due to the COVID-19 pandemic during spring 2020. The analysis below is based on previous data from the 2018-2019 school year and remains largely unchanged. Math is the greatest area of concern according to the data. Student performance did not increase in most grade levels and has plateaued the past 3 years in general. Roughly only 1 in 10 students are on grade level and scores have not increased with each year of CAASPP. The percentage of students that meet or exceed the standards decrease with each grade. This indicates the needs to review and analyze the Common Core State Standards and the importance of first instruction. This year, teachers will focus on Priority standards to mitigate the impact of school closures and disruptions from the end of the 2019-2020 and 2020-2021 school years. Teachers need more time to work on student-centered lesson that focus on applying mathematical concepts and procedures to real-life situations. Students also need to be able to support and explain their mathematical conclusions. Data analysis should be based on summative and interim assessments that allow teachers to see student growth, areas of concerns, and if class instructions matches what the key details and structure of the standard are.

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the English Language Development Test (ELPAC) assessment was not administered during the 2019-2020 school year. As a result, ELPAC results discussed are those from the previous school year. English Language Learners continue to be a significant portion (45%) of our school demographics. The three areas that the data shows a need to improve are: Written Language, Writing Level, and Reading Level. Beginning level scores in upper grades, especially for students that have been at our school for multiple years, shows a need to provide explicit instruction in vocabulary. Multiple exposures to a word are needed in order for that word to become part of the lexicon and allow for the students to transfer to written language. The data from the previous year that students were able to take the test, shows a need to provide opportunities to read narrative and expository text as those are examples of well-developed language skills and needed to interpret information.

Student Population

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
1026	79.0	49.8	0.3

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

American Indian	2	0.2
Asian	3	0.3
Filipino	2	0.2
Hispanic	980	95.5
Two or More Races	6	0.6
White	27	2.6

Conclusions based on this data:

Curren school's demographics have remained largely unchanged from last year. Special population groups of Socioeconomically Disadvantage and English Learners continue to be a significant portion of the school enrollment. Greater emphasis is needed to ensure that goals and strategies are aligned to serve our student demographics and special population groups, especially with this school year with distance learning and a modified return to school (hybrid model). Another special population group that has seen an increase in enrollment percentage at the school is students with disabilities. Notices and explanations were sent to families of students will special needs to explain what services will look like during Distance Learning and how adjustments can be made to accommodations and modifications to meet their needs as best as possible during these unprecedented times. The data shows that the majority of our school population is of Hispanic or Latino origin so culturally relevant activities and lessons in class are needed to involve our families and make connection to prior knowledge and background information about our students.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined due to the COVID-19 pandemic during spring 2020. The analysis below is based on the previous year data. The analysis remains largely unchanged. Math continues to be the area needing the most attention followed by English Language Arts. English learners continue to perform below grade level. Absenteeism has improved, but there still is a large portion of students (roughly 9%) that miss significant amounts of instructional days. Chronic Absenteeism will need to be a point of emphasis for the 2020-2021 school year due to distance learning model and students learning from home and connecting with their classes via the internet. Suspension rate data was unavailable. In 2018-2019, it increased from the previous year as did socioeconomically disadvantaged students being suspended. English Learners, McKinney-Vento, and Foster Youth suspension rates decreased, though there still is a disproportionality within student group suspension rates.

Conclusions based on this data:

Academic Performance for English Language Arts remained the same as previous years due to the COVID-19 Pandemic. The analysis below is based on 2018-2019 data. Hispanic students performed below or near standard and make up a significant portion of our school demographics. SED students performed slightly better than non-SED students in ELA, but both groups are below the standard. Distance from met (DFM) varied according to grades and special population groups. SED was -19 DFM, which shows growth. English Learners' DFM was -126 which indicates a need to improve ELD instruction and ensure that ELs are able to access the curriculum and are given the tools needed to succeed.

136.7 points below standard Maintained -0.1 points 207	94.2 points below standard Increased ++4 points 262	84.9 points below standard Declined -4.5 points 167

Conclusions based on this data:

Academic Performance for English Language Arts remained the same as previous years due to the COVID-19 Pandemic. The analysis below is based on 2018-2019 data. All significant subgroups continue to decline in distance from met (DFM). An estimated 87% of our students are not on grade level and their performance and data indicates that there has not been significant growth towards meeting grade level standards. There was little positive movement in comparison to our student populations that were tested. English Learners and SED students had positive movement, but only in the areas of standard not met to nearly met. The data shows a need to re-evaluate first instruction and how to improve the mathematical teaching strategies and practices. Due to disruptions to the school year, the focus will need to be on the Priority Instructional Standards outlined for Math. Habits of mind need to be developed in both standard practice and standard content to ensure the students can make positive movement towards grade level in the subject of Math.

19.4		1.7	48.8

Conclusions based on this data:

The data is based on the last recorded data in the school dashboard (2018-2019) due to the COVID-19 pandemic. The number of English Learners continues to be around 45-50% of our student population. Overall, English Learners increased 6%. The data reflects a need to progress monitor English Learners closely in the areas of Math and ELA as they declined in both areas in CAASPP scores. The majority of students tested two years ago performed in the Beginning stage of English Language Development. 31% and 39% of students were Somewhat to Moderately Developed with their English Language skills. Based on previous ELPAC scores, it indicates a need to ensure instruction meets the needs of our students. A focus needs to be placed on scaffolds and supports both at a distance learning and hybrid model. Students at the Level 2 continue to use English to meet immediate communication needs, but often are not able to use English to learn and communicate on topics and content areas. In class settings, they need moderate-to-light linguistic support to engage in familiar social and academic contexts such as sentence frames, graphic, and sensory supports.

Conclusions based on this data:

Special population groups within our school demographics continue to be at-risk of chronic absenteeism based on data from 2018-2019. Special Education, Socioeconomically Disadvantaged, and English Learners have higher percentages of chronic absenteeism as compared to their peers. These groups indicated the need for a higher tier of support before school closures and that need has only increased due to distance learning and an online/virtual setting. This extra support will need to be modified to meet the unique needs of students while still in a distance/hybrid model, but none the less needs to focus on the student and families building strong, positive and caring relationships with school staff and other students, connect to engaging learning activities, and put supports in place for them to overcome any barrier to attendance.

2019 Fall Dashboard Suspension Rate by Year

2017	2018	2019
	3.8	4.9

Conclusions based on this data:

Suspension rates for the 2019-2020 would not be reliable due to school closures and the COVID-19 pandemic. The release of the 2020 CA school dashboard has not been determined and therefore all analysis is based on previous year data (2018-2019). Data from the previous years indicated that suspension rates increased from the previous year as did the rate socioeconomically disadvantaged students were being suspended. English Learners, McKinney-Vento, and Foster Youth suspension rates decreased, though there still is a disproportionality within these special student groups and their suspension rates. Tiered level of support is needed to combat the difference in discipline. According to the data from 2018-2019, an emphasis on alternate means of corrections will allow students to remain in their instructional setting. The levels of disproportionality indicate a need for culturally responsive pedagogy, trauma informed practices, and restorative justice opportunities at school to reduce the overall suspension rate and specifically address the variance in special population groups.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

More focus and dedication is needed on the CCSS curriculum and best first instruction. The 2020–21 school year presents a unique set of opportunities and challenges due to the disruption to instruction in spring 2020 as well as the uncertainty associated with what the “return to school” will look like. The data before and during Distance Learning though show our students' reading range between 1/4th and 1/3rd on grade level, which is an indication that we need to reassess how we are instructing our students and what they are being asked to do. An emphasis on first instruction is needed in each grade to ensure the standards are being taught in a clear and intentional method. Most critically, the pandemic has further illuminated the importance of differentiation and first instruction. Rich, engaging instruction at grade level is critical. The importance of vertical planning and grade level collaboration in Math would create consistency across the board and build on concepts as students move through each grade level and standard. With Distance Learning and the COVID-19 Pandemic, teachers need to focus on Priority Standards in ELA and Math to ensure equitable instruction that support all students. Based on prior CAASPP and STAR 360 data results, Reading, specifically, Reading Comprehension, needs to be an emphasis. Real-life application and open ended questions and problems will allow for deeper understanding and connection to the standard.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Last year, the greatest difference in the intent of the goal and the actual implementation was in the disruption in the spring 2020 due to the pandemic. Many of the actions that would have been actualized were to occur in the Spring and therefore data and actions were incomplete. With uncertainty as to models of learning (Distance and Hybrid) it is difficult to address both areas as there are many unknowns. Many of the intended implementation and the budgeted expenditures will depend on the model of school we are in, health regulations and guidelines, and working with students virtually.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the changes to the goals and strategies for this goal relate to the disruptions caused by COVID-19 pandemic and the learning loss and opportunities that occurred for most students. Changes to the outcomes were made according to specific data analysis of each metric. STAR 360 in both ELA and Math will look at student proficiency levels at the beginning of the year and end of the year. This will allow for constant analysis of growth and show academic progress in a given year. The overall metric of English Learners remained the same, but the outcome changed based on the lack of data from the 2019-2020 school year and opportunities to take the ELPAC and reclassify. Tier 1 and Tier 2 interventions were placed in the strategies to address the need for more intervention for our students to address gaps in reading and math. Intervention specialists were hire to help with reading and work with long term English learners. Another ISP will help with Math in upper grades. Paraeducators were hired to help with primary grades and allow for more differentiation and small groups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	The CA Dashboard does not have data for the 2019-2020 school year. The suspension rate for 2018-2019 was 4.9%	Suspension rates will decrease to 3.0% or lower.
Attendance Data	The CA Dashboard does not have data for the 2019-2020 school year. Attendance data for 2018-2019 shows a needed area of growth. 9% of students or 94 students had chronic absenteeism.	The number of students with chronic absenteeism will decrease by 2% to 7%.
Panorama SEL Survey	The Panorama SEL Survey from Spring 2020 is used to calculate school climate and student well-being. The following indicators were reported 76% of students in the 3rd-5th grade feel a sense of belonging at school.	The percentage of students will increase in feeling a sense of belonging: 3rd-5th grade - 9% 6th-8th grade - 18%

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	47% of students in the 3rd-5th grade feel a sense of belonging at school.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The overall effectiveness of this goal was difficult to measure based on the specific metrics, due to school closures. There was no California Dashboard data on suspension rates, and we were unable to administer the CA Health Kids survey for the 2019-2020 school year. The goals remain the same for this year. The school will need to adjust and modify the implementation of PBIS/CHAMPS initiatives in the classroom to meet the needs of students in a distance/hybrid model. Suspension rates and school safety all tie in to a need to improve on a positive school culture, but the greatest emphasis for this year needs to be placed on school connectedness and the students' social/emotional well-being due to the current health crisis and global pandemic which has restricted access and in-person connectedness.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was the ability to hire campus supervisors to help monitor the campus throughout the day and improve school safety and culture. The allotted amount was \$15000, but the process was delayed and extra hours/persons were not able to begin working until after January 2020. Planned assemblies for the Spring were also disrupted due to the COVID-19 pandemic.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the lack of student data from this past year, it is difficult to gauge improvements and needs for this upcoming year as students have been adjusting to a new learning environment since March 2020. Many of the same strategies and activities still apply, but will need to be modified or adjusted to meet the needs of students in virtual setting or support them in their home environment during Distance Learning. The school will continue to explore intentional ways to increase school connectivity while at a Distance Learning model.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children
 To increase volunteer opportunities so parents can assist in the classroom and on campus

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
English Learner Parent Needs Survey	2020-2021 will be the baseline for this data as the Needs survey was unable to be completed due to COVID-19 Pandemic and school closures.	2020-2021 will be the baseline for this data.
Average attendance at ELAC Meetings	An average of 38 parents attended ELAC Meetings.	Attendance will increase by 15% at ELAC Meetings this year.
Coffee with the Principal	An average of 20 people attended Coffee with the Principal	Attendance will increase by 15% at Coffee with the Principal this year.
Parent attendance at Back to School Night	568 or 55% of parents attended Back to School Night	Attendance will increase by 10% for Virtual Back to School Night

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their students' growth. Parents attended various school events such as Dia De Los Muertos, Parent/Teacher conferences and Welcome Back events/orientations. Dia De Los Muertos was a very popular event with over 600 people that attended and participated in (via work submission and displays). School meetings times were adjusted to meet the needs of families and the numbers increased from previous years (Coffee with the Principal and ELAC). ELAC numbers from 18-19 averaged 15 parents. In 19-20 it was 38. Though the numbers did increase, the meetings typically consist of the same participants so more outreach is needed to garner a more diverse group of parents at the various meetings. There is a need to explore more volunteer opportunities on campus to have parents participate in the academic portion of their child's growth and create a community feeling around campus.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

More expenditures need to be budgeted for parents to participate in the IEP process for students with special needs and SST process for students who are being monitored to see academic growth. Due to COVID-19, the budget expenditures for this year may not actually equal the amounts of last year as the process for gathering the IEP team has been different in a virtual setting as opposed to in-person teaching.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There are no changes to the goal itself this year. Some actions will need to be modified due to the current Distance Learning model and the COVID-19 health guidelines. Kinder Orientation, Back To School Night, and Parent conferences were all modified to a virtual setting. Coffee with the Principal (Action 14) and ELAC meetings were moved online and times were adjusted to work around the current distance learning schedule for families to participate and still have time to help their students at home. The data will be difficult to compare from last year as many of the meetings have moved to a virtual setting. Data will be compared from the previous year with the understanding that the reliability is not completely accurate or a fair assessment of parent involvement metrics from previous years.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Tyler Higa	Principal
Tony Naranjo	Other School Staff
Jessica Vizents	Classroom Teacher
Kim Evans	Classroom Teacher
Suzanne Meckstroth	Classroom Teacher
Maritza Perez-Gutierrez	Parent or Community Member
Rogelia Ruvalcaba	Parent or Community Member
Jeralyn Negri	Parent or Community Member
Louis Johnson	Parent or Community Member
Heather Guilin	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10-12-20.

Attested:

Principal, Tyler Higa on 10/14/19

SSC Chairperson, Jeralyn Negri on 10/14/19

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
